

§ 105-269.15. Income tax credits of partnerships.

(a) Qualification. – A partnership that engages in an activity that is eligible for a tax credit qualifies for the credit as an entity and then passes through to each of its partners the partner's distributive share of the credit for which the partnership entity qualifies. Maximum dollar limits and other limitations that apply in determining the amount of a tax credit available to a taxpayer apply to the same extent in determining the amount of a tax credit for which the partnership entity qualifies, with one exception. The exception is a limitation that the tax credit cannot exceed the amount of tax imposed on the taxpayer.

(b) Allowance of Credit to Partner. – A partner's distributive share of an income tax credit passed through by a partnership is allowed to the partner only to the extent the partner would have qualified for the credit if the partner stood in the position of the partnership. All limitations on an income tax credit apply to each partner to the extent of the partner's distributive share of the credit, except that a corporate partner's distributive share of an individual income tax credit is allowed as a corporation income tax credit to the extent the corporate partner could have qualified for a corporation income tax credit if it stood in the position of the partnership. All limitations on an income tax credit apply to the sum of the credit passed through to the partner plus the credit for which the partner qualifies directly.

(c) Determination of Distributive Share. – A partner's distributive share of an income tax credit shall be determined in accordance with sections 702 and 704 of the Code. (1993 (Reg. Sess., 1994), c. 674, s. 3; 2001-335, s. 1.)
