- a. ~~It is sold in a heated state or it is heated by the retailer.~~
- b. ~~It consists of two or more foods mixed or combined by the retailer for sale as a single item. This sub-subdivision does not include foods containing raw eggs, fish, meat, or poultry that require cooking by the consumer as recommended by the Food and Drug Administration to prevent food borne illnesses.~~
- e. ~~It is sold with eating utensils provided by the retailer, such as plates, knives, forks, spoons, glasses, cups, napkins, and straws. A plate does not include a container or packaging used to transport the food."~~

SECTION 2.1.(b) Article 5 of Chapter 105 of the General Statutes is amended by adding the following new section to read:

"§ 105-164.4L. Prepared food.

(a) Prepared Food Definition. – The term "prepared food" means food that meets at least one of the following conditions:

- (1) It is sold in a heated state, or it is heated by the retailer.
- (2) It consists of two or more foods mixed or combined by the retailer for sale as a single item. This does not include:
 - a. Food containing raw eggs, fish, meat, or poultry that requires cooking by the consumer as recommended by the Food and Drug Administration in chapter 3, part 401.11 of its Food Code so as to prevent foodborne illnesses.
 - b. Food that is only sliced, repackaged, or pasteurized by the retailer.
- (3) It is sold with eating utensils provided by the retailer, such as plates, knives, forks, spoons, glasses, cups, napkins, and straws. A plate does not include a container or packaging used to transport the food. An eating utensil placed in a package with the food items by a person other than the retailer, if that other person's NAICS classification code is that of a manufacturer, sector 311, is not treated as an eating utensil provided by the retailer. For a packager with

any other NAICS classification code, the retailer is considered to have provided the eating utensil.

(b) Utensils Provided by the Retailer. – Based on a retailer's prepared food sales percentage, determined in accordance with subsection (c) of this section, the phrase "provided by the retailer," as described in subdivision (3) of subsection (a) of this section, has the following meanings:

- (1) Sales percentage of greater than seventy-five percent (75%). – If a retailer has a prepared food sales percentage of greater than seventy-five percent (75%), "provided by the retailer" means the retailer makes eating utensils available to purchasers, except that an item sold by the retailer containing four or more servings packaged as one item and sold for a single price does not become prepared food because the retailer makes utensils available to the purchaser of the item, but is prepared food if the retailer physically gives or hands utensils to the purchaser of the item. Serving sizes are determined based on the label of an item sold. If no label is available, a retailer must reasonably determine the number of servings in an item.
- (2) Sales percentage of seventy-five percent (75%) or less. – If a retailer has a prepared food sales percentage of seventy-five percent (75%) or less, "provided by the retailer" means the retailer's business practice is to physically give or hand eating utensils to purchasers, except that plates, bowls, glasses, and cups necessary for the purchaser to receive the food need only be made available to purchasers.

(c) Prepared Food Sales Percentage. –

- (1) Definition. – A percentage determined by dividing the following described numerator by the following described denominator:
 - a. The numerator is the retailer's annual sales of prepared food described in subdivisions (1) and (2) of subsection (a) of this section and food sold when plates, bowls, glasses, or cups are necessary to receive the food. The numerator shall not include alcoholic beverages or food excluded from prepared food.
 - b. The denominator is the retailer's total annual sales of all food and prepared food, excluding alcoholic beverages.
- (2) Administration of definition. –
 - a. A retailer must calculate the prepared food sales percentage for each tax year or business fiscal year based on the retailer's data from the prior tax year or business fiscal year, as soon as possible after accounting records are available, but not later than 90 days after the beginning of the retailer's tax year or business fiscal year.
 - b. A single prepared food sales percentage shall be determined annually for all of the retailer's establishments in this State.
 - c. A new retailer shall make a good-faith estimate of its prepared food sales percentage for its first year in business. The new retailer must adjust its good-faith estimate prospectively after the first three months of its business operation if actual prepared food sales percentages materially affect the seventy-five percent (75%) threshold described in subsection (b) of this section."

SECTION 2.2. G.S. 105-164.4J is amended by adding a new subsection to read:

"(k) Efficient Administration. – When the Secretary finds it necessary for the efficient administration of this Article to regard any sales representatives, solicitors, representatives, consignees, peddlers, or truckers as agents of the dealers, distributors, consignors, supervisors, employers, or persons under whom they operate or from whom they obtain the items sold by

them regardless of whether they are making sales on their own behalf or on behalf of these dealers, distributors, consignors, supervisors, employers, or persons, the Secretary may so regard them and may regard the dealers, distributors, consignors, supervisors, employers, or persons as "marketplace facilitators" for the purpose of this Article and may treat the sales they make as "marketplace-facilitated sales" and the sellers as "marketplace sellers."

SECTION 2.3. G.S. 105-164.11B reads as rewritten:

"§ 105-164.11B. Recover sales tax paid.

(a) Retailers. – A retailer who pays sales and use tax on an item that is separately stated on an invoice or similar billing document given to the retailer at the time of sale and subsequently resells the item at retail, without the item being used by the retailer, may recover the sales or use tax originally paid to a seller as provided in this ~~section~~-subsection. A retailer entitled to recover tax under this ~~section~~-subsection may reduce taxable receipts by the taxable amount of the purchase price of the item resold for the period in which the retail sale occurs. A recovery of tax allowed under this ~~section~~-subsection is not an overpayment of tax and, where ~~such~~-the recovery is taken, a refund of the tax originally paid may not be requested from the seller pursuant to the authority under G.S. 105-164.11. Any amount for tax recovered under this ~~section~~-subsection in excess of tax due for a reporting period under this Article is not subject to refund. Any tax recovered under this ~~section~~-subsection may be carried forward to a subsequent reporting period and taken as an adjustment to taxable receipts. The records of the retailer must clearly reflect and support the adjustment to taxable receipts for the period in which the adjustment is made.

(b) Marketplace Facilitators. – A marketplace facilitator may recover the sales or use tax originally paid to a marketplace seller as provided in this subsection when the marketplace facilitator pays sales and use tax to a marketplace seller on a marketplace-facilitated sale for which the marketplace facilitator is considered the retailer pursuant to G.S. 105-164.4J(b), and the tax is separately stated on an invoice or similar billing document given to the marketplace facilitator at the time of sale. A marketplace facilitator entitled to recover tax under this subsection may reduce taxable receipts by the taxable amount of the marketplace-facilitated sale that is taxed by the marketplace seller for the period in which the retail sale occurs. A recovery of tax allowed under this subsection is not an overpayment of tax and, where the recovery is taken, a refund of the tax originally paid may not be requested from the seller pursuant to the authority under G.S. 105-164.11. Any amount for tax recovered under this subsection in excess of tax due for a reporting period under this Article is not subject to refund. Any tax recovered under this subsection may be carried forward to a subsequent reporting period and taken as an adjustment to taxable receipts. The records of the retailer must clearly reflect and support the adjustment to taxable receipts for the period in which the adjustment is made."

SECTION 2.4.(a) G.S. 105-164.13 reads as rewritten:
