

§ 160D-907. Family care homes.

(a) The General Assembly finds it is the public policy of this State to provide persons with disabilities with the opportunity to live in a normal residential environment.

(b) As used in this section, the following definitions apply:

- (1) Family care home. – A home with support and supervisory personnel that provides room and board, personal care, and habilitation services in a family environment for not more than six resident persons with disabilities.
- (2) Person with disabilities. – A person with a temporary or permanent physical, emotional, or mental disability, including, but not limited to, an intellectual or other developmental disability, cerebral palsy, epilepsy, autism, hearing and sight impairments, emotional disturbances, and orthopedic impairments but not including persons with a mental illness who are dangerous to others as defined in G.S. 122C-3(11)b.

(c) A family care home is deemed a residential use of property for zoning purposes and is a permissible use in all residential districts. No local government shall require that a family care home, its owner, or operator obtain, because of the use, a special use permit or variance from any such zoning regulation; however, a local government may prohibit a family care home from being located within a one-half mile radius of an existing family care home.

(d) A family care home is deemed a residential use of property for the purposes of determining charges or assessments imposed by local governments or businesses for water, sewer, power, telephone service, cable television, garbage and trash collection, repairs or improvements to roads, streets, and sidewalks, and other services, utilities, and improvements.
