

§ 106-548. Quarantine.

When the State Veterinarian receives information or has reason to believe that pullorum disease or fowl typhoid exists in any poultry or that they have been exposed to one of these diseases, he shall promptly cause said poultry to be quarantined on the premises where located. Said poultry or hatching eggs shall not be removed from the premises where quarantined until quarantine has been released by the State Veterinarian or his authorized representative. A permit to move such infected or exposed poultry to immediate slaughter, or to another premise under quarantine, may be issued by the State Veterinarian or his authorized representative. (1945, c. 616, s. 10; 1969, c. 464; 1983, c. 290, s. 6.)
