

§ 160A-335. Discontinuance of service and transfer of facilities by secondary supplier.

A secondary supplier may voluntarily discontinue its service to any premises and remove any of its electric facilities located inside the corporate limits of a city or sell and transfer such facilities to a primary supplier in such city, subject to approval by the North Carolina Utilities Commission, if the Commission determines that the public interest will not thereby be adversely affected. (1965, c. 287, s. 1; 1971, c. 698, s. 1.)
