

Article 2.

Public Hospitals.

Part 1. Municipal Hospitals.

§ 131E-5. Title and purpose.

(a) This Part shall be known and may be cited as the "Municipal Hospital Act."

(b) The purpose of this Part is to authorize municipalities to construct, operate and maintain hospitals and other facilities which furnish hospital, clinical and similar services to the people of this State. It is also the purpose of this Part to authorize municipalities to cooperate with other public and private agencies and with each other. Additionally, it is the purpose of this Part to authorize municipalities to accept assistance from State and federal agencies and from other sources.

(c) This Part provides an additional and alternative method for municipalities to establish facilities that furnish hospital, clinical and similar services. This Part shall not be regarded as repealing any powers now existing under any other law, either general, special or local.

(d) This Part shall be construed liberally to effect its purposes. (1983, c. 775, s. 1.)

§ 131E-6. Definitions.

As used in this Part, unless otherwise specified:

- (4a) "Hospital land" means air and ground rights to real property held either in fee or by lease by a municipality, with all easements, rights-of-way, appurtenances, landscaping, and physical amenities such as utilities, parking lots, and garages, but excluding other improvements to land described in subsection (4) of this section and G.S. 131E-16(15).

- (6) "Nonprofit association" or "nonprofit corporation" means any association or corporation from which no part of the net earnings inures or may lawfully inure to the benefit of a private shareholder or individual. (1983, c. 775, s. 1; 1997-233, s. 1; 2014-115, s. 56(a).)

§ 131E-7. General powers.

(a) A municipality shall have all the powers necessary or convenient to carry out the purposes of this Part, including the following powers, which are in addition to the powers granted elsewhere in this Part:

- (1) To construct, equip, operate, and maintain hospital facilities;
- (2) To levy property taxes pursuant to G.S. 153A-149 or G.S. 160A-209 and to allocate those and other revenues whose use is not otherwise restricted by law to fund hospital facilities; a hospital district may levy annually a tax on property having a situs in the district under the rules and according to the procedures prescribed in the Machinery Act, Chapter 105 of the General Statutes, Subchapter II, and a hospital district may allocate those and other revenues whose use is not otherwise restricted by law to fund hospital

facilities;

- (3) To issue bonds and notes pursuant to the Local Government Finance Act, Chapter 159 of the General Statutes, for the financing of hospital facilities;
- (4) To use property owned or controlled by the municipality;
- (5) To acquire real or personal property, including existing hospital facilities, by purchase, grant, gift, devise, lease, condemnation, or otherwise;
- (6) To establish a fee schedule for services received from hospital facilities and to make services available regardless of ability to pay.

(b) A municipality or a public hospital may contract with or enter into any arrangement with other public hospitals or municipalities of this or other states, the State of North Carolina, federal, or public agencies, or with any person, private organization, or nonprofit corporation or association for the provision of health care. The municipality or public hospital may pay for or contribute its share of the cost of any such contract or arrangement from revenues available for these purposes, including revenues rising from the provision of health care.

(c) Any two or more municipalities may enter into agreements to jointly exercise the powers, privileges, and authorities granted by this Part. These agreements may provide for:

- (1) The appointment of a board, composed of representatives of the parties to the agreement, to supervise and manage a hospital facility;
- (2) The authority and duties of the board and the compensation of its members;
- (3) The proportional share of the costs of acquisition, construction, improvement, maintenance, or operation of hospital facilities;
- (4) The duration, amendment, and termination of the agreement and the disposition of property on termination of the agreement; and
- (5) Any other matters as necessary.

(d) A municipality may lease any hospital facility, or part, to a nonprofit association on terms and conditions consistent with the purposes of this Part. The municipality will determine the length of the lease. No lease executed under this subsection shall be deemed to convey a freehold interest.

(e) A municipality shall not sell nor convey any rights of ownership the municipality has in any hospital facility, including the buildings, land and equipment associated with the hospital, to any corporation or other business entity operated for profit, except that nothing herein shall prohibit the sale of surplus buildings, surplus land or surplus equipment by a municipality to any corporation or other business entity operated for profit.

A municipality may lease any hospital facility, or part, to any corporation, foreign or domestic, authorized to do business in North Carolina on terms and conditions consistent with the purposes of this Part and with G.S. 160A-272. The municipality shall determine the length of the lease; however, no lease under this subsection shall be longer than 10 years, including options to renew or extend the original term of the lease, except that leases of surplus buildings, surplus land or surplus equipment may be for any length of time determined by the municipality. The lease shall provide that the hospital facility will be operated as a community general hospital open to the general public and that the lessee will accept Medicare and Medicaid patients. No lease executed under this subsection shall be deemed to convey a freehold interest. No bonds, notes nor other evidences of indebtedness shall be issued by a municipality to finance equipment for or the acquisition, extension, construction, reconstruction, improvement, enlargement, or betterment of any hospital facility when the facility is leased to a corporation, foreign or domestic, authorized to do business in North Carolina.

For purposes of this subsection, "surplus" means any building, land or equipment which is not required for use in the delivery of necessary health care services by a hospital facility at the time of the sale, conveyance of ownership rights, or lease.

This subsection shall not be construed to affect any pending litigation nor to reflect any legislative intent as to any prior authorized or executed agreements. This subsection shall be effective from January 1, 1984 until June 30, 1984.

(f) In addition to the general and special powers conferred by this Part, a municipality is authorized to exercise powers necessary to implement the powers under this Part. (1983, c. 775, s. 1; 1993, c. 529, s. 5.3; 1995, c. 509, s. 71.)

§ 131E-7.1. Public hospitals' managed care development authorized.

A public hospital as defined in G.S. 159-39(a) may acquire an ownership interest, in whole or in part, in a nonprofit or for-profit managed care company, including a health maintenance organization, physician hospital organization, physician organization, management services organization, or preferred provider organization with which the public hospital is also directly or indirectly a contracting provider. Ownership interest may be evidenced by the ownership or acquired by the purchase of stock. This ownership or acquisition of stock is the exercise of a health care function and is not the investment of idle funds within the meaning of G.S. 159-30 and G.S.159-39(g). (1995 (Reg. Sess., 1996), c. 713, s. 1.)

§ 131E-8. Sale of hospital facilities to nonprofit corporations.

(a) A municipality as defined in G.S. 131E-6(5) or hospital authority as defined in G.S. 131E-16(14), upon such terms and conditions as it deems wise, with or without monetary consideration, may sell or convey to a nonprofit corporation organized under Chapter 55A of the General Statutes any rights of ownership the municipality or hospital authority has in a hospital facility including the building, land and equipment associated with the hospital, if the nonprofit corporation is legally committed to continue to operate the facility as a community general hospital open to the general public, free of discrimination based upon race, creed, color, sex or national origin. The nonprofit corporation shall also agree, as a condition of the municipality or hospital authority's conveying ownership, to provide such services to indigent patients as the municipality or hospital authority and the nonprofit corporation shall agree. The nonprofit corporation shall further agree that should it fail to operate the facility as a community general hospital open to the general public or should the nonprofit corporation dissolve without a successor nonprofit corporation to carry out the terms and conditions of the agreement of conveyance, all ownership rights in the hospital facility, including the building, land and equipment associated with the hospital, shall revert to the municipality or hospital authority or successor entity originally conveying the hospital.

(b) When either general obligation bonds or revenue bonds issued for the benefit of the hospital to be conveyed are outstanding at the time of sale or conveyance, then the nonprofit corporation must agree to the following:

By the effective date of sale or conveyance, the nonprofit corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds

then outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The nonprofit corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section. A hospital which has placed funds in escrow to retire outstanding general obligation or revenue bonds, as provided in this section, shall not be considered a public hospital, and G.S. 159-39(a)(3) shall be inapplicable to such hospitals.

(c) Any sale or conveyance under this section must be approved by the municipality or hospital authority by a resolution adopted at a regular meeting of the governing body on 10 days' public notice. Notice shall be given by publication describing the hospital facility to be conveyed, the proposed monetary consideration or lack thereof, and the governing body's intent to authorize the sale or conveyance.

(d) Neither G.S. 153A-176 nor Article 12 of Chapter 160A of the General Statutes shall apply to sales or conveyances pursuant to this section.

(e) A sale or conveyance of substantially all the equipment is a sale or conveyance of hospital facility. (1983, c. 775, s. 1; 1989, c. 444.)

§ 131E-8.1. Maintenance of Health Education Facilities.

(a) This section shall apply to all sales and leases of a hospital facility by a municipality or hospital authority where any portion of the facility was constructed with a capital grant from the Area Health Education Centers Program (AHEC).

(b) The municipality or hospital authority shall give specific notice of intent to sell or lease and of any public hearing to the Director of the local AHEC program and the Director of the AHEC Program at the University of North Carolina School of Medicine at Chapel Hill.

(c) The municipality or hospital authority may provide continued access to the identical or equivalent facilities suitable for continuation of AHEC activities, including all services being provided under the existing operating contract. The municipality or hospital authority may convey all ownership rights in the hospital facility, or any part thereof, to the local AHEC Program without monetary consideration. Further, the municipality or hospital authority may reimburse the local AHEC Program for any funds used for the original construction of any office for AHEC provided by AHEC to establish or continue the hospital facility.

(d) No portion of this section shall be construed to alter rights or obligations of the operating contracts between the hospital facility and AHEC. (1983 (Reg. Sess., 1984), c. 1056, s. 1; 1985 (Reg. Sess., 1986), c. 995.)

§ 131E-9. Governing authority of hospital facilities.

(a) The governing body of a municipality may establish by resolution an office, board, or other municipal agency to plan, establish, construct, maintain, or operate a hospital facility. The resolution shall prescribe the powers, duties, compensation, and tenure of the members of the governing authority. The municipality shall remain responsible for the expenses of planning, establishment, construction, maintenance and operation of the hospital facilities.

(b) (1) The county board of commissioners of a county may establish by resolution a county hospital authority to plan, establish, construct, maintain, or operate a hospital facility. The authority shall be referred to as "_____ County Hospital Authority."

(2) The county hospital authority shall consist of six appointed members and one ex officio member.

- (3) The appointed members of the authority shall be appointed by the county board of commissioners. All appointed members shall be residents of the county. Three of the members shall be residents of a city in the county and the remaining three members shall not be residents of the same city or cities in which the other three members appointed under this subdivision reside.
- (4) For the initial appointments to the county hospital authority, two of the members shall be appointed for a term of three years, two for a term of four years, and two for a term of five years to achieve staggered terms. All subsequent appointments shall be for five-year terms.
- (5) The ex officio member of the county hospital authority shall be a member of the county board of commissioners. The ex officio member's term on the hospital authority shall be commensurate with his or her term as a member of the county board of commissioners.
- (6) When any member of the county hospital authority resigns or is removed from office before the expiration of the member's term, the county board of commissioners shall appoint a person to serve the unexpired portion of the term.

(c) Any authority vested in a county under this Part or any authority or power that may be exercised by a hospital authority under the Hospital Authorities Act, Chapter 131E, Article 2, Part B, may be vested by resolution of the county board of commissioners in a county hospital authority established under this section. However, a county hospital authority shall exercise only the powers and duties prescribed in the county board of commissioners' resolution. The county board of commissioners shall determine in the resolution the compensation, traveling and any other expenses which shall be paid to each member of the county hospital authority. However, the expenses to plan, establish, construct and operate the hospital facility shall remain the responsibility of the county. (1983, c. 775, s. 1.)

§ 131E-10. Condemnation.

Every municipality is authorized to condemn property to carry out the purposes of this Part. In condemning property, a municipality shall proceed in the manner provided in Chapter 40A of the General Statutes or in the charter of the municipality. A municipality or its agents is authorized to enter upon land, provided no unnecessary damage is done, to make surveys and examinations relative to any condemnation proceeding. Notwithstanding the provisions of any other statute or of any applicable municipal charter, the municipality may take possession of property to be condemned at any time after the commencement of the condemnation proceeding. The municipality shall not be precluded from abandonment of the condemnation of property in any case where possession has not taken place. (1983, c. 775, s. 1.)

§ 131E-11. Federal and State aid.

Every municipality or nonprofit association is authorized to accept and disburse federal and State moneys, whether made available by grant, loan, gift or devise, to carry out the purposes of this Part. All federal moneys shall be accepted and disbursed upon the terms and conditions prescribed by the United States, if the terms and conditions are consistent with State law. All State moneys shall be accepted and disbursed upon the terms and conditions prescribed by either or both the State and the North Carolina Medical Care Commission. Unless the terms and conditions provide otherwise, the chief financial officer of the municipality shall deposit all

moneys received under this section and keep them in separate trust funds. (1983, c. 775, s. 1.)

§ 131E-12. Public purposes.

The exercise of the powers, privileges, and authorities conferred on municipalities by this Part are public and government functions, exercised for a public purpose and matters of public necessity. In the case of a county, the exercise of the powers, privileges and authorities conferred by this Part is a county function and purpose, as well as a public and governmental function. In the case of any municipality other than a county, the exercise of the powers, privileges, and authorities conferred by this Part is a municipal function and purpose, as well as a public and governmental function. (1983, c. 775, s. 1.)

§ 131E-13. Lease or sale of hospital facilities to or from for-profit or nonprofit corporations or other business entities by municipalities and hospital authorities.

(a) A municipality or hospital authority as defined in G.S. 131E-16(14), may lease, sell, or convey any hospital facility, or part, to a corporation, foreign or domestic, authorized to do business in North Carolina, subject to these conditions, which shall be included in the lease, agreement of sale, or agreement of conveyance:

- (1) The corporation shall continue to provide the same or similar clinical hospital services to its patients in medical-surgery, obstetrics, pediatrics, outpatient and emergency treatment, including emergency services for the indigent, that the hospital facility provided prior to the lease, sale, or conveyance. These services may be terminated only as prescribed by Certificate of Need Law prescribed in Article 9 of Chapter 131E of the General Statutes, or, if Certificate of Need Law is inapplicable, by review procedure designed to guarantee public participation pursuant to rules adopted by the Secretary of the Department of Health and Human Services.
- (2) The corporation shall ensure that indigent care is available to the population of the municipality or area served by the hospital authority at levels related to need, as previously demonstrated and determined mutually by the municipality or hospital authority and the corporation.
- (3) The corporation shall not enact financial admission policies that have the effect of denying essential medical services or treatment solely because of a patient's immediate inability to pay for the services or treatment.
- (4) The corporation shall ensure that admission to and services of the facility are available to beneficiaries of governmental reimbursement programs (Medicaid/Medicare) without discrimination or preference because they are beneficiaries of those programs.
- (5) The corporation shall prepare an annual report that shows compliance with the requirements of the lease, sale, or conveyance.

The corporation shall further agree that if it fails to substantially comply with these conditions, or if it fails to operate the facility as a community general hospital open to the general public and free of discrimination based on race, creed, color, sex, or national origin unless relieved of this responsibility by operation of law, or if the corporation dissolves without a successor corporation to carry out the terms and conditions of the lease, agreement of sale, or agreement of conveyance, all ownership or other rights in the hospital facility, including the

building, land and equipment associated with the hospital, shall revert to the municipality or hospital authority or successor entity originally conveying the hospital; provided that any building, land, or equipment associated with the hospital facility that the corporation has constructed or acquired since the sale may revert only upon payment to the corporation of a sum equal to the cost less depreciation of the building, land, or equipment.

This section shall not apply to leases, sales, or conveyances of nonmedical services or commercial activities, including the gift shop, cafeteria, the flower shop, or to surplus hospital property that is not required in the delivery of necessary hospital services at the time of the lease, sale, or conveyance.

(b) In the case of a sale or conveyance, if either general obligation bonds or revenue bonds issued for the benefit of the hospital to be conveyed are outstanding at the time of sale or conveyance, then the corporation shall agree to the following:

By the effective date of sale or conveyance, the corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds then outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section. A hospital which has placed funds in escrow to retire outstanding general obligation or revenue bonds, as provided in this section, shall not be considered a public hospital, and G.S. 159-39(a)(3) shall be inapplicable to such hospitals.

No bonds, notes or other evidences of indebtedness shall be issued by a municipality or hospital authority to finance equipment for or the acquisition, extension, construction, reconstruction, improvement, enlargement, or betterment of any hospital facility if the facility has been sold or conveyed to a corporation, foreign or domestic, authorized to do business in North Carolina.

(c) In the case of a lease, the municipality or hospital authority shall determine the length of the lease. No lease executed under this section shall be deemed to convey a freehold interest. Any sublease or assignment of the lease shall be subject to the conditions prescribed by this section. If the term of the lease is more than 10 years, and either general obligation bonds or revenue bonds issued for the benefit of the hospital to be leased are outstanding at the time of the lease, then the corporation shall agree to the following:

By the effective date of the lease, the corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds then outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section.

No bonds, notes or other evidences of indebtedness shall be issued by a municipality or hospital authority to finance equipment for or the acquisition, extension, construction, reconstruction, improvement, enlargement, or betterment of any hospital facility when the

facility is leased to a corporation, foreign or domestic, authorized to do business in North Carolina.

(d) The municipality or hospital authority shall comply with the following procedures before leasing, selling, or conveying a hospital facility, or part thereof:

- (1) The municipality or hospital authority shall first adopt a resolution declaring its intent to sell, lease, or convey the hospital facility at a regular meeting on 10 days' public notice. Notice shall be given by publication in one or more papers of general circulation in the affected area describing the intent to lease, sell, or convey the hospital facility involved, known potential buyers or lessees, a solicitation of additional interested buyers or lessees and intent to negotiate the terms of the lease or sale. Specific notice, given by certified mail, shall be given to the local office of each state-supported program that has made a capital expenditure in the hospital facility, to the Department of Health and Human Services, and to the Office of State Budget and Management.
- (2) At the meeting to adopt a resolution of intent, the municipality or hospital authority shall request proposals for lease or purchase by direct solicitation of at least five prospective lessees or buyers. The solicitation shall include a copy of G.S. 131E-13.
- (3) The municipality or hospital authority shall conduct a public hearing on the resolution of intent not less than 15 days after its adoption. Notice of the public hearing shall be given by publication at least 15 days before the hearing. All interested persons shall be heard at the public hearing.
- (4) Before considering any proposal to lease or purchase, the municipality or hospital authority shall require information on charges, services, and indigent care at similar facilities owned or operated by the proposed lessee or buyer.
- (5) Not less than 45 days after adopting a resolution of intent and not less than 30 days after conducting a public hearing on the resolution of intent, the municipality or hospital authority shall conduct a public hearing on proposals for lease or purchase that have been made. Notice of the public hearings shall be given by publication at least 10 days before the hearing. The notice shall state that copies of proposals for lease or purchase are available to the public.
- (6) The municipality or hospital authority shall make copies of the proposals to lease or purchase available to the public at least 10 days before the public hearing on the proposals.
- (7) Not less than 60 days after adopting a resolution of intent, the municipality or hospital authority at a regular meeting shall approve any lease, sale, or conveyance by a resolution. The municipality or hospital authority shall adopt this resolution only upon a finding that the lease, sale, or conveyance is in the public interest after considering whether the proposed lease, sale, or conveyance will meet the health-related needs of medically underserved groups, such as low income persons, racial and ethnic minorities, and handicapped persons. Notice of the regular meeting shall be given at least 10 days before the meeting and shall state that copies of the lease, sale, or conveyance proposed for approval are available.
- (8) At least 10 days before the regular meeting at which any lease, sale, or

conveyance is approved, the municipality or hospital authority shall make copies of the proposed contract available to the public.

(e) Notwithstanding the provisions of subsections (c) and (d) of this section or G.S. 131E-23, a hospital authority as defined in G.S. 131E-16(14) or a municipality may lease or sublease hospital land to a corporation or other business entity, whether for profit or not for profit, and may participate as an owner, joint venturer, or other equity participant with a corporation or other business entity for the development, construction, and operation of medical office buildings and other health care or hospital facilities, so long as the municipality, hospital authority, or other entity continues to maintain its primary community general hospital facilities as required by subsection (a) of this section.

(f) A municipality or hospital authority may permit or consent to the pledge of hospital land or leasehold estates in hospital land to facilitate the development, construction, and operation of medical office buildings and other health care or hospital facilities. A municipality or hospital authority also may, as lessee, enter into master leases or agreements to fund for temporary vacancies relating to hospital land or hospital facilities for use in the provision of health care.

(g) Neither G.S. 153A-176 nor Article 12 of Chapter 160A of the General Statutes shall apply to leases, subleases, sales, or conveyances under this Chapter.

(h) A municipality or hospital authority that has complied with the requirements of subdivisions (1) through (6) of subsection (d) of this section but has not, following good-faith negotiations, approved any lease, sale, or conveyance as required by subdivisions (7) and (8) of subsection (d) of this section may, not less than 120 days following the public hearing required by subdivision (5) of subsection (d) of this section, solicit additional prospective lessees or buyers not previously solicited as required by subdivision (2) of subsection (d) of this section and may approve any lease, sale, or conveyance without the necessity to repeat compliance with the requirements of subdivisions (1) through (6) of subsection (d) of this section, except for the following:

- (1) Before considering any proposal to lease or purchase the hospital facility or part thereof, the municipality or hospital authority shall require information on charges, services, and indigent care at similar facilities leased, owned, or operated by the proposed lessee or buyer.
- (2) The municipality or hospital authority shall declare its intent to approve any lease or sale in the manner authorized by this subsection at a regular or special meeting held on 10 days' public notice. Such notice shall state that copies of the lease, sale, or conveyance proposed for approval will be available 10 days prior to the regular or special meeting required by subdivision (3) of this subsection and that the lease, sale, or conveyance shall be considered for approval at a regular or special meeting not less than 10 days following the regular or special meeting required by this subsection. Notice shall be given by publication in one or more papers of general circulation in the affected area describing the intent to lease, sell, or convey the hospital facility involved and the potential buyer or lessee.
- (3) Not less than 10 days following the regular or special meeting required by subdivision (2) of this subsection, the municipality or hospital authority shall approve any lease, sale, or conveyance by a resolution at a regular or special meeting.

- (4) At least 10 days before the regular or special meeting at which any lease, sale, or conveyance is approved, the municipality or hospital authority shall make copies of the proposed contract available to the public. (1983 (Reg. Sess., 1984), c. 1066, s. 1; 1997-233, s. 2; 1997-443, s. 11A.118(a); 2000-140, s. 93.1(a); 2001-424, s. 12.2(b); 2015-288, s. 3.)

§ 131E-14. Lease or sale of hospital facilities to certain nonprofit corporations.

If a municipality or hospital authority leases, sells, or conveys a hospital facility, or part, to a nonprofit corporation of which a majority of voting members of its governing body is not appointed or controlled by the municipality or hospital authority, the procedural requirements set forth in G.S. 131E-13(d) shall apply. (1983 (Reg. Sess., 1984), c. 1066, s. 2.)

§ 131E-14.1. Branch facilities.

Notwithstanding anything in this Article, any municipality owning and operating a hospital organized under the provisions of this Part or Part 3 or any nonprofit corporation which leases or operates a hospital facility pursuant to an agreement with the municipality may erect, remodel, enlarge, purchase, finance, and operate branches and related facilities within this State but outside the boundaries of the county subject to the following limitations:

- (1) No moneys derived from the exercise by the owning municipality of its power of taxation shall be expended on facilities located outside its boundaries;
- (2) No moneys derived from the issuance by the owning municipality of its bonds or notes shall be expended on facilities located outside its boundaries;
- (3) The owning municipality shall not possess the power of eminent domain or have the right of condemnation with respect to hospital facilities located outside its boundaries; and
- (4) The power conferred on counties by G.S. 153A-169 and G.S. 153A-170 to adopt ordinances regulating the use of county-owned property and parking on county-owned property shall not extend to hospital facilities located outside its boundaries unless the board of commissioners of the county in which the facility is located shall by resolution permit any such ordinance to be applicable within its jurisdiction.
- (5), (6) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 676, s. 1. (1983, c. 578, s. 1; 1993 (Reg. Sess., 1994), c. 676, s. 1.)

§ 131E-14.2. Conflict of interest.

(a) No member of the board of directors or employee of a public hospital, as defined in G.S. 159-39(a), or that person's spouse shall do either of the following:

- (1) Acquire any interest, direct or indirect, in any hospital facility or in any property included or planned to be included in a hospital facility.
- (2) Have any direct interest in any contract or proposed contract for materials or services to be furnished or used in connection with any hospital facility, except an employment contract for an employee. This restriction shall not apply to any contract, undertaking, or other transaction with a bank or banking institution, savings and loan association or public utility in the regular course of its business provided that the contract, undertaking, or other transaction shall be authorized by the board by specific resolution on which no director having direct interest shall vote.

(b) The fact that a person or that person's spouse owns ten percent (10%) or less stock of a corporation or has a ten percent (10%) or less ownership in any other business entity or is an employee of that corporation or other business entity does not make the person have a "direct interest" as this phrase is used in subsection (a) of this section; provided that, in order for the exception to apply, the contract, undertaking, or other transaction shall be authorized by the board of directors by specific resolution on which no director or employee having an interest, direct or indirect, shall vote.

(c) If a member of the board of directors or an employee of a public hospital or that person's spouse owns or controls an interest, direct or indirect, in any property included or planned to be included in any hospital facility, the member of the board of directors or the employee shall immediately disclose the same in writing to the board and the disclosure shall be entered upon the minutes of the board. Failure to disclose shall constitute misconduct in office and shall be grounds for removal.

(c1) Subsection (a) of this section shall not apply if the director or employee is not involved in making or administering the contract. A director or employee is involved in administering a contract if the director or employee oversees the performance of or interprets the contract. A director or employee is involved in making a contract if the director or employee participates in the development of specifications or terms or in the preparation or award of the contract. A director or employee is not involved in making or administering a contract solely because of the performance of ministerial duties related to the contract. A director is also involved in making a contract if the board of directors takes action on the contract, whether or not the director actually participates in that action, unless the contract is approved under an exception to this section under which the director is allowed to benefit and is prohibited from voting.

(d) Subsection (a) of this section shall not apply to any member of the board of directors of a public hospital if (i) the undertaking or contract or series of undertakings or contracts between the public hospital and one of its officials is approved by specific resolution of the board adopted in an open and public meeting and recorded in its minutes; (ii) the official entering into the contract or undertaking with the public hospital does not in an official capacity participate in any way or vote; and (iii) the amount does not exceed twelve thousand five hundred dollars (\$12,500) for medically related services and twenty-five thousand dollars (\$25,000) for other goods or services within a 12-month period, or the contract is for medically related or administrative services that are provided by a director who serves on the board as an ex officio representative of the hospital medical staff pursuant to a hospital bylaw adopted prior to January 1, 2005, or that are provided by the spouse of that director.

(e) Subsection (a) of this section shall not apply to any employment relationship between a public hospital and the spouse of a member of the board of directors of the public hospital.

(f) A contract entered into in violation of this section is void. A contract that is void under this section may continue in effect until an alternative can be arranged when: (i) immediate termination would result in harm to the public health or welfare, and (ii) the continuation is approved as provided in this subsection. A public hospital that is a party to the contract may request approval to continue contracts under this subsection from the chairman of the Local Government Commission. Approval of continuation of contracts under this subsection shall be given for the minimum period necessary to protect the public health or welfare. (2001-409, s. 6; 2005-70, s. 1; 2006-264, s. 64(b).)

§ 131E-17. Creation of a hospital authority.

- (a) A hospital authority may be created whenever a city council or a county board of

commissioners finds and adopts a resolution finding that it is in the interest of the public health and welfare to create a hospital authority.

(c) The commissioners shall be a public body and a body corporate and politic upon the completion of the procedures described in G.S. 131E-19. (1943, c. 780, s. 4; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-18. Commissioners.

(a) The mayor or the chairman of the county board shall appoint the commissioners of the authority. There shall be not less than six and not more than 30 commissioners. Upon a finding that it is in the public interest, the commissioners may adopt a resolution increasing or decreasing the number of commissioners by a fixed number; Provided that no decrease in the number of commissioners shall shorten a commissioner's term. A certified copy of the resolution and a list of nominees shall be submitted to the mayor or the chairman of the county board of commissioners for appointments in accordance with the procedures set forth in subsection (d) of this section.

(b) For the initial appointments of commissioners, one-third of the commissioners shall be appointed for a term of one year, one-third for a term of two years, and one-third for a term of three years to achieve staggered terms. All subsequent appointments shall be for three-year terms. A commissioner shall hold office until a successor has been appointed and qualified. Vacancies from resignation or removal from office shall be filled for the unexpired portion of the term.

(c) The mayor or the chairman of the county board of commissioners shall name the first chair of the authority. Thereafter, the commissioners shall elect each subsequent chair from their members. The commissioners shall elect from their members the first vice-chair and all subsequent vice-chairs.

(d) When a commissioner resigns, is removed from office, completes a term of office, or when there is an increase in the number of commissioners, the remaining commissioners shall submit to the mayor or the chairman of the county board of commissioners a list of nominees for appointment to the commission. The mayor or the chairman of the county board of commissioners shall appoint, only from the nominees, the number of commissioners necessary to fill all vacancies. However, the mayor or the chairman of the county board of commissioners may require the commissioners to submit as many additional lists of nominees as he or she may desire.

(e) The mayor shall file with the city clerk, or the chairman of the county board of commissioners shall file with the county clerk, a certificate of appointment or reappointment of a commissioner. The certificate shall be conclusive evidence of the due and proper appointment of the commissioner.

(f) Commissioners shall receive no compensation for their services, but they shall be entitled to reimbursement for necessary expenses, including travel expenses, incurred in the discharge of their duties.

(g) For a county with a population of less than 75,000, according to the most recent decennial federal census, the following exceptions to the provisions of this section shall apply:

(1) The commissioners shall be appointed by the county board of commissioners

- rather than the chairman of the county board of commissioners;
- (2) In making appointments under subsection (d) of this section, the county board of commissioners shall consider the nominations of the commissioners of the authority, but the county board of the commissioners is not bound by the nominations and may choose any qualified person.

The foregoing exceptions shall not apply when a county with a population of less than 75,000 jointly establishes a hospital authority with a city.

(h) A majority of the commissioners shall constitute a quorum. (1943, c. 780, s. 5; 1971, c. 799; 1973, c. 792; 1981, c. 525, s. 1; 1983, c. 775, s. 1.)

§ 131E-19. Incorporation of a hospital authority.

(a) After the commissioners are appointed, they shall present to the Secretary of State an application for incorporation as a hospital authority. The application shall be signed by each of the commissioners and shall set forth:

- (1) That the city council or the county board of commissioners has found that it is in the interest of the public health and welfare to create a hospital authority;
- (2) That the mayor or the chairman of the county board of commissioners has appointed them as commissioners;
- (3) The name and official residence of each of the commissioners;
- (4) A certified copy of the appointment evidencing the commissioners' right to office, and the date and place of induction into and taking of office;
- (5) That they desire the hospital authority to become a public body and a body corporate and politic under this Part;
- (6) The term of office of each of the commissioners;
- (7) The name which is proposed for the corporation; and
- (8) The location and principal office of the corporation.

The application shall be subscribed and sworn to by each of the commissioners before an officer authorized by the laws of this State to take and certify oaths. This officer shall certify upon the application that he or she personally knows the commissioners and knows them to be the officers as asserted in the application, and that each subscribed to the application and took the oath in the officer's presence.

(b) The Secretary of State shall examine the application. If he or she finds that the name proposed for the corporation is not identical with that of a person or of any other corporation in this State or so nearly similar so as to lead to confusion and uncertainty, the application shall be filed and recorded in the appropriate book of record in the Secretary of State's office. The Secretary of State shall then make and issue to the commissioners a certificate of incorporation pursuant to this Part, under the Seal of the State, and shall record the certificate with the application.

(c) A hospital authority's name or the location or principal office of the corporation may be changed by the adoption of a resolution by the majority of the authority's commissioners. A copy of the resolution, duly verified by the chair and secretary of the commission before an officer authorized by the laws of this State to take and certify oaths, shall be delivered to the Secretary of State, along with a conformed copy. If the Secretary of State finds that the proposed name is not identical with that of a person or any corporation of this State, or so nearly similar as to lead to confusion and uncertainty, the resolution shall be filed and recorded in the appropriate book of record in the Secretary of State's office. A resolution changing the location or principal

office of the hospital authority shall be filed and recorded in the appropriate book of record in the Secretary of State's office. The Secretary of State shall then return to the authority the conformed copy, together with a certificate stating that the attached copy is a true copy of the document in the Secretary of State's office, that shows the date of filing.

(d) In any legal proceeding, a copy of the certificate of incorporation, certified by the Secretary of State, shall be admissible in evidence and shall be conclusive proof of its filing and contents and the incorporation of the hospital authority in accordance with this Part. (1943, c. 780, s. 4; 1966, c. 988, s. 1; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-20. Boundaries of the authority.

(a) The territorial boundaries of a hospital authority shall include the city or county creating the authority and the area within 10 miles from the territorial boundaries of that city or county. However, a hospital authority may engage in health care activities in a county outside its territorial boundaries pursuant to:

- (1) An agreement with a hospital facility if only one hospital currently exists in that county;
- (2) An agreement with any hospital if more than one hospital currently exists in that county; or
- (3) An agreement with any health care agency if no hospital currently exists in that county.

In no event shall the territorial boundaries of a hospital authority include, in whole or in part, the area of any previously existing hospital authority. All priorities shall be determined on the basis of the time of issuance of the certificates of incorporation by the Secretary of State.

(b) After the creation of an authority, the subsequent existence within its territorial boundaries of more than one city or county shall in no way affect the territorial boundaries of the authority. (1943, c. 780, s. 4; 1971, c. 799; 1983, c. 775, s. 1; 1993, c. 529, s. 6.1.)

§ 131E-21. Conflict of interest.

(a) No commissioner or employee of the hospital authority or that person's spouse shall do either of the following:

- (1) Acquire any interest, direct or indirect, in any hospital facility or in any property included or planned to be included in a hospital facility.
- (2) Have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used in connection with any hospital facility, except an employment contract for an employee. The foregoing restriction shall not apply to any contract, undertaking, or other transaction with a bank or banking institution, savings and loan association or public utility in the regular course of its business; Provided that any such contract, undertaking, or other transaction shall be authorized by the commissioners by specific resolution on which no commissioner having an interest, direct or indirect, shall vote.

(b) The fact that a person or that person's spouse owns ten percent (10%) or less stock of a corporation or has a ten percent (10%) or less ownership in any other business entity or is an employee of that corporation or other business entity does not make the person have an "interest, direct or indirect" as this phrase is used in subsection (a) of this section; provided that, in order for the exception to apply, the contract, undertaking or other transaction shall be authorized by

the commissioners by specific resolution on which no commissioner or employee having an interest, direct or indirect, shall vote.

(c) If a commissioner or employee of an authority or that person's spouse owns or controls an interest, direct or indirect, in any property included or planned to be included in any hospital facility, the commissioner or employee shall immediately disclose the same in writing to the authority and the disclosure shall be entered upon the minutes of the authority. Failure to disclose shall constitute misconduct in office and shall be grounds for a commissioner's removal from office under G.S. 131E-22.

(d) Subsection (a) of this section shall not apply to any commissioner of a hospital authority if (i) the undertaking or contract or series of undertakings or contracts between the hospital authority and one of its officials is approved by specific resolution of the governing body adopted in an open and public meeting and recorded in its minutes and the amount does not exceed twelve thousand five hundred dollars (\$12,500) for medically related services and twenty-five thousand dollars (\$25,000) for other goods or services within a 12-month period; and (ii) the official entering into the contract or undertaking with the hospital authority does not in an official capacity participate in any way or vote.

(e) Subsection (a) of this section shall not apply to any employment relationship between a hospital authority and the spouse of a commissioner of the hospital authority.

(f) A contract entered into in violation of this section is void. A contract that is void under this section may continue in effect until an alternative can be arranged when: (i) immediate termination would result in harm to the public health or welfare, and (ii) the continuation is approved as provided in this subsection. A hospital authority that is a party to the contract may request approval to continue contracts under this subsection from the chairman of the Local Government Commission. Approval of continuation of contracts under this subsection shall be given for the minimum period necessary to protect the public health or welfare. (1943, c. 780, s. 7; 1971, c. 749; 1983, c. 775, s. 1; 1983 (Reg. Sess., 1984), c. 1058, s. 1; 2001-409, s. 7.)

§ 131E-22. Removal of commissioners.

(a) The appointing authority, as stated in G.S. 131E-18, may remove a commissioner for inefficiency, neglect of duty, or misconduct in office. A commissioner may be removed only after he or she has been given a copy of the charges and provided the opportunity to be heard in person or by counsel. A commissioner is entitled to at least 10 days after receipt of the notice to prepare for a hearing before the mayor or the chairman of the county.

(b) An obligee of the authority may file with the mayor or the chairman of the county board of commissioners written charges that the authority is willfully violating the laws of the State or a term, provision, or covenant to any contract to which the authority is a party. The mayor or the chairman of the county board of commissioners shall give each of the commissioners a copy of the charges at least 10 days prior to the hearing on the charges. The commissioners shall be provided an opportunity to be heard in person or by counsel. The mayor or the chairman of the county board of commissioners shall, within 15 days after receipt of the charges, remove any commissioners of the authority who are found to have acquiesced in any willful violation. If a commissioner has not filed a written statement before the hearing with the authority stating his or her objections to or lack of participation in the violation, the commissioner shall be deemed to have acquiesced in a willful violation.

(c) If, after due and diligent search, a commissioner to whom charges are required to be

delivered cannot be found within the county where the authority is located, the charges shall be deemed to be served upon the commissioner when it is mailed to the commissioner at the commissioner's last known address as the same appears on the records of the authority.

(d) In the event of the removal of any commissioner, the mayor shall file in the office of the city clerk, or the chairman of the county board of commissioners shall file with the county clerk, a record of the proceedings together with the charges against the commissioner and the findings. (1943, c. 780, s. 8; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-23. Powers of the authority.

(a) An authority shall have all powers necessary or convenient to carry out the purposes of this Part, including the following powers, which are in addition to those powers granted elsewhere in this Part:

- (1) To investigate hospital, medical, and health conditions and the means of improving those conditions;

The authority may provide for the lessee to use, operate, manage and control the hospital facilities, and to exercise designated powers, in the same manner as the authority itself might do;

§ 131E-24. Eminent domain.

(a) A hospital authority may acquire by eminent domain any real property, including fixtures and improvements, which it deems necessary to carry out the purposes of this Part. All hospital facilities of the authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the hospital facility is situated. (1943, c. 780, s. 11; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-26. Revenue bonds and notes.

(a) A hospital authority shall have the power to issue revenue bonds under the Local Government Revenue Bond Act, Chapter 159 of the General Statutes, Article 5, or the bond and revenue anticipation provisions of Chapter 159 of the General Statutes, Article 9, for the purpose of acquiring, constructing, reconstructing, improving, enlarging, bettering, equipping, extending or operating hospital facilities.

(b) A hospital authority shall have the power to borrow for the purposes above enumerated upon its notes or other evidences of indebtedness, subject to the approval of the Local Government Commission as provided in G.S. 131E-32(c). Such approval shall be required regardless of the amount of any such borrowing. Any borrowing by a hospital authority before the date of ratification of Part 2 of Article 2 of this Chapter, whether or not approved by the Local Government Commission, is valid, ratified and confirmed. (1983, c. 775, s. 1.)

§ 131E-27. Contracts with federal government.

A hospital authority is authorized:

- (1) To borrow money and accept grants from the federal government for or to aid in the construction of a hospital facility;
- (2) To acquire any land acquired by the federal government for the construction of a hospital facility; and
- (3) To acquire, lease or manage any hospital facility constructed or owned by the federal government.

To these ends, a hospital authority is authorized to enter into contracts, mortgages, trust indentures, leases or other agreements giving the federal government the right to supervise and approve the construction, maintenance and operation of the hospital facility. It is the purpose and intent of this Part to authorize every hospital authority to do any and all things necessary to secure the financial aid and cooperation of the federal government in the construction, maintenance, and operation of hospital facilities. (1943, c. 780, s. 19; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-28: Repealed by Session Laws 2016-5, s. 5.3(a), effective May 11, 2016.

§ 131E-29. Audits and recommendations.

Each hospital authority shall file with the mayor of the city or the chairman of the county board of commissioners at least annually an audit report by a certified public accountant of its activities for the preceding year, and shall make any recommendations necessary to carry out the

purposes of this Part. (1943, c. 780, s. 22; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-30. Appropriations.

Each year the governing body of a city or county in which the hospital authority is located may appropriate and transfer funds to the authority. The appropriations shall be from the General Fund and may not exceed five percent (5%) of the General Fund. Money appropriated and paid to the hospital authority by a city or county shall be deemed a necessary expense of the city or county. However, the appropriations shall not be deemed to be a revenue of the authority for the purpose of bonds of the hospital authority issued under the Local Government Revenue Bond Act, Chapter 159 of the General Statutes, Article 5. (1943, c. 780, s. 25; 1971, c. 780, s. 23; c. 799; 1983, c. 775, s. 1.)

§ 131E-31. Transfers of property by a city or county to a hospital authority.

(a) A city or county may lease, sell, convey, or otherwise transfer, with or without consideration or with nominal consideration, any property, whether real or personal or mixed, to a hospital authority whose territorial boundaries include at least part of the city or county. A hospital authority is authorized to accept such lease, transfer, assignment or conveyance and to bind itself to the performance and observation of any agreements and conditions required by the city or county.

(b) If a city or county sells, conveys, or otherwise irrevocably transfers to a hospital authority property with a market value in excess of two hundred fifty thousand dollars (\$250,000), and if the hospital authority accepts this property, the mayor of the city or the chairman of the county board of commissioners shall have the right to name additional commissioners to serve on the authority. The number of additional commissioners shall be such that the proportion of additional commissioners to existing commissioners is approximately equal to the proportion of the total value being transferred to the hospital authority to the total value of property already held by the authority. The determination of the ratios will be made solely by the governing body of the city or county transferring the property to the hospital authority; however, in no event shall fewer than two nor more than nine commissioners be added to the hospital authority. The total number of commissioners shall be increased by the number of commissioners added under this subsection. The times of commencement and expiration of the initial terms of the commissioners being added shall be determined by agreement between the hospital authority and the governing body of the city or county. After the expiration of the initial terms, subsequent terms will be three years. Copies of the agreement setting out the number of persons being added and the terms of each shall be filed with the clerk of the city or the clerk of the county board of commissioners making the transfer and, thereafter, copies of the reports referred to in G.S. 131E-29 shall be filed with the clerk of the city or the clerk of the county board of commissioners. (1943, c. 780, s. 26; 1961, c. 988, s. 2; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-32. Purchase money security interests.

(a) An authority shall have the power and authority to purchase real or personal property under installment contracts, purchase money mortgages or deeds of trust, or other instruments, which create in the property purchased a security interest to secure payment of the purchase price and interest thereon. No deficiency judgment may be rendered against any authority for breach of an obligation authorized by this section. Any contract made or entered into by an

authority before the date of ratification of Part 2 of Article 2 of this Chapter which would have been valid hereunder is valid, ratified and confirmed.

(b) A hospital authority may contract pursuant to this section in an amount of less than seven hundred fifty thousand dollars (\$750,000), adjusted, as hereinafter provided, in any single transaction without the approval of the Local Government Commission: Provided, however, that the approval of the Local Government Commission shall be required for any single contract pursuant to this section if the aggregate dollar amount of all such contracts outstanding after any such single transaction, exclusive of revenue bonds issued pursuant to G.S. 131E-26 and federal contracts entered pursuant to G.S. 131E-27, would exceed ten percent (10%) of the total operating revenues, as hereinafter defined, of the hospital authority for its most recently completed fiscal year as set forth in the audited financial statements of such authority for such fiscal year. The approval of the Local Government Commission shall be required with respect to any single contract pursuant to this section in an amount of seven hundred fifty thousand dollars (\$750,000) or more, adjusted as hereinafter provided.

(c) Approval of the Local Government Commission under this section or as required by G.S. 131E-26(b) shall be obtained in accordance with such rules and regulations as the Local Government Commission may prescribe and shall be evidenced by the secretary's certificate on the contract or note or other evidence of indebtedness. In determining whether to approve any such contract or borrowing, the Local Government Commission shall consider whether the hospital authority can demonstrate the financial responsibility and capability of the hospital authority to fulfill its obligations with respect to such contract or borrowing. The Local Government Commission may approve the application without other findings, if it finds that (i) the proposed project or the purpose of the borrowing is necessary and expedient, (ii) the contract or the borrowing, under the circumstances, is preferable to a bond issue for the same purpose, (iii) the sums to fall due under the contract or borrowing are adequate and not excessive for the proposed purpose, (iv) the authority's debt management procedures are good, or that reasonable assurances have been given that its debt will henceforth be managed in strict compliance with law and (v) the authority is not in default on any of its debt service obligations. Any contract or borrowing subject to this subsection requiring the approval of the Local Government Commission that does not bear the secretary's certificate thereon shall be void, and it shall be unlawful for any officer, employee or agent of a hospital authority to make any payments of money thereunder. An order of the Local Government Commission approving any such contract or borrowing shall not be regarded as an approval of the legality of the contract or borrowing in any respect.

(d) The seven hundred fifty thousand dollars (\$750,000) amount referred to in G.S. 131E-32(b) shall be in effect from July 15, 1983 through September 30, 1984. For each twelve-month period thereafter, the seven hundred fifty thousand dollar (\$750,000) amount shall be the figure in effect for the preceding twelve-month period, adjusted to reflect the change in the preceding twelve-month period in the Department of Commerce Composite Construction Cost Index.

(e) For purposes of G.S. 131E-32(b), the "total operating revenues" of a hospital authority for a fiscal year means patient revenue, less provisions for contractual adjustments, uncompensated care and bad debts, plus other operating revenues, all as determined in accordance with generally accepted accounting principles. (1983, c. 775, s. 1.)

§ 131E-33. Part controlling.

Insofar as the provisions of this Part are inconsistent with the provisions of any other law, the provisions of this Part shall be controlling; however this Part shall not be construed as preventing a city, town, or county from establishing and operating a hospital under the authority of any other law now or hereafter in effect. (1943, c. 780, s. 28; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-34: Repealed by Session Laws 2011-326, s. 17, effective June 27, 2011.

§§ 131E-35 through 131E-39. Reserved for future codification purposes.

Part 3. Hospital District Act.

§ 131E-40. Title and purpose.

- (a) This Part shall be known as the "Hospital District Act."
- (b) It is the purpose of this Part to authorize the creation of hospital districts to furnish hospital, clinical and similar services to the people of this State.
- (c) This Part provides an additional and alternative method for the provision of hospital, clinical and similar services.
- (d) This Part shall be construed liberally to effect its purposes. (1983, c. 775, s. 1.)

§ 131E-41. Methods of creation of a hospital district.

(a) The voters of an area may petition their county board of commissioners and the North Carolina Medical Care Commission for the creation of a hospital district. All of the area proposed to be included within a hospital district must be located within one county. The petition shall be signed by at least 500 voters of the area described in the petition. However, if the area has less than 1,100 voters, then the minimum number of petitioners shall be 250 voters. The petition shall set forth:

- (1) A description of the area to be included within the proposed hospital district;
- (2) The names of all municipalities located in whole or in part in the proposed hospital district;
- (3) The names of all publicly owned hospitals in the proposed hospital district;
- (4) The purpose or purposes sought to be accomplished by the creation of the hospital district; and
- (5) The proposed name of the hospital district.

The petition shall be delivered to the county board of commissioners of the county in which the proposed hospital district would be located. If the county board of commissioners approves the creation of the hospital district, they shall have the petition delivered to the North Carolina Medical Care Commission for review under G.S. 131E-42.

(b) In the alternative, the county board of commissioners, in its discretion, may create a hospital district by resolution. This authority exists only when one hospital district already exists in the county, or when a special tax levy for hospital purposes has been authorized or is now authorized with respect to a portion of the county. This power is limited to establishing a hospital district in the area lying outside the existing hospital district or outside the portion of the county in which a hospital tax levy has been or is now authorized. When a county board of commissioners exercises its power under this subsection, all other provisions of this Part shall be applicable, except as modified by this subsection. (1949, c. 766, s. 5; 1953, c. 1045, s. 1; 1959, cc. 877, 1074; 1971, c. 780, s. 37.4; 1973, c. 476, s. 152; c. 494, s. 45; c. 1090, s. 1; 1983, c. 775, s. 1.)

§ 131E-42. Hearing and determination.

(a) After receipt of a petition for the creation of a hospital district that meets the requirements of G.S. 131E-41(a) and that has been approved by the county board of commissioners, the North Carolina Medical Care Commission shall give notice of a hearing on the creation of a hospital district. The notice of hearing shall be posted at the county courthouse door and at three public places within the proposed district. In addition, notice of hearing shall be published at least once for three successive weeks in a newspaper circulating in the proposed district. The notice of hearing shall specify:

- (1) The date of hearing which shall not be earlier than 20 days after the first posting and publication of notice;
- (2) The location of the hearing, which shall be within the county in which the proposed district would be located; and
- (3) That any interested person may appear and be heard at the hearing.

(b) At the time and place specified in the notice of hearing, the North Carolina Medical Care Commission, or its designee, shall hear all interested persons, and, if necessary, adjourn and reconvene at a later time.

(c) After the hearing, the North Carolina Medical Care Commission shall determine if it is in the public interest and beneficial to the residents of the area to create a hospital district, and, if it is, shall adopt a resolution creating the hospital district. The resolution shall define the area to be included in the hospital district. The area shall either be the one described in the petition or a part of that area. However, no municipality, in whole or in part, shall be included in a hospital district unless the governing body of the municipality shall have approved by resolution the inclusion and shall have filed a certified copy of the resolution with the North Carolina Medical Care Commission.

(d) Each hospital district shall be designated by the North Carolina Medical Care Commission as the "_____ Hospital District of _____ County," inserting in the blank spaces a name identifying the locality and the name of the county.

(e) The North Carolina Medical Care Commission shall give notice of the creation of a hospital district. The notice shall be published at least once for two successive weeks in the newspaper in which the notice of hearing required by G.S. 131E-42(a) was published. A notice substantially in the following form, the blanks first being properly filled in, with the printed or written signature of the executive secretary of the North Carolina Medical Care Commission appended, shall be published with the resolution:

The foregoing resolution was passed by the North Carolina Medical Care Commission on the _____ day of _____, ____; it was first published on the _____ day of _____, _____.

Any action or proceeding questioning the validity of the resolution or creation of the _____ Hospital District of _____ County or the inclusion in the district of any of the areas described in the resolution must be commenced within thirty days after the first publication of this resolution.

Secretary
North Carolina Medical
Care Commission.

§ 131E-43. Limitation of actions.

Any action or proceeding in any court to set aside a resolution of the North Carolina Medical Care Commission creating any hospital district, or questioning the validity of the resolution, or the creation of any hospital district, or the inclusion in the district of any of the territory described in the resolution creating the district, must be commenced within 30 days after the first publication of the resolution and notice required by G.S. 131E-42(e). Thereafter, no right of action or defense founded upon the invalidity of a resolution or the creation of a district or the inclusion of any territory in the district shall be asserted, nor shall the validity of the resolution or the creation of the district or the inclusion of any territory be open to question in any court upon any ground, except in any action or proceeding commenced within the 30-day period. (1949, c. 766, s. 5; 1951, c. 805; 1953, c. 1045, s. 2; 1973, c. 476, s. 152; c. 1090, s. 1; 1983, c. 775, s. 1.)

§ 131E-44. General powers.

(a) The inhabitants of a hospital district are a body corporate and politic by the name specified by the North Carolina Medical Care Commission. Under that name they:

- (1) Are vested with all the property and rights of property belonging to any corporation;

§ 131E-45. County taxes.

The county board of commissioners may levy a tax for the financing of the operation, equipment, and maintenance of any hospital operated by the district, including any public or nonprofit hospital, if the tax is approved by a majority of the qualified voters of the hospital district who shall vote on the question of levying the tax. The county board of commissioners shall determine the rate or amount of taxes that will be levied if approved by the voters of the

district. The election on the question of levying the tax may be held at any time fixed by the county board of commissioners and shall be conducted in the same manner as bond elections held under G.S. 159-61. (1949, c. 766, s. 5; 1953, c. 1045, s. 6; 1983, c. 775, s. 1.)

§ 131E-46. Referendum on repeal of tax levy.

(a) The board of commissioners of the county in which a hospital district was created under the provisions of this Part may, if a tax levy was authorized by referendum under G.S. 131E-45, call a referendum on the repeal of the authority to levy a tax. Such referendum may be called only if there are no outstanding general obligation bonds of the district.

(b) The question on the ballot shall be:

" FOR removal of the right of the board of county commissioners to levy and collect a tax in _____ Hospital District of _____ County,

" AGAINST removal of the right of the board of county commissioners to levy and collect a tax in _____ Hospital District of _____ County."

(c) The referendum shall be conducted in the same manner as bond elections held under G.S. 159-61. No new registration of voters shall be required.

(d) If a majority of the votes cast are in favor of the question, then beginning on the first day of the fiscal year following the date of the referendum, the board of county commissioners shall have no authority to levy a tax in the hospital district unless the voters approve under G.S. 131E-45. No referendum may be held within one year of the date of a referendum under this section. (1983, c. 775, s. 1.)

- (1) Is compensated for his services beyond reimbursement for expenses,
- (2) Was not acting within the scope of his official duties,
- (3) Was not acting in good faith,
- (4) Committed gross negligence or willful or wanton misconduct that resulted in the damage or injury,

(b) The immunity in subsection (a) is personal to the directors, trustees, officers, commissioners, and members, and does not immunize the hospital or hospital authority for

liability for the acts or omissions of the directors, trustees, or officers. (1987 (Reg. Sess., 1988), c. 1057, s. 1; c. 1100, s. 39.2.)
