

§ 115C-318. Liability insurance for nonteaching public school personnel.

The State Board of Education shall provide funds for liability insurance for nonteaching public school personnel to the extent that such personnel's salaries are funded by the State. The insurance shall cover claims made for injury liability and property damage liability on account of an act done or an omission made in the course of the employee's duties. As provided by law or the rules and policies of the State Board of Education or the local school administrative unit, the State Board of Education shall comply with the State's laws in securing the insurance and shall provide it at the earliest possible date for the 1982-83 school year. Nothing in this section shall prevent the State Board from furnishing the same liability insurance protection for nonteaching public school personnel not supported by State funds, provided that the cost of the protection shall be funded from the same source that supports the salaries of these employees.
