

Article 2.

Joint Agencies; Municipalities.

§ 159B-4. Authority of municipalities to jointly cooperate.

In addition and supplemental to the powers otherwise conferred on municipalities by the laws of the State, and in order to accomplish the purposes of this Chapter and to obtain a supply of electric power and energy for the present and future needs of its inhabitants and customers, a municipality may jointly or severally plan, finance, develop, construct, reconstruct, acquire, improve, enlarge, better, own, operate and maintain a project situated within or without the State with one or more other municipalities or joint agencies created pursuant to this Chapter or, in the case of projects for the generation and transmission of electric power and energy, jointly with any persons, firms, associations or corporations, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale within this State or any state contiguous to the State, and may make such plans and enter into such contracts in connection therewith, not inconsistent with the provisions of this Chapter, as are necessary or appropriate.

Prior to acquiring any generation project the governing board shall determine the needs of the municipality for power and energy based upon engineering studies and reports, and shall not acquire a project in excess of that amount of capacity and the energy associated therewith required to provide for its projected needs for power and energy from and after the date the project is estimated to be placed in normal continuous operation and for such reasonable period of time thereafter as shall be determined by the governing board and approved by the North Carolina Utilities Commission in a proceeding instituted pursuant to G.S. 159B-24. In determining the future power requirements of a municipality, there shall be taken into account the following:

- (1) The economies and efficiencies to be achieved in constructing on a large scale facilities for the generation of electric power and energy;
- (2) The municipality's needs for reserve and peaking capacity and to meet obligations under pooling and reserve sharing agreements reasonably related to its needs for power and energy to which it is or may become a party;
- (3) The estimated useful life of such project;
- (4) The estimated time necessary for the planning, development, acquisition or construction of such project and the length of time required in advance to obtain, acquire or construct additional power supply; and
- (5) The reliability and availability of existing or alternative power supply sources and the cost of such existing or alternative power supply sources.

A determination by such governing board approved by the North Carolina Utilities Commission based upon appropriate findings of the foregoing matters shall be conclusive as to the quantity of the interest which a municipality may acquire in a generation project unless a party to the proceeding aggrieved by the determination of said Commission shall file notice of appeal pursuant to Article 5 of Chapter 62 of the General Statutes of North Carolina.

Nothing herein contained shall prevent a municipality or municipalities from undertaking studies to determine whether there is a need for a project or whether such project is feasible. (1975, c. 186, s. 1; 1977, c. 385, s. 2; 1983, c. 574, s. 1; 1995, c. 412, s. 3.)

§ 159B-5. Joint ownership of a project; provisions of the contract or agreement with respect thereto.

Each municipality shall own a project in proportion to the amount of the money furnished or the value of property or other consideration supplied by it for the planning, development,

acquisition or construction thereof, and shall be entitled to a percentage share of the output and capacity therefrom equal to such ownership proportion in such project.

Each municipality shall be severally liable for its own acts and not jointly or severally liable for the acts, omissions or obligations of others, and no money or property or other consideration supplied by any municipality shall be credited or otherwise applied to the account of any other municipality, nor shall the share of any municipality in a project be charged directly or indirectly with any debt or obligation of any other municipality or be subject to any lien as a result thereof. The acquisition of a project shall include, but shall not be limited to, the purchase or lease of an existing, completed project and the purchase of a project under construction. A municipality participating in the joint or several planning, financing, construction, reconstruction, acquisition, improvement, enlargement, betterment, ownership, operation or maintenance of any project under this Chapter may furnish money derived solely from the proceeds of bonds or from the ownership and operation of its electric system, or both, and provide property, both real and personal, services and other considerations.

Any contracts entered into by municipalities with respect to ownership in a project shall contain such terms, conditions and provisions, not inconsistent with the provisions hereof, as the governing boards of the municipalities shall deem to be in the interests of the municipalities. Any such contracts shall be ratified by resolution of the governing board of each municipality spread upon its minutes. Any such contracts shall include, but shall not be limited to, the following:

- (1) The purpose or purposes of the contract;
- (2) The duration of the contract;
- (3) The manner of appointing or employing the personnel necessary in connection with the project;
- (4) The method of financing the project, including the apportionment of costs and revenues;
- (5) Provisions specifying the ownership interests of the parties in real property used or useful in connection with the project, and the procedures for the disposition of such property when the contract expires, is terminated or when the project, for any reason, is abandoned, decommissioned or dismantled;
- (6) Provisions relating to alienation and prohibiting partition of a municipality's interest in a project, which provisions shall not be subject to any provision of law restricting covenants against alienation or partition;
- (7) Provisions for the construction of a project, which may include the determination that one participating municipality or any person, firm or corporation may construct the project as agent for all the parties;
- (8) Provisions for the operation and maintenance of a project, which may include the determination that one participating municipality or any person, firm or corporation may operate and maintain the project as agent for all the parties;
- (9) Provisions for the creation of a committee of representatives of the participating municipalities with such powers of supervision of the construction and operation of the project as the contract, not inconsistent with the provisions of this Chapter, may provide;
- (10) Provisions that if one or more of the municipalities shall default in the performance or discharge of its or their obligations with respect to the project, the other party or parties may assume, pro rata or otherwise, the obligations of such defaulting party or parties and may succeed to such rights and interests of

the defaulting party or parties in the project as may be agreed upon in the contract;

- (11) Methods for amending the contract;
- (12) Methods for terminating the contract; and
- (13) Any other necessary or proper matter.

For the purpose of paying its respective share of the cost of a project or projects, a municipality may issue its bonds as provided in this Chapter, and, notwithstanding the provisions of any other law to the contrary, may secure the payment of the principal of, premium, if any, and interest on such bonds by a lien and charge on all, or any portion of, the revenue derived or to be derived from the ownership and operation of its system or facilities for the generation, transmission, or distribution of electric power or energy or its interests in any project or projects, or a combination of such revenues. Provided that all bonds issued under the provisions of this Chapter shall be authorized and issued by the governing board of a city, town, or other unit of municipal government created under the laws of the State.

In connection with any project undertaken pursuant to this Chapter, a municipality shall have all of the rights and powers granted to a joint agency by subdivisions (12) and (13) of G.S. 159B-11.

Notwithstanding the provisions of any other law to the contrary, any contracts with respect to the sale or purchase of capacity, output, power or energy from a project may extend for a period not exceeding 50 years from the date a project is estimated to be placed in normal continuous operation; and the execution and effectiveness thereof shall not be subject to any authorizations or approvals by the State or any agency, commission or instrumentality or political subdivision thereof except as in this Chapter specifically required and provided. (1975, c. 186, s. 1; 1983, c. 574, ss. 2-2.6.)

§ 159B-5.1. Joint ownership with other public or private entities engaged in generation, transmission or distribution of electric power for resale.

Municipalities and joint agencies may jointly or severally own, operate and maintain projects with any person, firm, association or corporation, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale within this State or any state contiguous to this State. Any municipality or joint agency shall have for such purposes all powers conferred upon them by the provisions of this Chapter including the power to issue revenue bonds pursuant to the provisions of this Chapter to finance its share of the cost of any such project. The definitions and all other terms and provisions of this Chapter shall be construed so as to include such undivided ownership interest in order to fully effectuate the power and authority conferred by the foregoing provisions of this section. (1977, c. 708, s. 3.)

§ 159B-6. Sale of capacity and output by a municipality.

Capacity or output derived by a municipality from its ownership share of a project not then required by such municipality for its own use and for the use of its consumers may be sold or exchanged by such municipality, for such consideration and for such period and upon such other terms and conditions as may be determined by the parties, to any municipality owning electric distribution facilities in this State, to any electric membership corporation or public utility authorized to do business in this State, or to any state, federal or municipal agency which owns electric generation, transmission or distribution facilities. Provided, however, that the foregoing limitations shall not apply to the temporary sale of excess capacity and energy without the State in

cases of emergency or when required to fulfill obligations under any pooling or reserve-sharing agreements reasonably related to its needs for power and energy. Provided further, however, that sales of excess capacity or output of a project to electric membership corporations, public utilities, and other persons the interest on whose securities and other obligations is not exempt from taxation by the federal government shall not be made in such amounts, for such periods of time, and under such terms and conditions as will cause the interest on bonds issued to finance the cost of a project to become taxable by the federal government. (1975, c. 186, s. 1.)

§ 159B-7. Licenses, permits, certificates and approvals.

Municipalities proposing to jointly plan, finance, develop, own and operate a project are hereby authorized, either jointly or separately, to apply to the appropriate agencies of the State, the United States, or any state thereof, and to any other proper agency for such licenses, permits, certificates or approvals as may be necessary, and to construct, maintain and operate projects in accordance with such licenses, permits, certificates or approvals and to obtain, hold and use such licenses, permits, certificates and approvals in the same manner as any other operating unit of any other person. (1975, c. 186, s. 1.)

§ 159B-8: Repealed by Session Laws 1995, c. 412, s. 4.

§ 159B-9. Creation of a joint agency; board of commissioners.

(a) The governing boards of two or more municipalities may by resolution or ordinance determine that it is in the best interests of the municipalities in accomplishing the purposes of this Chapter to create a joint agency as prescribed herein for the purpose of undertaking the planning, financing, development, acquisition, construction, reconstruction, improvement, enlargement, betterment, operation and maintenance of a project or projects as an alternative or supplemental method of obtaining the benefits and assuming the responsibilities of ownership in a project.

In determining whether or not creation of a joint agency for such purpose is in the best interests of the municipalities, the governing boards shall take into consideration, but shall not be limited to, the following:

- (1) Whether or not a separate entity may be able to finance the cost of projects in a more efficient and economical manner;
- (2) Whether or not better financial market acceptance may result if one entity is responsible for issuing all of the bonds required for a project or projects in a timely and orderly manner and with a uniform credit rating instead of multiple entities issuing separate issues of bonds;
- (3) Whether or not savings and other advantages may be obtained by providing a separate entity responsible for the acquisition, construction, ownership and operation of a project or projects; and
- (4) Whether or not the existence of such a separate entity will foster the continuation of joint planning and undertaking of projects, and the resulting economies and efficiencies to be derived from such joint planning and undertaking.

If each governing board shall determine that it is in the best interest of the municipality to create a joint agency to provide power and energy to the municipality as provided in this Chapter, each shall adopt a resolution or ordinance so finding (which need not prescribe in detail the basis for the determination), and which shall set forth the names of the municipalities which are

proposed to be initial members of the joint agency. The governing board of the municipality shall thereupon by ordinance or resolution appoint one commissioner of the joint agency who may, at the discretion of the governing board, be an officer or employee of the municipality.

Any two or more commissioners so named may file with the Secretary of State an application signed by them setting forth (i) the names of all the proposed member municipalities; (ii) the name and official residence of each of the commissioners so far as known to them; (iii) a certified copy of the appointment evidencing their right to office; (iv) a statement that each governing board of each respective municipality appointing a commissioner has made the aforesaid determination; (v) the desire that a joint agency be organized as a public body and a body corporate and politic under this Chapter; and (vi) the name which is proposed for the joint agency.

The application shall be subscribed and sworn to by such commissioners before an officer or officers authorized by the laws of the State to administer and certify oaths.

The Secretary of State shall examine the application and, if he finds that the name proposed for the joint agency is not identical with that of any other corporation of this State or of any agency or instrumentality thereof, or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded as herein provided, the joint agency shall constitute a public body and a body corporate and politic under the name proposed in the application. The Secretary of State shall make and issue to the commissioners executing the application a certificate of incorporation pursuant to this Chapter under the seal of the State, and shall record the same with the application. The certificate shall set forth the names of the member municipalities.

In any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract of the joint agency, the joint agency, in the absence of establishing fraud in the premises, shall be conclusively deemed to have been established in accordance with the provisions of this Chapter upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate, duly certified by the Secretary of State, shall be admissible in evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof.

Notice of the issuance of such certificate shall be given to all of the proposed member municipalities by the Secretary of State. If a commissioner of any such municipality has not signed the application to the Secretary of State and such municipality does not notify the Secretary of State of the appointment of a commissioner within 40 days after receipt of such notice, such municipality shall be deemed to have elected not to be a member of the joint agency. As soon as practicable after the expiration of such 40-day period, the Secretary of State shall issue a new certificate of incorporation, if necessary, setting forth the names of those municipalities which have elected to become members of the joint agency. The failure of any proposed member to become a member shall not affect the validity of the corporate existence of the joint agency.

(b) After the creation of a joint agency, any other municipality may become a member thereof upon application to such joint agency after the adoption of a resolution or ordinance by the governing board of the municipality setting forth the determination and finding prescribed in paragraph (a) of this G.S. 159B-9, and authorizing said municipality to participate, and with the unanimous consent of the members of the joint agency evidenced by the resolutions of their respective governing bodies. Any municipality may withdraw from a joint agency, provided, however, that all contractual rights acquired and obligations incurred while a municipality was a member shall remain in full force and effect.

(c) The powers of a joint agency shall be exercised by or under the authority of, and the business and affairs of a joint agency shall be managed under the direction of, its board of commissioners. However, all or a portion of those powers and the management of all or any part of the business and affairs of a joint agency may be exercised by an executive committee created pursuant to G.S. 159B-10. The board of commissioners shall consist of commissioners appointed by the respective governing boards of the municipalities which are members of the joint agency. Each commissioner shall have not less than one vote and may have in addition thereto such additional votes as the governing boards of a majority of the municipalities which are members of the agency shall determine. Each commissioner shall serve at the pleasure of the governing board by which the commissioner was appointed. Each appointed commissioner before entering upon his duties shall take and subscribe to an oath before some person authorized by law to administer oaths to execute the duties of his office faithfully and impartially, and a record of each such oath shall be filed with the governing board of the appointing municipality and spread upon its minutes. The governing board of each of the municipalities may appoint up to two alternate commissioners to act in lieu of its appointed commissioner when the appointed commissioner is unable for any reason to attend meetings of the board of commissioners or any committee thereof, and the governing board shall designate them as first or second alternate commissioner. Each alternate commissioner shall serve at the pleasure of the governing body by which that commissioner was appointed and shall take, subscribe to and file an oath in the same manner as prescribed for regularly appointed commissioners. Such alternate commissioner when acting in lieu of the regularly appointed commissioner shall be deemed to be the commissioner of such municipality, and shall have the rights, powers and authority of the regularly appointed commissioner, including any committee function of said commissioner, other than such commissioner's position as an officer pursuant to paragraph (d) of this G.S. 159B-9. A certificate entered into the minutes of the board of commissioners of a joint agency by the clerk or other custodian of the minutes and records of the governing body of a municipality, appointing commissioners and alternate commissioners and reciting their appointments, shall constitute conclusive evidence of their appointment. The offices of commissioner, alternate commissioner, or officer of a joint agency are hereby declared to be offices which may be held by the holders of any office, place of trust or profit in addition to and concurrently with those offices permitted by G.S. 128-1.1 and other offices permitted by other General Statute.

(d) The board of commissioners of the joint agency shall annually elect one of the commissioners as chairman, another as vice-chairman, and another person or persons, who may but need not be commissioners, as treasurer, secretary, and, if desired, assistant secretary and assistant treasurer. The office of treasurer or assistant treasurer may be held by the secretary or assistant secretary. The board of commissioners may also appoint such additional officers as it deems necessary. The secretary or any assistant secretary of the joint agency shall keep a record of the proceedings of the joint agency, and the secretary shall be the custodian of all records, books, documents and papers filed with the joint agency, the minute book or journal of the joint agency and its official seal. Either the secretary or the assistant secretary of the joint agency may cause copies to be made of all minutes and other records and documents of the joint agency and may give certificates under the official seal of the joint agency to the effect that such copies are true copies, and all persons dealing with the joint agency may rely upon such certificates.

(e) A majority of the commissioners of a joint agency then in office shall constitute a quorum. A vacancy in the board of commissioners of the joint agency shall not impair the right of a quorum to exercise all the rights and perform all the duties of the joint agency. Any action taken by

the joint agency under the provisions of this Chapter may be authorized by resolution at any regular or special meeting, and each such resolution may take effect immediately and need not be published or posted. A majority of the votes which the commissioners present are entitled to cast shall be necessary and sufficient to take any action or to pass any resolution, provided that such commissioners present are entitled to cast a majority of the votes of all commissioners of the board.

(f) No commissioner of a joint agency shall receive any compensation for the performance of his duties hereunder, provided, however, that each commissioner may be paid his necessary expenses incurred while engaged in the performance of such duties. (1975, c. 186, s. 1; 1977, c. 385, ss. 3, 4; 1979, c. 102; 1983, c. 574, s. 3; 1985, c. 243, s. 1; 1995, c. 412, s. 5.)

§ 159B-10. Executive committee, composition; powers and duties; terms.

(a) The board of commissioners of a joint agency may create an executive committee by resolution. The board may provide for the composition and terms of office of, and the method of filling vacancies on, the executive committee. The executive committee may include representatives of the joint agency, representatives of any other joint agency, and any other persons. The executive committee of a joint agency may simultaneously act as the executive committee of any other joint agency or agencies, or joint municipal assistance agency or agencies, if so provided by all such entities, and also may simultaneously act as the sole governing board of any joint municipal assistance agency created by two or more joint agencies pursuant to G.S. 159B-45 if so provided by all such joint agencies. An executive committee acting as the sole governing board of a joint municipal assistance agency shall not be subject to the limitations on the powers and authority of executive committees set forth in subsection (b) of this section.

(b) Except as limited by resolution of the board of commissioners creating an executive committee and except as otherwise provided in this subsection, an executive committee shall have and shall exercise all of the powers and authority of the board of commissioners creating the executive committee. However, the executive committee shall not have the power or authority to (i) amend any resolution of the board of commissioners of the joint agency relating to the creation of the executive committee or providing for its powers or authority; or (ii) adopt or amend a budget. Any rate for a joint agency adopted by an executive committee may be rejected, within 30 days following the adoption of the rate, by a vote of two-thirds in number of the commissioners representing the joint agency members affected by the rate. In the event that any rate is rejected in this manner, the executive committee shall, within 10 days following the action on the part of the commissioners, adopt a second rate for that joint agency, which may be the same rate as previously adopted. This second rate may be rejected, within 10 days following the adoption of the rate, by a vote of two-thirds in number of the commissioners representing the joint agency members affected by the rate. If a second rate adopted by the executive committee is rejected in this manner, the board of commissioners of the affected joint agency shall, acting by weighted vote, adopt a rate for the joint agency which is sufficient at least to comply with the requirements of G.S. 159B-17(b). No such rate adopted by the executive committee shall become effective so long as it is subject to rejection by commissioners of a joint agency as provided for in this subsection. However, if the executive committee determines that the establishment of a rate is required within 50 days to enable a joint agency to satisfy the requirements of G.S. 159B-17(b), the rate adopted by the executive committee shall be effective until changed by the executive committee or board of commissioners in accordance with this subsection.

(c) Each member of the executive committee shall have one vote and shall serve at the pleasure of the governing board by which the member was appointed. Before performing duties as

a member, each member shall take and subscribe to an oath before some person authorized by law to administer oaths to execute the duties of the office faithfully and impartially, and a record of each oath shall be filed with the governing board appointing the member and spread upon its minutes. The office of a member of an executive committee may be held by the holders of any office, place of trust or profit in addition to and concurrently with those offices permitted by G.S. 128-1.1 and other offices permitted by law.

(d) The executive committee shall annually elect from its membership a chair and vice-chair, and shall elect another person or persons, who need not be members, to serve as secretary and, if desired, assistant secretary. The secretary or any assistant secretary of the executive committee shall keep a record of the proceedings of the executive committee, and the secretary shall be the custodian of all records, books, documents, and papers filed with the executive committee, as well as the minute book or journal of the executive committee. Either the secretary or the assistant secretary of the executive committee may cause copies to be made of all minutes and other records and documents of the executive committee and may give certificates of the executive committee to the effect that the copies are true copies, and all persons dealing with the executive committee may rely upon those certificates.

(e) A majority of the members of an executive committee then serving shall constitute a quorum. A vacancy on the executive committee shall not impair the right of a quorum to exercise all the rights and perform all the duties of the executive committee. Any action taken by the executive committee under the provisions of this Chapter may be authorized by resolution at any regular or special meeting, and each such resolution may take effect immediately and need not be published or posted. A vote of the majority of the members present shall be necessary and sufficient to take any action or to pass any resolution, provided that those members present are entitled to cast a majority of the votes of all members of the executive committee.

(f) Members of the executive committee, and of any subcommittee created by the executive committee, may receive compensation and be paid expenses for the performance of their duties as determined by the board or boards of commissioners creating that executive committee. However, for any member of an executive committee who is an employee of a municipality, a payment in lieu of any compensation shall be made to the municipality for distribution to the executive committee member in the manner and amount, if any, it deems appropriate. An executive committee for more than one entity may be referred to as a board of directors of any or each of those entities. (1975, c. 186, s. 1; 1977, c. 385, s. 5; 1995, c. 412, s. 6.)

§ 159B-11. General powers of joint agencies; prerequisites to undertaking projects.

(a) Each joint agency shall have all of the rights and powers necessary or convenient to carry out and effectuate the purposes and provisions of this Chapter, including, but without limiting the generality of the foregoing, the rights and powers:

- (1) To adopt bylaws for the regulation of the affairs and the conduct of its business, and to prescribe rules, regulations and policies in connection with the performance of its functions and duties.
- (2) To adopt an official seal and alter the same at pleasure.
- (3) To acquire and maintain an administrative office building or office at such place or places as it may determine, which building or office may be used or owned alone or together with any other joint agency or agencies, joint municipal assistance agency, municipalities, corporations, associations or persons under

such terms and provisions for sharing costs and otherwise as may be determined.

- (4) To sue and be sued in its own name, and to plead and be impleaded.
- (5) To receive, administer and comply with the conditions and requirements respecting any gift, grant or donation of any property or money.
- (6) To acquire by purchase, lease, gift, or otherwise, or to obtain options for the acquisition of, any property, real or personal, improved or unimproved, including an interest in land less than the fee thereof.
- (7) To sell, lease, exchange, transfer or otherwise dispose of, or to grant options for any such purposes with respect to, any real or personal property or interest therein.
- (8) To pledge, assign, mortgage or otherwise grant a security interest in any real or personal property or interest therein, including the right and power to pledge, assign or otherwise grant a security interest in any money, rents, charges or other revenues and any proceeds derived by the joint agency from the sales of property, insurance or condemnation awards.
- (9) To issue bonds of the joint agency for the purpose of providing funds for any of its corporate purposes.
- (10) To study, plan, finance, construct, reconstruct, acquire, improve, enlarge, extend, better, own, operate and maintain one or more projects, either individually or jointly with one or more municipalities in this State or any state contiguous to this State owning electric distribution facilities or with any political subdivisions, agencies or instrumentalities of any state contiguous to this State or with other joint agencies created pursuant to this Chapter, and to pay all or any part of the costs thereof from the proceeds of bonds of the joint agency or from any other available funds of the joint agency; no provisions of law with respect to the acquisition, construction, or operation of property by other public bodies shall be applicable to any project as defined in this Chapter and as authorized by this subdivision unless the General Assembly shall specifically so state.
- (11) To authorize the construction, operation or maintenance of any project or projects by any person, firm, association, or corporation, public or private.
- (12) To acquire by private negotiated purchase or lease or otherwise an existing project, a project under construction, or other property, either individually or jointly, with one or more municipalities or joint agencies in this State or any state contiguous to this State owning electric distribution facilities or with any political subdivisions, agencies or instrumentalities of any state contiguous to this State or with other joint agencies created pursuant to this Chapter; to acquire by private negotiated purchase or lease or otherwise any facilities for the development, production, manufacture, procurement, handling, storage, fabrication, enrichment, processing or reprocessing of fuel of any kind or any facility or rights with respect to the supply of water, and to enter into agreements by private negotiation or otherwise, for a period not exceeding fifty (50) years, for the development, production, manufacture, procurement, handling, storage, fabrication, enrichment, processing or reprocessing of fuel of any kind or any facility or rights with respect to the supply of water; no provisions of law with

respect to the acquisition, construction or operation of property by other public bodies shall be applicable to any agency created pursuant to this Chapter unless the legislature shall specifically so state.

- (13) To dispose of by private negotiated sale or lease, or otherwise, an existing project or a project under construction, or to dispose of by private negotiated sale or lease, or otherwise any facilities for the development, production, manufacture, procurement, handling, storage, fabrication, enrichment, processing or reprocessing of fuel of any kind or any facility or rights with respect to the supply of water; no provisions of law with respect to the disposition of property by other public bodies shall be applicable to an agency created pursuant to this Chapter unless the legislature shall specifically so state.
- (14) To fix, charge and collect rents, rates, fees and charges for electric power or energy and other services, facilities and commodities sold, furnished or supplied through any project or activity permitted in this Chapter.
- (14a) To fix, charge, and collect payments pursuant to support contracts authorized by G.S. 159B-12(b).
- (15) To generate, produce, transmit, deliver, exchange, purchase, sell for resale only, electric power or energy, and to enter into contracts for any or all such purposes.
- (16) To negotiate and enter into contracts for the purchase, sale for resale only, exchange, interchange, wheeling, pooling, transmission or use of electric power and energy with any person, firm, association, or corporation, public or private.
- (17) To make and execute contracts and other instruments necessary or convenient in the exercise of the powers and functions of the joint agency under this Chapter, including contracts with persons, firms, associations, or corporations, public or private.
- (18) To apply to the appropriate agencies of the State, the United States or any state thereof, and to any other proper agency, for such permits, licenses, certificates or approvals as may be necessary, and to construct, maintain and operate projects and undertake other activities permitted in this Chapter in accordance with such licenses, permits, certificates or approvals, and to obtain, hold and use such licenses, permits, certificates and approvals in the same manner as any other person or operating unit of any other person.
- (19) To employ engineers, architects, attorneys, real estate counselors, appraisers, financial advisors and such other consultants and employees as may be required in the judgment of the joint agency and to fix and pay their compensation from funds available to the joint agency therefor and to select and retain subject to approval of the Local Government Commission the financial consultants, underwriters and bond attorneys to be associated with the issuance of any bonds and to pay for services rendered by underwriters, financial consultants or bond attorneys out of the proceeds of any such issue with regard to which the services were performed.
- (19a) To purchase power and energy, and services and facilities relating to the utilization of power and energy, from any source on behalf of its members and other customers and to furnish, sell, lease, exchange, transfer, or otherwise dispose of, or to grant options for any such purposes with respect to the same, to its members and other customers in such amounts, with such characteristics, for

such periods of time and under such terms and conditions as the governing board of the joint agency shall determine.

(19b) To provide aid and assistance to municipalities, and to act for or on behalf of any municipality, in any activity related to the development and implementation of integrated resource planning, including, but not limited to, the evaluation of resources, generating facilities, alternative energy resources, conservation and load management programs, transmission and distribution facilities, and purchased power options, and related to the development, construction and operation of supply-side and demand-side resources, and to do such other acts and things as provided in Article 3 of this Chapter as if the joint agency were a joint municipal assistance agency, and to carry out the powers granted in this Chapter in relation thereto; to provide aid and assistance to any joint municipal assistance agency in the exercise of its respective powers and functions.

(20) To do all acts and things necessary, convenient or desirable to carry out the purposes, and to exercise the powers granted to the joint agency in this Chapter.

(b) No joint agency shall undertake any project required to be financed, in whole or in part, with the proceeds of bonds without the approval of a majority of its members. Before undertaking any project, a joint agency shall, based upon engineering studies and reports, determine that such project is required to provide for the projected needs for power and energy of its members from and after the date the project is estimated to be placed in normal and continuous operation and for a reasonable period of time thereafter. Prior to or simultaneously with granting a certificate of public convenience and necessity for any such generation project the North Carolina Utilities Commission, in a proceeding instituted pursuant to G.S. 159B-24 of this Chapter, shall approve such determination. In determining the future power requirements of the members of a joint agency, there shall be taken into account the following:

- (1) The economies and efficiencies to be achieved in constructing on a large scale facilities for the generation of electric power and energy;
- (2) Needs of the joint agency for reserve and peaking capacity and to meet obligations under pooling and reserve-sharing agreements reasonably related to its needs for power and energy to which the joint agency is or may become a party;
- (3) The estimated useful life of such project;
- (4) The estimated time necessary for the planning, development, acquisition, or construction of such project and the length of time required in advance to obtain, acquire or construct additional power supply for the members of the joint agency;
- (5) The reliability and availability of existing alternative power supply sources and the cost of such existing alternative power supply sources.

A determination by the joint agency approved by the North Carolina Utilities Commission based upon appropriate findings of the foregoing matters shall be conclusive as to the appropriateness of a project to provide the needs of the members of a joint agency for power and energy unless a party to the proceeding aggrieved by the determination of said Commission shall file notice of appeal pursuant to Article 5 of Chapter 62 of the General Statutes of North Carolina.

Nothing herein contained shall prevent a joint agency from undertaking studies to determine whether there is a need for a project or whether such project is feasible. (1975, c. 186, s. 1; 1977,

c. 385, ss. 6-10; 1983, c. 574, ss. 4, 4.1; 1985, c. 212, s. 1; c. 723, s. 3; 1991 (Reg. Sess., 1992), c. 888, s. 2; 1993, c. 182, s. 1; 1995, c. 412, s. 7; 2015-3, s. 3.)

§ 159B-12. Sale of capacity and output by a joint agency; support contracts; other contracts with a joint agency.

(a) Any municipality which is a member of the joint agency may contract to buy from the joint agency power and energy for its present or future requirements, including the capacity and output of one or more specified projects. As the creation of a joint agency is an alternative method whereby a municipality may obtain the benefits and assume the responsibilities of ownership in a project, any such contract may provide that the municipality so contracting shall be obligated to make the payments required by the contract whether or not a project is completed, operable or operating and notwithstanding the suspension, interruption, interference, reduction or curtailment of the output of a project or the power and energy contracted for, and that such payments under the contract shall not be subject to any reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the joint agency or any other member of the joint agency under the contract or any other instrument. Any contract with respect to the sale or purchase of capacity or output of a project entered into between a joint agency and its member municipalities may also provide that if one or more of such municipalities shall default in the payment of its or their obligations with respect to the purchase of said capacity or output, then in that event the remaining member municipalities which are purchasing capacity and output under the contract shall be required to accept and pay for and shall be entitled proportionately to and may use or otherwise dispose of the capacity or output which was to be purchased by the defaulting municipality. Notwithstanding the provisions of any other law to the contrary, any such contract with respect to the sale or purchase of capacity, output, power, or energy from a project may extend for a period not exceeding 50 years from the date a project is estimated to be placed in normal continuous operation.

(b) If any municipality which is a member of the joint agency has contracted to buy from the joint agency the capacity and output of one or more specified projects as contemplated by and containing characteristics authorized by subsection (a) of this section, and if the joint agency has acquired one or more projects and financed the acquisition of any project by issuing bonds pursuant to the provisions of this Chapter, and if the joint agency sells or otherwise disposes of any project, and if the proceeds of the sale or other disposition of any project, together with other moneys available to the joint agency for the purpose of paying the bonds, are not sufficient to pay or provide for the payment of the principal of, premium, if any, and interest on all of such bonds issued to finance the acquisition of the existing project or projects, the municipality may enter into a support contract with the joint agency to pay a proportionate share of the principal of, premium, if any, and interest on bonds issued by the joint agency to (i) refinance the bonds issued to finance the acquisition of any existing project being sold or otherwise disposed of that are not defeased from other sources, (ii) finance any collateral posting requirements of replacement power supply arrangements entered into by the joint agency, and (iii) finance any required reserves and other costs associated with the support contracts and the issuance of the bonds authorized by G.S. 159B-14.

As a support contract authorized by this subsection is a replacement for and in lieu of the payment obligations authorized by subsection (a) of this section related to an existing project or projects, any support contract may provide that the contracting municipality is obligated to make the payments required by the support contract unconditionally and without offset, counterclaim, or

otherwise, and notwithstanding the performance or nonperformance of the joint agency under the support contract, or of any other municipality entering into a similar support contract with the joint agency, or the delivery of or failure to deliver power or energy or the performance or nonperformance by any party under any related power supply contract. Any support contract entered into between a joint agency and its member municipalities may also provide that if any municipality defaults in the payment of its obligations under the support contract, the remaining member municipalities subject to the contract are required to pay a proportionate share of the defaulted payments.

Notwithstanding the provisions of any other law to the contrary, the obligations of the municipality under a support contract may extend for a period of 30 years, except for accrued obligations as of the expiration of the period for which the contract may be continued until the accrued obligations are fully satisfied, and, with respect to administrative costs only, for a reasonable period of time thereafter.

Obligations under a support contract shall not be taken into account in computing any debt or other limitation that may be imposed by law. Being on account of the refinancing of obligations incurred in connection with the acquisition of a project or projects, the obligations of the municipality under any support contract shall constitute an operating expense of its municipal electric system for all purposes of G.S. 159-47 and other purposes, save only as may have been duly contracted with bondholders of the municipality.

(c) Any municipality may contract with a joint agency, or may contract indirectly with a joint agency through a joint municipal assistance agency, to implement the provisions of G.S. 159B-11(19a) and (19b). Notwithstanding the provisions of any law to the contrary, including, but not limited to, the provisions of G.S. 159B-44(13), any contract between a joint agency and a municipality or a joint municipal assistance agency (or between a municipality and a joint municipal assistance agency) to implement the provisions of G.S. 159B-11(19b) may extend for a period not exceeding 30 years; provided, that any such contract in respect of a capital project to be used by or for the benefit of a municipality shall be subject to the prior approval of the Local Government Commission of North Carolina. In reviewing any such contract for approval, said Local Government Commission shall consider the municipality's debt management procedures and policies, whether the municipality is in default with respect to its debt service obligations and such other matters as said Local Government Commission may believe to have a bearing on whether the contract should be approved.

(d) Notwithstanding the provisions of any law to the contrary, the execution and effectiveness of any contracts authorized by this section shall not be subject to any authorizations or approvals by the State or any agency, commission or instrumentality or political subdivision thereof except as in this Chapter specifically required and provided.

Payments by a municipality under any contract authorized by this section shall be made solely from the revenues derived from the ownership and operation of the electric system of said municipality and any obligation under such contract shall not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any property of the municipality or upon any of its income, receipts, or revenues, except the revenues of its electric system, and neither the faith and credit nor the taxing power of the municipality are, or may be, pledged for the payment of any obligation under any such contract. A municipality or joint agency, pursuant to an agreement with a municipality, shall be obligated to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services, activities permitted in this Chapter, facilities and commodities sold, furnished or supplied through the electric system of the municipality sufficient

to provide revenues adequate to meet its obligations under any such contract and to pay any and all other amounts payable from or constituting a charge and lien upon such revenues, including amounts sufficient to pay the principal of and interest on general obligation bonds heretofore or hereafter issued by the municipality for purposes related to its electric system and payments pursuant to support contracts authorized by subsection (b) of this section. The willful or negligent failure by any municipality to comply with the obligations applicable to it shall constitute a failure or refusal to comply with the provisions of this Chapter for purposes of G.S. 159-181(c), and the financial powers of the governing board of the municipality that may be vested in the Local Government Commission pursuant to G.S. 159-181(c) shall include those powers incident to carrying out the requirements and obligations specified in this section.

Payments by any joint municipal assistance agency to any joint agency under any contract or contracts authorized by this section, shall be made solely from the sources specified in such contract or contracts and no other, and any obligation under such contract shall not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any property of the joint municipal assistance agency or upon any of its income, receipts, or revenues, or upon any property of any municipality with which the joint agency or joint municipal assistance agency contracts or upon any of such municipality's income, receipts, or revenues in each case except such sources so specified. A joint municipal assistance agency shall be obligated to fix, charge and collect rents, rates, fees, and charges for providing aid and assistance sufficient to provide revenues adequate to meet its obligations under such contract.

Any municipality which is a member of a joint agency may furnish the joint agency with money derived solely from the ownership and operation of its electric system or facilities and provide the joint agency with personnel, equipment and property, both real and personal. Any municipality may also provide any services to a joint agency.

Any member of a joint agency may contract for, advance or contribute funds derived solely from the ownership and operation of its electric system or facilities to a joint agency as may be agreed upon by the joint agency and the member, and the joint agency shall repay such advances or contributions from proceeds of bonds, from operating revenues or from any other funds of the joint agency, together with interest thereon as may be agreed upon by the member and the joint agency. (1975, c. 186, s. 1; 1983, c. 574, s. 5; 1991 (Reg. Sess., 1992), c. 888, s. 3; 1995, c. 412, s. 8; 2015-3, s. 4.)

§ 159B-13. Sale of excess capacity and output by a joint agency.

A joint agency may sell or exchange the excess capacity or output of a project not then required by any of its members, for such consideration and for such period and upon such other terms and conditions as may be determined by the parties, to any person, firm, association, or corporation, public or private. (1975, c. 186, s. 1; 1977, c. 385, s. 11; 1995, c. 412, s. 9.)

§ 159B-14. Bonds of a joint agency.

(a) A joint agency may issue bonds for the purpose of paying the cost of a project and secure both the principal of and interest on the bonds by a pledge of part or all of the revenues derived or to be derived from all or any of its projects, and any additions and betterments thereto or extensions thereof, or from the sale of power and energy and services and facilities related to the utilization of power and energy, or from other activities or facilities permitted in this Chapter, or from contributions or advances from its members. A joint agency may issue bonds that are not for the purpose of paying the cost of a project and secure the bonds solely by a pledge of revenues,

solely by a security interest in real or personal property, or by both a pledge of revenues and a security interest in real or personal property. Bonds of a joint agency shall be authorized by a resolution adopted by its governing board and spread upon its minutes.

(b) A joint agency may issue bonds for the purpose of refinancing bonds issued for the purpose of paying the cost of a project, including, but not limited to, paying or providing for the payment of the principal of, premium, if any, and interest on bonds theretofore issued by a joint agency for the purpose of paying the cost of a project which is being sold or otherwise disposed of by the joint agency in whole or in part, and for the purpose of financing any collateral posting requirements of replacement power supply arrangements, and secure the principal of, premium, if any, and interest on the bonds by a pledge of part or all of the revenues derived or to be derived from all or any of its projects, and any additions and betterments thereto or extensions thereof, or from the sale of power and energy and services and facilities related to the utilization of power and energy, or from other activities or facilities permitted in this Chapter, or by a pledge of payments derived from support contracts authorized by G.S. 159B-12, or from contributions or advances from its members. Bonds of a joint agency shall be authorized by a resolution adopted by its governing board and spread upon its minutes. (1975, c. 186, s. 1; 1983, c. 574, s. 6; 1991, c. 513, s. 2; 1995, c. 412, s. 10; 2015-3, s. 5.)

§ 159B-15. Issuance of bonds.

(a) Each municipality and joint agency is hereby authorized to issue at one time or from time to time its bonds for the purpose of paying all or any part of the cost of any of the purposes herein authorized. The principal of, premium, if any, and the interest on bonds issued to pay the cost of a project shall be payable solely from revenues. Bonds that are not issued to pay the cost of a project shall be payable from revenues, from property pledged as security for the bonds, or from both.

The bonds of each issue shall bear interest at such rate or rates as may be determined or provided for by the Local Government Commission of North Carolina with the approval of the issuer. The bonds of each issue shall be dated and shall mature in such amounts and at such time or times, not exceeding 50 years from their respective date or dates, as may be determined by the governing board of the issuer, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the governing board of the issuer prior to the issuance of the bonds. The governing board of the issuer shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bond, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The governing board of the issuer may also provide for the authentication of the bonds by a trustee or fiscal agent appointed by the issuer, or by an authenticating agent of any such trustee or fiscal agent. The bonds may be issued in coupon or in fully registered form, or both, as the governing board of the issuer may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. At the election of a joint agency, any bonds issued

and sold in accordance with the provisions of this Chapter may be purchased or otherwise acquired by the joint agency and held by it in lieu of cancellation, and subsequently resold.

(a) Notwithstanding anything in this Chapter to the contrary, the Local Government Commission of North Carolina and the issuer (i) may authorize officers or employees of either or both thereof to fix principal amounts, maturity dates, interest rates or methods of fixing interest rates, interest payment dates, denominations, redemption rights of the issuer or holder, places of payment of principal and interest, and purchase prices of any bonds, to sell and deliver any bonds in whole or in part at one time or from time to time, and to fix other matters and procedures necessary to complete the transactions authorized, all subject to such limitations as may be prescribed by the Local Government Commission with the approval of the issuer, (ii) may approve insurance contracts, agreements for lines of credit, letters of credit, commitments to purchase bonds and any other transactions to provide security to assure, timely payment of bonds, (iii) may employ one or more persons or firms to assist in the sale of the bonds and appoint one or more banks, trust companies or any dealer in bonds, within or without the State, as depository for safekeeping and as agent for the delivery and payment of the bonds, and (iv) may provide for the payment of fees and expenses in connection with the foregoing either from the proceeds of the bonds or from other available funds.

(b) The proceeds of the bonds of each issue shall be used solely for the purposes for which such bonds have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the governing board of the issuer may provide in the resolution authorizing the issuance of such bonds or in any trust agreement securing the same. The municipality or joint agency may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The municipality or joint agency may also provide for the replacement of any bonds which shall have become mutilated or shall have been destroyed or lost.

(c) Bonds may be issued under the provisions of this Chapter without obtaining, except as otherwise expressly provided in G.S. 159B-24 of this Chapter, the consent of the State or of any political subdivision, or of any agency, commission or instrumentality of either thereof, and without any other approvals, proceedings or the happening of any conditions or things other than those approvals, proceedings, conditions or things which are specifically required by this Chapter and the provisions of the resolution authorizing the issuance of such bonds or the trust agreement securing the same. (1975, c. 186, s. 1; 1983, c. 574, ss. 7, 7.1; 1985, c. 266, ss. 2, 3; 1991, c. 513, s. 3; 1995, c. 412, s. 11.)

§ 159B-16. Resolution or trust agreement.

In the discretion of the governing board of the issuer, any bonds issued under the provisions of this Chapter may be secured by a trust agreement by and between the issuer and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders and of the trustee as may be reasonable and proper and not in violation of law, and may restrict the individual right of action by bondholders. The trust agreement or the resolution providing for the issuance of such bonds may contain covenants including, but not limited to, the following:

- (1) The pledge of all or any part of the revenues derived or to be derived from the project or projects to be financed by the bonds, or from the sale or other disposition of power and energy and services and facilities related to the

utilization of power and energy, or from other services or activities permitted in this Chapter, or from payments derived from support contracts authorized by G.S. 159B-12, or from contributions and advances from members of a joint agency, or from the electric system or other facilities of a municipality or a joint agency.

- (2) The rents, rates, fees and charges to be established, maintained, and collected, and the use and disposal of revenues, gifts, grants and funds received or to be received by the municipality or joint agency.
- (3) The setting aside of reserves and the investment, regulation and disposition thereof.
- (4) The custody, collection, securing, investment, and payment of any moneys held for the payment of bonds.
- (5) Limitations or restrictions on the purposes to which the proceeds of sale of bonds then or thereafter to be issued may be applied.
- (6) Limitations or restrictions on the issuance of additional bonds; the terms upon which additional bonds may be issued and secured; or the refunding of outstanding or other bonds.
- (7) The procedure, if any, by which the terms of any contract with bondholders may be amended, the percentage of bonds the bondholders of which must consent thereto, and the manner in which such consent may be given.
- (8) Events of default and the rights and liabilities arising thereupon, the terms and conditions upon which bonds issued under this Chapter shall become or may be declared due before maturity, and the terms and conditions upon which such declaration and its consequences may be waived.
- (9) The preparation and maintenance of a budget.
- (10) The retention or employment of consulting engineers, independent auditors, and other technical consultants.
- (11) Limitations on or the prohibition of free service to any person, firm or corporation, public or private.
- (12) The acquisition and disposal of property, provided that no project or part thereof shall be mortgaged by such trust agreement or resolution.
- (13) Provisions for insurance and for accounting reports and the inspection and audit thereof.
- (14) The continuing operation and maintenance of the project or other facilities.
- (15) For bonds that are not issued to pay the cost of a project, the pledge, assignment, mortgage, or grant of a security interest in any real or personal property or interest in real or personal property, including the pledge, assignment, or grant of a security interest in money, rents, charges, or other revenues or proceeds derived by the joint agency from the sale of property, from insurance, or from a condemnation award. In the event of default on a bond secured by a pledge, assignment, mortgage, or grant of a security interest, the rights of the bond holders and the liabilities arising from the default shall be limited, except to the extent provided in a pledge of revenues, to the specific property or interest in property pledged, assigned, or mortgaged or in which a security interest was granted to secure the bonds, and no claim for any deficiency shall be made nor any deficiency judgment entered as a result of the pledge, assignment,

mortgage, or grant of a security interest in the property or the interest in property. (1975, c. 186, s. 1; 1983, c. 574, s. 8; 1991, c. 513, ss. 4, 5; 1995, c. 412, s. 12; 2015-3, s. 6.)

§ 159B-16.1. Revenues – NCEMPA members.

(a) A municipality is hereby authorized to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its electric system or its interest in any joint project. Before it revises its rates, fees or charges as authorized under this subsection, a municipality shall hold a public hearing on the matter. A notice of the hearing shall be published at least once a week for two successive weeks in a newspaper having general circulation in the municipality. The notice shall state that the public hearing will be held in connection with the municipality's action to revise its rates, fees, or charges authorized in this section and state the amount of the proposed revision. At the hearing, any retail electric customer of the municipality may appear and be heard on the proposed revision to the rates, fees, or charges. The provisions of G.S. 160A-81 shall apply to any public hearing held under this subsection. The provisions of this subsection relating to a public hearing shall not apply to action required to be taken for a municipality by the Local Government Commission, in accordance with G.S. 159-181(c), or to action required to be taken by a municipality to revise its rates, fees or charges authorized in this subsection if the revision is required to be implemented immediately as a result of a catastrophic event or to avoid impairing the ability of the municipality to comply with applicable law or its contractual obligations relating to its outstanding bonds or other indebtedness. For so long as any bonds of a municipality or amounts payable or to become payable by a municipality to a joint agency are unpaid, or the payment of which is not fully provided for, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its electric system, and its interest in any joint project, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, to pay when due the principal of, premium, if any, and interest on all general obligation bonds heretofore or hereafter issued to finance additions, improvements and betterments to its electric system, and to pay any and all amounts which the municipality may be obligated to pay from said revenues by law or contract, including, but not limited to, a support contract authorized by G.S. 159B-12.

(b) A joint agency is hereby authorized to fix, charge, and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its projects or otherwise as authorized by this Chapter. A joint agency may only take action to change the rates, fees, or charges authorized in this subsection in a public meeting. Notice of the public meeting shall be given to each municipality that is a member of the joint agency. A notice of the meeting shall be published at least once a week for two successive weeks in a newspaper having general circulation in each municipality that is a member of the joint agency. The notice shall state that the public meeting will be held in connection with the joint agency's action to revise its rates, fees, or charges authorized in this subsection and state the amount of the proposed revision. The provisions of this subsection relating to publication of a notice shall not apply to action required to be taken by a joint agency to revise its rates, fees or charges authorized in this subsection if the revision is required to be implemented immediately as a

result of a catastrophic event or to avoid impairing the ability of the joint agency to comply with applicable law or its contractual obligations relating to its outstanding bonds or other indebtedness. For so long as any bonds of a joint agency are outstanding and unpaid, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its projects, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, and to pay any and all amounts which the joint agency may be obligated to pay from said revenues by law or contract.

(c) Any pledge of revenues, securities, payments derived by support contracts authorized by G.S. 159B-12, or other moneys made by a municipality, joint agency or joint municipal assistance agency pursuant to this Chapter shall be valid and binding from the date the pledge is made. The revenues, securities, support contract payments, and other moneys so pledged and then held or thereafter received by the municipality, joint agency or joint municipal assistance agency or any fiduciary or other depository shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the municipality, joint agency or joint municipal assistance agency without regard to whether such parties have notice thereof. The resolution or trust agreement or any financing statement, continuation statement or other instrument by which a pledge of revenues, securities or other moneys is created need not be filed or recorded in any manner.

(d) This section applies only to all rates, fees, or charges for electric service provided by the North Carolina Eastern Municipal Power Agency (NCEMPA) or a member city or town of the NCEMPA on or after October 1, 2012. The following cities and towns are members of the North Carolina Eastern Municipal Power Agency: Apex, Ayden, Belhaven, Benson, Clayton, Edenton, Elizabeth City, Farmville, Fremont, Greenville, Hamilton, Hertford, Hobgood, Hookerton, Kinston, LaGrange, Laurinburg, Louisburg, Lumberton, New Bern, Pikeville, Red Springs, Robersonville, Rocky Mount, Scotland Neck, Selma, Smithfield, Southport, Tarboro, Wake Forest, Washington, and Wilson. (1975, c. 186, s. 1; 1983, c. 574, s. 9; 1985, c. 212, s. 2; 1991 (Reg. Sess., 1992), c. 888, s. 4; 1995, c. 412, s. 13; 2012-167, ss. 1, 3; 2015-3, s. 7.)

§ 159B-17. Revenues – other municipalities.

(a) A municipality is hereby authorized to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its electric system or its interest in any joint project. For so long as any bonds of a municipality or amounts payable or to become payable to a joint agency are unpaid, or the payments of which is not fully provided for, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its electric system, and its interest in any joint project, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, to pay when due the principal of, premium, if any, and interest on all general obligation bonds heretofore or hereafter issued to finance additions, improvements and betterments to its electric system, and to pay any and all

amounts which the municipality may be obligated to pay from said revenues by law or contract, including, but not limited to, a support contract authorized by G.S. 159B-12.

(b) A joint agency is hereby authorized to fix, charge, and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through the facilities of its projects or otherwise as authorized by this Chapter. For so long as any bonds of a joint agency are outstanding and unpaid, the rents, rates, fees and charges shall be so fixed as to provide revenues sufficient to pay all costs of and charges and expenses in connection with the proper operation and maintenance of its projects, and all necessary repairs, replacements or renewals thereof, to pay when due the principal of, premium, if any, and interest on all bonds and other evidences of indebtedness payable from said revenues, to create and maintain reserves as may be required by any resolution or trust agreement authorizing and securing bonds, and to pay any and all amounts which the joint agency may be obligated to pay from said revenues by law or contract.

(c) Any pledge of revenues, securities, payments derived from support contracts authorized by G.S. 159B-12, or other moneys made by a municipality, joint agency or joint municipal assistance agency pursuant to this Chapter shall be valid and binding from the date the pledge is made. The revenues, securities, support contract payments, and other moneys so pledged and then held or thereafter received by the municipality, joint agency or joint municipal assistance agency or any fiduciary or other depository shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the municipality, joint agency or joint municipal assistance agency without regard to whether such parties have notice thereof. The resolution or trust agreement or any financing statement, continuation statement or other instrument by which a pledge of revenues, securities, support contract payment, or other moneys is created need not be filed or recorded in any manner. (1975, c. 186, s. 1; 1983, c. 574, s. 9; 1985, c. 212, s. 2; 1991 (Reg. Sess., 1992), c. 888, s. 4; 1995, c. 412, s. 13; 2015-3, s. 8.)

§ 159B-18. Trust funds; investment authority.

(a) Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this Chapter, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Chapter. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds may provide that any of such moneys may be temporarily invested and reinvested pending the disbursements thereof in such securities and other investments as shall be provided in such resolution or trust agreement, and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall hold and apply the same for the purposes hereof, subject to such regulation as this Chapter and such resolution or trust agreement may provide.

(b) Any moneys received pursuant to the authority of this Chapter and any other moneys available to a joint agency for investment may be invested:

- (1) As provided in subsection (a) of this section;
- (2) As provided in G.S. 159-30, except that:

a. A joint agency may also invest, in addition to the obligations enumerated in G.S. 159-30(c)(2), in bonds, debentures, notes, participation certificates, or other evidences of indebtedness issued, or

the principal of and the interest on which are unconditionally guaranteed, whether directly or indirectly, by any agency or instrumentality of, or corporation wholly owned by, the United States of America.

b. For purposes of G.S. 159-30(c)(12), a joint agency may also enter into repurchase agreements with respect to, in addition to the obligations enumerated in G.S. 159-30(c)(12):

1. Obligations of the Federal Financing Bank, the Federal Farm Credit Bank, the Bank for Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, Fannie Mae, the Government National Mortgage Association, the Federal Housing Administration, the Farmers Home Administration, and the United States Postal Service;
2. Bonds, debentures, notes, participation certificates, or other evidences of indebtedness issued, or the principal of and the interest on which are unconditionally guaranteed, whether directly or indirectly, by any agency or instrumentality of, or corporation wholly owned by, the United States of America;
3. Mortgage-backed pass-through securities guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, or Fannie Mae;
4. Direct or indirect obligations which are collateralized by or represent beneficial ownership interests in mortgage-backed pass-through securities guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, Fannie Mae; and
5. Direct or indirect obligations, trust certificates, or other similar instruments which are both: (i) guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, or Fannie Mae; (ii) collateralized by or represent beneficial ownership interests in mortgage-backed pass-through securities which are guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, or Fannie Mae; including, but not limited to, Real Estate Mortgage Investment Conduit Certificates; and (iii) for purposes of the second proviso of G.S. 159-30(c)(12)a., the financial institution serving either as trustee or as fiscal agent for a joint agency holding the obligations subject to the repurchase agreement may also be the provider of the repurchase agreement if the obligations that are subject to the repurchase agreement are held in trust by the trustee or fiscal agent for the benefit of the joint agency;

(3) In mortgage-backed pass-through securities guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, or Fannie Mae;

- (4) In direct or indirect obligations which are collateralized by or represent beneficial ownership interests in mortgage-backed pass-through securities guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, or Fannie Mae; and
- (5) In direct or indirect obligations, trust certificates, or other similar instruments which are (i) guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, or Fannie Mae, and (ii) collateralized by or represent beneficial ownership interests in mortgage-backed pass-through securities which are guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, or Fannie Mae, including, but not limited to, Real Estate Mortgage Investment Conduit Certificates.
- (6) As provided in G.S. 147-69.2(b6), only with respect to funds deposited in the Catawba Unit No. 1 Decommissioning Trust Fund and the Catawba Unit No. 2 Decommissioning Trust Fund, each established pursuant to a Decommissioning Trust Agreement executed by North Carolina Municipal Power Agency Number 1 on June 28, 1990, in accordance with regulations promulgated by the Nuclear Regulatory Commission in Title 10, Chapter 1 of the Code of Federal Regulations, Part 50, as amended from time to time. (1975, c. 186, s. 1; 1991 (Reg. Sess., 1992), c. 888, s. 5; 1993, c. 445, s. 1; 1995, c. 412, s. 14; 2001-487, s. 14(n); 2021-73, s. 1(a).)

§ 159B-19. Remedies.

Any holder of bonds issued under the provisions of this Chapter or any of the coupons appertaining thereto, and the trustee under any trust agreements, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder, or, to the extent permitted by law, under such trust agreement or resolution authorizing the issuance of such bonds or under any agreement or other contract executed by the municipality or joint agency pursuant to this Chapter, and may enforce and compel the performance of all duties required by this Chapter or by such trust agreement or resolution to be performed by any joint agency or municipality or by any officer thereof, including the fixing, charging and collecting of rents, rates, fees and charges. (1975, c. 186, s. 1.)

§ 159B-20. Status of bonds under Uniform Commercial Code.

Whether or not the bonds and interest coupons appertaining thereto are of such form and character as to be investment securities under Article 8 of the Uniform Commercial Code as enacted in this State, all bonds and interest coupons appertaining thereto issued under this Chapter are hereby made investment securities within the meaning of and for all the purposes of Article 8 of the Uniform Commercial Code as enacted in this State, subject only to the provisions of the bonds pertaining to registration. (1975, c. 186, s. 1.)

§ 159B-21. Bonds eligible for investment.

Bonds issued by a municipality or joint agency under the provisions of this Chapter are hereby made securities in which all public officers and agencies of the State and all political subdivisions, all insurance companies, banking associations, investment companies, executors, administrators,

trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or any political subdivision for any purpose for which the deposit of bonds or obligations of the State or any political subdivision is now or may hereafter be authorized by law. (1975, c. 186, s. 1.)

§ 159B-22. Agreement of the State.

The State does hereby covenant and agree with the holders of any bonds that so long as any bonds of a municipality or joint agency are outstanding and unpaid the State will not limit or alter the rights vested in such municipality or joint agency to acquire, construct, reconstruct, improve, enlarge, better, extend, own, operate and maintain its electric system or any project or interest therein, as the case may be, or to establish, maintain, revise, charge, and collect the rents, rates, fees and charges referred to in this Chapter and to fulfill the terms of any agreements made with the holders of the bonds or in any way impair the rights and remedies of the bondholders, until the bonds, together with interest thereon, interest on any unpaid installment of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders, are fully paid, met and discharged. (1975, c. 186, s. 1.)

§ 159B-23. Limited liability.

(a) Bonds shall be special obligations of the municipality or joint agency issuing them. The principal of, premium, if any, and interest on the bonds shall not be payable from the general funds of the municipality or joint agency. Bonds issued to pay the cost of a project and, except as provided in this subsection, bonds that are not issued to pay the cost of a project shall not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any of the municipality's or joint agency's property or upon any of its income, receipts, or revenues, except the funds pledged under the resolution authorizing the bonds or the trust agreement securing the bonds. Bonds that are not issued to pay the cost of a project and that are secured by a pledge, assignment, mortgage, or grant of a security interest in property shall constitute an encumbrance on the municipality's or joint agency's property as provided in the resolution authorizing the bonds or the trust agreement securing the bonds.

(b) Neither the faith and credit nor the taxing power of a municipality or of the State are, or may be, pledged for the payment of the principal of or interest on bonds, and no holder of bonds shall have the right to compel the exercise of the taxing power by the State or a municipality. No holder of bonds issued to pay the cost of a project shall have the right to compel the forfeiture of any of the municipality's or joint agency's property in connection with any default on the bonds. A holder of bonds that are not issued to pay the cost of a project and that are secured by a pledge, assignment, mortgage, or grant of a security interest in property may compel the forfeiture of the property to the extent allowed in the resolution authorizing the bonds or the trust agreement securing the bonds.

(c) Every bond issued to pay the cost of a project shall recite in substance that the principal of and interest on the bond is payable solely from the revenues pledged to its payment and that the municipality or joint agency is not obligated to pay the principal or interest except from these revenues. A bond that is not issued to pay the cost of a project shall recite in substance that the principal of and interest on the bond is payable and secured as provided in the resolution authorizing the bond or the trust agreement securing the bond. (1975, c. 186, s. 1; 1991, c. 513, s. 6.)

§ 159B-24. Approval and sale of bonds.

Prior to the acquisition or the commencement of construction of any project consisting of a system or facilities for the generation of power and energy which is to be financed by the issuance of bonds under the provisions of this Chapter, the participating municipalities or joint agency, as the case may be, shall first obtain a certificate of public convenience and necessity and, in the same proceeding, the approval required by G.S. 159B-4 hereof, in the case of the participating municipalities, or the approval required by G.S. 159B-11 hereof, in the case of a joint agency, from the North Carolina Utilities Commission under such rules, regulations and procedures as the Commission may prescribe.

No municipality or joint agency shall issue any bonds pursuant to this Chapter unless and until, and only to the extent that, the issuance of such bonds is approved by the Local Government Commission. A participating municipality or joint agency shall file with the secretary of the Local Government Commission an application for Commission approval of the issuance of the bonds upon such form as the said Commission may prescribe, which form shall provide for the submission of such information as the secretary may require concerning the proposed bond issue, the details thereof and the security therefor. Before he accepts the application, the secretary may require the governing board or its representatives to attend a preliminary conference at which time the secretary and his deputies may informally discuss the details of the proposed issue and the security therefor.

After an application in proper form has been filed, and after a preliminary conference if one is required, the secretary shall notify the municipality or joint agency in writing that the application has been filed and accepted for submission to the Commission. The secretary's statement shall be conclusive evidence that the municipality or joint agency, as the case may be, has complied with the requirements of this section with respect to the filing of an application for approval by the said Local Government Commission.

In determining whether a proposed bond issue shall be approved, the Commission may consider:

- (1) The municipality's or joint agency's debt management procedures and policies.
- (2) Whether the municipality or joint agency is in default with respect to any of its debt service obligations.
- (3) Whether, based upon feasibility reports submitted to it, the probable revenues of the project to be financed or the revenues of the municipality's electric system, as the case may be, will be sufficient to service the proposed bonds.

The Commission may inquire into and give consideration to any other matters that it may believe to have a bearing on whether the issue should be approved except matters which are expressly required by the provisions of this Chapter to be determined by the North Carolina Utilities Commission.

The Commission shall approve the application if, upon the information and evidence it receives, it finds and determines:

- (1) That, based upon engineering studies and feasibility reports submitted to it, the principal amount of the proposed bonds will be adequate and not excessive for the proposed purpose of the issue.
- (2) That the municipality's or joint agency's debt management procedures and policies are good, or that reasonable assurances have been given that its debt will henceforth be managed in strict compliance with law.

- (3) That the requirements of this Chapter with respect to the issuance of the bonds and the details thereof and security therefor have been, or will be, satisfied.
- (4) That the issuance of the proposed bonds will effectuate the purposes and policies of this Chapter.

After considering an application, the Local Government Commission shall enter its order either approving or denying the application. An order approving an issue shall not be regarded as an approval of the legality of the bonds in any respect.

If the Commission enters an order denying the application, the proceedings under this section shall be at an end.

At any time after the Commission approves an application for the issuance of bonds, the governing board of the issuer may adopt a bond resolution or enter into a trust agreement in accordance with the provisions of this Chapter, and may thereafter at one time, or from time to time, issue the bonds as provided herein.

Upon the filing with the Local Government Commission of a resolution of the issuer requesting that its bonds be sold, such bonds may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interest of the issuer and effectuate best the purposes of this Chapter, provided that such sale shall be approved by the issuer.

Except as herein expressly provided, bonds may be issued and sold under the provisions of this Chapter without obtaining the approval or consent of any other department, division, commission, board, bureau or agency of the State, and without any other proceeding or the happening of any other condition or thing than those proceedings, conditions or things which are specifically required by this Chapter. (1975, c. 186, s. 1; 1995, c. 412, s. 15.)

§ 159B-25. Refunding bonds.

(a) A municipality or joint agency is hereby authorized to provide by resolution for the issuance of refunding bonds of the municipality or joint agency for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this Chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds.

(b) In addition to any refunding bonds that may be issued pursuant to subsection (a), a municipality or joint agency is hereby authorized to provide by resolution for the issuance of refunding bonds for the purpose of providing for the payment of any interest accrued or to accrue on any bonds which shall have been issued by the joint agency under the provisions of this Chapter; provided, however, that the refunding bonds are issued on or prior to June 30, 1992, and the latest maturity of the refunding bonds issued for a project is no later than the latest maturity of any other bonds issued by the municipality or joint agency, as the case may be, then outstanding for the same project; and provided further that the Local Government Commission shall conduct an evidentiary hearing and upon the evidence presented find and determine that:

- (1) The municipality's or the joint agency's debt will be managed in strict compliance with law;
- (2) The requirements of this Chapter with respect to the issuance of its bonds and the details thereof and security therefor have been and will be satisfied;
- (3) The estimated revenues of the project or the revenues of the municipality's electric system, as the case may be, will be sufficient to service all bonds to be outstanding after the issuance of the refunding bonds;

- (4) The application of the proceeds of the refunding bonds will result in the deferral of recovery in rates of a portion of the capital costs of the project for a reasonable period of time;
- (5) All capital costs of the project will be recovered over a period ending, and all bonds issued for the project will mature, no later than the end of the then estimated useful economic life of the project;
- (6) The issuance of the bonds is in the best interest of the municipality's or joint agency's electricity customers; and
- (7) The bond rating of the State and its several political subdivisions and agencies allowed to issue bonds should not be adversely affected.

(c) The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the municipality or joint agency in respect to the same shall be governed by the provisions of this Chapter which relate to the issuance of bonds, insofar as such provisions may be appropriate thereto. (1975, c. 186, s. 1; 1989, c. 735, s. 2; 1995, c. 412, s. 16.)

§ 159B-26. Tax exemption.

Bonds shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting inheritance or gift taxes, income taxes on the gain from the transfer of the bonds, and franchise taxes. The interest on the bonds is not subject to taxation as income. (1975, c. 186, s. 1; 1995, c. 46, s. 18.)

§ 159B-27. Taxes; payments in lieu of taxes.

(a) A project jointly owned by municipalities or owned by a joint agency shall be exempt from property taxes; provided, however, that each municipality possessing an ownership share of a project, and a joint agency owning a project, shall, in lieu of property taxes, pay to any governmental body authorized to levy property taxes the amount which would be assessed as taxes on real and personal property of a project if such project were otherwise subject to valuation and assessment by the Department of Revenue. Such payments in lieu of taxes shall be due and shall bear interest if unpaid, as in the cases of taxes on other property. Payments in lieu of taxes made hereunder shall be treated in the same manner as taxes for purposes of all procedural and substantive provisions of law. Any administrative building and associated land shall be deemed a project for purposes of this paragraph.

(b) through (e) Repealed by Session Laws 2013-136, s. 4.1(a), effective July 1, 2014.

(f) Except as herein expressly provided with respect to jointly owned projects or projects owned by a joint agency, no other property of a municipality used or useful in the generation, transmission and distribution of electric power and energy shall be subject to payments in lieu of taxes. (1973, c. 476, s. 193; 1975, c. 186, s. 1; 1977, c. 385, s. 12; 1981, c. 487; 1983, c. 574, s. 10; 1983 (Reg. Sess., 1984), c. 1097, s. 11; 1995, c. 412, s. 17; 2002-120, s. 6; 2013-316, s. 4.1(a).)

§ 159B-28. Personnel.

Personnel employed or appointed by a municipality to work on a joint project or for a joint agency shall have the same authority, rights, privileges and immunities (including coverage under the workers' compensation laws) which the officers, agents and employees of the appointing municipality enjoy within the territory of that municipality, whether within or without the territory

of the appointing municipality, when they are acting within the scope of their authority or in the course of their employment.

Personnel employed or appointed directly by a joint agency or by a nonprofit operating agency of the participating municipalities or of the joint agency, shall be qualified for participation in the North Carolina Local Government Employees Retirement System with the same rights, privileges, obligations and responsibilities as they would have if they were employees of a municipality. (1975, c. 186, s. 1; 1991, c. 636, s. 3.)

§ 159B-29. Dissolution of joint agencies.

Whenever the governing board of a joint agency and the governing boards of its member municipalities shall by resolution or ordinance determine that the purposes for which the joint agency was formed have been substantially fulfilled and that all bonds theretofore issued and all other obligations theretofore incurred by the joint agency have been fully paid or satisfied, the governing board of the joint agency may by resolution declare the joint agency to be dissolved. On the effective date of such resolution declaring the joint agency to be dissolved, the title to all funds and other property owned by the joint agency at the time of such dissolution shall vest in the member municipalities of the joint agency as provided in this Chapter and the bylaws of the joint agency. Notice of such dissolution shall be filed with the Secretary of State. (1975, c. 186, s. 1; 1995, c. 412, s. 18.)

§ 159B-30. Annual reports.

Each joint agency shall, following the closing of each fiscal year, submit an annual report of its activities for the preceding year to the governing boards of its member municipalities and to the North Carolina Utilities Commission. Each such report shall set forth in a form prescribed by the North Carolina Utilities Commission a complete operating and financial statement covering the operations of the joint agency during such year. The joint agency shall cause an audit of its books of record and accounts to be made at least once in each year by certified public accountant(s) and the cost thereof may be treated as a part of the cost of construction of a project or projects, or otherwise as part of the expense of administration of a project covered by such audit.

The municipalities possessing ownership interests in a project shall, following the closing of each fiscal year, submit a consolidated or combined annual report of their activities with respect to such project for the preceding year to the respective governing board of such municipalities and to the North Carolina Utilities Commission. Each such report shall set forth in a form prescribed by the North Carolina Utilities Commission a complete operating and financial statement covering the operations of the jointly owned project during such year. The municipalities possessing ownership interests in a project shall cause an audit of the books of record and accounts relating to such project to be made at least once in each year by certified public accountant(s) and the cost thereof may be treated as a cost of construction of the project, or otherwise as part of the expenses of the administration of the project covered by such audit. (1975, c. 186, s. 1.)

§ 159B-30.1. Additional reports.

Beginning March 1, 1996, and annually thereafter, each joint agency operating under the authority of Chapter 159B of the General Statutes shall file a report with the chairs of the Senate Appropriations Committee on Agriculture, Natural, and Economic Resources, the chairs of the House of Representatives Appropriations Committee on Agriculture and Natural and Economic Resources, and the Joint Legislative Oversight Committee on Agriculture and Natural and

Economic Resources the activities of the joint agency carried out pursuant to the authority granted by G.S. 159B-2, 159B-11(19b), 159B-12 and 159B-17(c). The report shall cover the preceding calendar year. Each joint agency shall file such additional reports as the committees shall request. (1991 (Reg. Sess., 1992), c. 888, s. 7; 1995, c. 412, s. 19; 2011-291, s. 2.62; 2017-57, s. 14.1(bb).)

§ 159B-31. Legislative consent to the application of laws of other states.

Legislative consent is hereby given

- (1) To the application of the laws of other states with respect to taxation, payments in lieu of taxes, and the assessment thereof, to any municipality or joint agency created pursuant to this Chapter, which has acquired or has an interest in a project, real or personal, situated without the State, or which owns or operates a project without the State pursuant to this Chapter, and
- (2) To the application of regulatory and other laws of other states and of the United States to any municipality or joint agency which owns or operates a project without the State. (1975, c. 186, s. 1.)

§ 159B-32. Government grants and loans.

The governing board of any municipality or joint agency is hereby authorized to make application and to enter into contracts for and to accept grants-in-aid and loans from the federal and State governments and their agencies for planning, acquiring, constructing, expanding, maintaining and operating any project or facility, or participating in any research or development program, or performing any function which such municipality or joint agency may be authorized by general or local law to provide or perform.

In order to exercise the authority granted by this section, the governing board of any municipality or joint agency may:

- (1) Enter into and carry out contracts with the State or federal government or any agency or institution thereof under which such government, agency or institution grants financial or other assistance to the municipality or joint agency;
- (2) Accept such assistance or funds as may be granted or loaned by the State or federal government with or without such a contract;
- (3) Agree to and comply with any reasonable conditions which are imposed upon such grants or loans;
- (4) Make expenditures from any funds so granted. (1975, c. 186, s. 1.)

§ 159B-33. Eminent domain.

Municipalities participating in a joint project and joint agencies shall possess the power of eminent domain to the extent and in the same manner and under the same laws as municipalities pursuant to Chapter 40A of the General Statutes of North Carolina; provided, however, that a municipality or joint agency exercising the power of eminent domain for a purpose authorized by this Chapter shall have no power to condemn an existing facility used for the generation, transmission or distribution of electric power and energy; provided, further, that the North Carolina Utilities Commission shall have the power and authority to order that the lines and rights-of-way of any public utility or electric membership corporation, municipalities participating in a joint project or any joint agency may be crossed by any municipalities participating in a joint project or any joint

agency or that the lines of any municipalities participating in a joint project or any joint agency may be crossed by any public utility or electric membership corporation pursuant to the provisions of G.S. 62-39; provided, further, when any municipalities participating in a joint project, or any joint agency, proposes to condemn the lands or rights-of-way of any public utility, electric membership corporation, municipalities participating in a joint project or any joint agency, or any public utility or electric membership corporation proposes to condemn the lands or rights-of-way of any municipalities participating in a joint project or any joint agency, not then used for the generation, transmission or distribution of electric power and energy but held for future use or development, the party desiring to condemn shall file a petition with the North Carolina Utilities Commission requesting authority to condemn such lands or rights-of-way. Upon such petition, the North Carolina Utilities Commission shall have the power and authority, after notice and hearing, to order that such lands or rights-of-way, or parts thereof, may be condemned, and its order shall be final, subject to appeal as provided in this section. In all such cases in which the Commission permits condemnation and when the parties affected cannot agree upon the damages to be paid for the lands or rights-of-way to be condemned, it shall be the duty of the Commission to fix the damages, if any, to be paid in such amounts as may be just and equitable. Any party shall have the right of appeal from any final order or decision or determination of the North Carolina Utilities Commission as to matters of crossings and condemnation of property held for future use or development pursuant to the provisions of Article 5 of Chapter 62 of the General Statutes of North Carolina. (1975, c. 186, s. 1; 1981, c. 919, s. 27.)

§ 159B-34. Liability and defense.

(a) No commissioner or officer of any joint agency or municipality, or member of an executive committee created pursuant to G.S. 159B-10, or person or persons acting in their behalf, while acting within the scope of their authority, shall be subject to any personal liability or accountability by reason of his carrying out any of the powers expressly or impliedly given in this Chapter.

(b) The governing board of a joint agency may provide for the defense of a criminal or civil proceeding brought against any current or former commissioner, member of an executive committee, officer, agent or employee either in his official or individual capacity, or both, on account of any act done or omission made in the scope and course of his employment or duty as a commissioner, member of an executive committee, officer, agent, or employee of the joint agency. The defense may be provided by the agency by its own counsel, by employing other counsel or by purchasing insurance which requires that the insurer provide the defense.

(c) The governing board may appropriate funds for the purpose of paying all or part of a claim made or any civil judgment entered against any of its current or former commissioners, members of executive committees, officers, agents or employees, when such claim is made or such judgment is rendered as damages on account of any act done or omission made in the scope and course of his current or former employment or duty as a commissioner, member of an executive committee, officer, agent or employee; provided, however, that nothing in this section shall authorize any joint agency to appropriate funds for the purpose of paying any claim made or civil judgment entered against any current or former commissioners, members of executive committees, officers, agents or employees if the board of commissioners finds that commissioner, member of an executive committee, officer, agent or employee acted or failed to act because of actual fraud, corruption or actual malice on his part. Any joint agency may purchase insurance coverage for

payment of claims or judgments pursuant to this section. (1975, c. 186, s. 1; 1985, c. 225, s. 1; 1995, c. 412, s. 20.)

§ 159B-35. Additional method.

The foregoing sections of this Chapter shall be deemed to provide an additional, alternative and complete method for the doing of the things authorized thereby and shall be deemed and construed to be supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that insofar as the provisions of this Chapter are inconsistent with the provisions of any other general, special or local law, the provisions of this Chapter shall be controlling. Nothing in this Chapter shall be construed to authorize the issuance of bonds for the purpose of financing facilities to be owned exclusively by any private corporation. (1975, c. 186, s. 1; 1977, c. 385, s. 13.)

§ 159B-36: Recodified as § 159B-52 by Session Laws 1983, c. 609, s. 8.

§ 159B-37. Actions relating to bonds or to security for bonds.

Notwithstanding the general provisions concerning venue contained in Chapter 1, Subchapter IV, Article 7, or elsewhere in the General Statutes, any action or proceeding by or against a municipality or a joint agency that concerns or relates to (a) any bonds issued pursuant to this Chapter, (b) any contract or document the revenues from which secure in whole or in part the payment of said bonds or (c) any other security or source for payment of said bonds must be tried in the Superior Court of Wake County. (1985, c. 414, s. 1.)

§ 159B-38. Confidentiality of contract discussions.

Discussions of a proposed or existing contract to which a joint agency may be or is a party for the construction, ownership, or operation of works, plants, and facilities for or incident to the generation, transmission, or use of electric power and energy or the purchase, sale, exchange, interchange, wheeling, pooling, transmission, or use of electric power and energy shall be confidential and information relating to such discussions shall not be a public record under Chapter 132 of the General Statutes; provided that any contract entered into by or on behalf of a joint agency as defined by G.S. 159B-3 shall be a public record unless otherwise exempted by law. (1993 (Reg. Sess., 1994), c. 570, s. 11.)

§ 159B-39. Permitted uses of revenue from electric power rates.

(a) A municipality as authorized in this Chapter shall use revenue derived from rates for electric service to (i) pay the direct and indirect costs of operating the electric system and (ii) transfer to other funds of the municipality a sum that reflects a rate of return on the investment in the electric system to the extent allowed in subsection (c) of this section. Any remaining revenue shall be used to produce lower rates on electric service within the area served by the municipal electric system and to make additional debt service payments on bonds or other indebtedness incurred by the municipality to finance improvements to the electric system. A municipality shall not otherwise transfer revenue from an electric utility fund to any other fund of the municipality for any other purpose not explicitly authorized by law.

(b) The direct and indirect costs of operating the electric system include all of the following:

- (1) Debt service payments on indebtedness incurred for the electric system or secured by revenues of the electric system.
- (2) Capital improvements or equipment for the electric system.
- (3) Payments for the cost of power purchased under contractual arrangements.
- (4) Debt service, maintenance, renewal, and replacement or other reserves required by legal documents entered into by the municipality in connection with the issuance of bonds or other indebtedness for the electric system.
- (5) Reserves deemed necessary by the governing body of the municipality to assure that funds are available to maintain the financial and operational integrity of the electric system.
- (6) Maintaining a rate stabilization fund to minimize the impact of periodic rate changes that would otherwise be required to reflect changes in costs of operations and demand for electric service.
- (7) Making payments in lieu of taxes to other governmental units to reflect property taxes that would have been collected by the other governmental unit if the municipality were not the owner of the electric system.
- (8) Making transfers to the general fund or other funds of the municipality to reimburse the general fund or other funds for costs paid from the fund that are reasonably allocable to the electric system.

(c) The total amount transferred to other funds of the municipality authorized as a rate of return on the investment of the municipality in the electric system shall be calculated using amounts reported in the municipality's audited financial statements for the preceding fiscal year. The amount transferred may be less than the following, but in no event may the amount transferred exceed the greater of the following:

- (1) Three percent (3%) of the gross capital assets of the electric system at the end of the preceding fiscal year.
- (2) Five percent (5%) of the gross annual revenues of the electric system for the preceding fiscal year.

(d) The restrictions in this section shall not apply to any action required to be taken for a municipality by the Local Government Commission in accordance with G.S. 159-181(c).

(e) This section applies only to the following cities and towns that are members of the North Carolina Eastern Municipal Power Agency: Apex, Ayden, Belhaven, Benson, Clayton, Edenton, Elizabeth City, Farmville, Fremont, Greenville, Hamilton, Hertford, Hobgood, Hookerton, Kinston, LaGrange, Laurinburg, Louisburg, Lumberton, New Bern, Pikeville, Red Springs, Robersonville, Rocky Mount, Scotland Neck, Selma, Smithfield, Southport, Tarboro, Wake Forest, Washington, and Wilson. (2011-129, ss. 1, 2; 2012-181, ss. 1, 2.)

§ 159B-40. Reserved for future codification purposes.

§ 159B-41. Reserved for future codification purposes.
