(c) Any such order of the Commission shall specify the purposes for which any such securities or the proceeds thereof may be used by the public utility making such application.

(d) If a public utility shall apply to the Commission for the refinancing of its outstanding shares of stock by exchanging or redeeming such outstanding shares, the exchange or redemption of such shares of any dividend rate or rates, class or classes, may be made in whole or in part, in the manner and to the extent approved by the Commission, notwithstanding any provisions of law applicable to corporations in general: Provided, that the proposed transactions are found by the Commission to be in the public interest and in the interest of consumers and investors, and provided that any redemption shall be at a price or prices, not less than par, and at a time or times, stated or provided for in the utility's charter or stock certificates.
