(a2) Repealed by Session Laws 2014-88, s. 3(c), effective July 30, 2014.

(a3) Anti-Pension-Spiking Contribution-Based Benefit Cap. – Notwithstanding any other provision of this section, every service retirement allowance provided under this section for members who retire on or after January 1, 2015, is subject to adjustment pursuant to a contribution-based benefit cap under this subsection. The Board of Trustees shall adopt a contribution-based benefit cap factor recommended by the actuary, based upon actual experience, such that no more than three-quarters of one percent (0.75%) of retirement allowances are expected to be capped. The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 135-6(n). Prior to establishing a service retirement allowance under this section, the Board shall:

- (1) Determine an amount equal to the member's accumulated contributions as required under G.S. 135-8(b)(1) for all years during which the member earned membership service, other than service earned through armed service credit under G.S. 135-4(f) or G.S. 135-4(g), used in the calculation of the retirement allowance that the member would receive under this section.
- (2) Determine the amount of a single life annuity that is the actuarial equivalent of the amount determined under subdivision (1) of this subsection, adjusted for the age of the member at the time of retirement or, when appropriate, the age at the time of the member's death.
- (3) Multiply the annuity amount determined under subdivision (2) of this subsection by the contribution-based benefit cap factor.
- (4) Determine the amount of the retirement allowance that results from the member's membership service, to which the member would be entitled but for the adjustment under this subsection. The amount shall be calculated in the same manner as the member's service retirement allowance, with the following exceptions: The applicable percentage of the member's average final compensation shall be multiplied by the number of years of membership service, rather than the number of years of creditable service; the amount shall include the effect of any percentage reduction that applies to the member's service retirement allowance by virtue of the member's age or amount of creditable service as of the service retirement date; and the amount shall not be adjusted for an optional allowance elected under subsection (g) of this section.

The product of the multiplication in subdivision (3) of this subsection is the member's contribution-based benefit cap. If the amount determined under subdivision (4) of this subsection exceeds the member's contribution-based benefit cap, the member's retirement allowance shall be reduced by an amount equal to the difference between the contribution-based benefit cap and the amount determined under subdivision (4) of this subsection.

Notwithstanding the foregoing, the retirement allowance of a member with an average final compensation of less than one hundred thousand dollars (\$100,000), as hereinafter indexed, shall not be subject to the contribution-based benefit cap. The minimum average final compensation necessary for a retirement allowance to be subject to the contribution-based benefit cap shall be increased on January 1 each year by the percent change between the June Consumer Price Index in the year prior to retirement and the June Consumer Price Index in the fiscal year most recently ended, calculated to the nearest tenth of a percent (0.1%), provided that this percent change is positive.

Notwithstanding the foregoing, the retirement allowance of a member who became a member before January 1, 2015, or who has not earned at least five years of membership service in the Retirement System after January 1, 2015, shall not be reduced; however, the member's last employer, or if the member's last employer did not report to the retirement system any compensation paid to the member during the period used to compute the member's average final

compensation, the member's employer or employers who reported compensation to the member during such period, shall be required to make an additional contribution as specified in G.S. 135-8(f)(2)f., if applicable.

(b) Service Retirement Allowances of Persons Retiring on or after July 1, 1959, but prior to July 1, 1963. – Upon retirement from service on or after July 1, 1959, but prior to July 1, 1963, a member shall receive a service retirement allowance which shall consist of:

- (1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and
- (2) A pension equal to the annuity allowable at the age of 65 years or at his retirement age, whichever is the earlier age, computed on the basis of contributions made prior to such earlier age; and
- (3) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the sum of:
 - a. The annuity which would have been provided at his retirement age by the contributions which he would have made during such prior service had the System been in operation and had he contributed thereunder at the rate of six and twenty-five hundredths per centum (6.25%) of his compensation; and
 - b. The pension which would have been provided on account of such contributions at age 65, or at his retirement age, whichever is the earlier age.

If the member has not less than 20 years of creditable service, he shall be entitled to a total retirement allowance of not less than seventy dollars (\$70.00) per month; provided that the computation shall be made prior to any reduction resulting from the selection of an optional allowance as provided by subsection (g) of this section.

- (2) A pension equal to seventy-five per centum (75%) of the pension that would have been payable upon service retirement at the age of 65 years had the member continued in service to the age of 65 years without further change in compensation.

If the member has not less than 20 years of creditable service, he shall be entitled to a total retirement allowance of not less than seventy dollars (\$70.00) per month; provided, that the computation shall be made prior to any reduction resulting from an optional allowance as provided by subsection (g) of this section.

(d1) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1963, but prior to July 1, 1969. – Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1963, but prior to July 1, 1969, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation, to the age of 60 years, minus the actuarial equivalent to the contributions he would have made during such continued service.
- (2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963, shall receive not less than the benefit provided by G.S. 135-5(d).

(d2) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1969, but prior to July 1, 1971. – Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1969, but prior to July 1, 1971, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation to the age of 65 years, minus the actuarial equivalent of the contributions he would have made during such continued service.
- (2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963, shall receive not less than the benefit provided by G.S. 135-5(d).

(d3) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1971, but prior to July 1, 1982. – Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1971, but prior to July 1, 1982, a member shall receive a service retirement allowance if he has attained the age of 65 years; otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to a service retirement allowance calculated on the basis of the member's average final compensation prior to his disability retirement and the creditable service he would have had at the age of 65 years if he had continued in service.
- (2) Notwithstanding the foregoing provisions,
 - a. Any member whose creditable service commenced prior to July 1, 1971, shall receive not less than the benefit provided by G.S. 135-5(d2);
 - b. The amount of disability allowance payable from the reserve funds of the Retirement System to any member retiring on or after July 1, 1974, who is eligible for and in receipt of a disability benefit under the Social Security Act shall be seventy percent (70%) of the amount calculated under a above, and the balance shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements; and
 - c. The amount of disability allowance payable to any member retiring on or after July 1, 1974, who is not eligible for and in receipt of a disability benefit under the Social Security Act shall not be payable from the reserve funds of the Retirement System but shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements.

(d4) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1982, Who Left Service prior to January 1, 1988. – Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1982, a member who left service prior to January 1, 1988 shall receive a service retirement allowance if he has qualified for an unreduced service retirement allowance; otherwise the allowance shall be equal to a service retirement allowance

calculated on the member's average final compensation prior to his disability retirement and the creditable service he would have had had he continued in service until the earliest date on which he would have qualified for an unreduced service retirement allowance.

(e) Reexamination of Beneficiaries Retired for Disability. – The provisions of this subsection shall be applicable to members retired on a disability retirement allowance and shall not be applicable to members in service on or after January 1, 1988. Once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by a physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year all his rights in and to his pension may be revoked by the Board of Trustees.

- (1) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months of service in the final 48 months prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 each year by the percentage change between the December Consumer Price Index in the year prior to retirement and the December Consumer Price Index in the year most recently ended, calculated to the nearest tenth of one percent ($\frac{1}{10}$ of 1%), provided that this percentage change is positive. Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his average final compensation and creditable service at the time of disability and his age at the time of conversion to service retirement. This election is irrevocable. Provided, the provisions of this subdivision shall not apply to beneficiaries of the Law-Enforcement Officers' Retirement System transferred to this Retirement System who commenced retirement on and before July 1, 1981.
- (2) Should a disability beneficiary under the age of 60 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the same rate he paid prior to disability; provided that, on and after July 1, 1971, if a disability beneficiary under the age of 62 years is restored to active service at a compensation not less than his average final compensation, his retirement

allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Any such prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and, in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration and the pension that he would have received on account of his service since his last restoration had he entered service at the time as a new entrant.

- (3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance described in a. below reduced by the amount in b. below:
 - a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.
 - b. The actuarial equivalent of the retirement benefits he previously received.
- (3a) Notwithstanding the foregoing, should a beneficiary who retired on a disability retirement allowance be restored to service as an employee or teacher, then the retirement allowance shall cease as of the first day of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members. Upon the subsequent retirement of the beneficiary, he shall be entitled to an allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service. Provided, however, any election of an optional allowance cannot be changed unless the member subsequently completes three years of membership service after being restored to service.
- (4) As a condition to the receipt of the disability retirement allowance provided for in G.S. 135-5(d), (d1), (d2) and (d3) each member retired on a disability retirement allowance shall, on or before April 15 of each calendar year, provide the Board of Trustees with a statement of his or her income received as compensation for services, including fees, commissions or similar items, and income received from business, for the previous calendar year. Such statement shall be filed on a form as required by the Board of Trustees. The benefit payable to a beneficiary who does not or refuses to provide the information requested within 60 days after such request shall not be paid a benefit until the information so requested is provided, and should such refusal or failure to provide such information continue for 240 days after such request, the right of a beneficiary to a benefit under the Article may be terminated.

The Director of the State Retirement System shall contact any State or federal agency which can provide information to substantiate the statement

required to be submitted by this subdivision and may enter into agreements for the exchange of information.

- (5) Notwithstanding any other provisions of this Article to the contrary, a beneficiary who was a beneficiary retired on a disability retirement with the Law-Enforcement Officers' Retirement System at the time of the transfer of law-enforcement officers employed by a participating employer and beneficiaries last employed by a participating employer to this Retirement System and who also was a contributing member of this Retirement System at that time, shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership. Any beneficiary who retired on a disability retirement allowance as an employee of any participating employer under the Law-Enforcement Officers' Retirement System and becomes employed as an employee other than as a law-enforcement officer by an employer participating in the Retirement System after the aforementioned transfer shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership until January 1, 1989, at which time his retirement allowance shall cease and his subsequent retirement shall be determined in accordance with the preceding subdivision (3a) of this subsection. Any beneficiary as hereinbefore described who becomes employed as a law-enforcement officer by an employer participating in the Retirement System shall cease to be a beneficiary and shall immediately commence membership and his subsequent retirement shall be determined in accordance with subdivision (3a) of this subsection.
- (6) Notwithstanding any other provision to the contrary, a beneficiary in receipt of a disability retirement allowance until the earliest date on which he would have qualified for an unreduced service retirement allowance shall thereafter (i) not be subject to further reexaminations as to disability, (ii) not be subject to any reduction in allowance on account of being engaged in a gainful occupation other than with an employer participating in the Retirement System, and (iii) be considered a beneficiary in receipt of a service retirement allowance. Provided, however, a beneficiary in receipt of a disability retirement allowance whose allowance is reduced on account of reexamination as to disability or to ability to engage in a gainful occupation prior to the date on which he would have qualified for an unreduced service retirement allowance shall have only the right to elect to convert to an early or service retirement allowance as permitted under subdivision (1) above.

(f) Return of Accumulated Contributions. – Should a member cease to be a teacher or State employee except by death or retirement under the provisions of this Chapter, the member shall upon submission of an application be paid, not earlier than 60 days from the date of termination of service, the member's contributions, and the accumulated regular interest thereon, provided that the member has not in the meantime returned to service. Upon payment of such sum his or her membership in the System shall cease and, if he or she thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 135-4, and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as the member or former member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed

with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of the member's accumulated contributions at the time of the member's death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. An extension service employee who made contributions to the Local Governmental Employees' Retirement System and the Teachers' and State Employees' Retirement System as a result of dual employment may not be paid his or her accumulated contributions unless the extension service employee is eligible to be paid his or her accumulated contributions in both systems for the same period of service.

Pursuant to the provisions of G.S. 135-56.2, a member who is also a member of the Consolidated Judicial Retirement System may irrevocably elect to transfer any accumulated contributions to the Consolidated Judicial Retirement System or to the Supplemental Retirement Income Plan and forfeit any rights in or to any benefits otherwise payable hereunder.

A member who is a participant or beneficiary of the Disability Income Plan of North Carolina as is provided in Article 6 of this Chapter shall not be paid a return of accumulated contributions, notwithstanding the member's status as an employee or teacher. Notwithstanding any other provision of law to the contrary, a member who is a beneficiary of the Disability Income Plan of North Carolina as provided in Article 6 of this Chapter and who is receiving disability benefits under the transition provisions as provided in G.S. 135-112, shall not be prohibited from receiving a return of accumulated contributions as provided in this subsection.

(f1) Expired.

(g) (See Editor's note) Election of Optional Allowance. – With the provision that until the first payment on account of any benefit becomes normally due and the first payment date has occurred, any member may elect to receive his or her benefits in a retirement allowance payable throughout life, or the member may elect to receive the actuarial equivalent of such retirement allowance, including any special retirement allowance, in a reduced allowance payable throughout life under the provisions of one of the options set forth below. The election of Option 2, 3, or 6 or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due and the first payment date has occurred. Such election may be revoked by the member prior to the date the first payment becomes normally due and the first payment date has occurred. Provided, however, in the event a member has elected Option 2, 3, or 5 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due and the first payment date has occurred, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination. Any member having elected Option 2, 3, 5, or 6 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new option. Except as provided in this section, the member may not change the member's retirement benefit option or the member's designated beneficiary for survivor benefits, if any, after the first payment on account of any benefit becomes normally due and the first payment date has occurred.

Option 1.(a) In the Case of a Member Who Retires prior to July 1, 1963. – If he dies before he has received in annuity payments the present value of his

annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

(b) In the Case of a Member Who Retires on or after July 1, 1963, but prior to July 1, 1993. – If he dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less $\frac{1}{120}$ thereof for each month for which he has received a retirement allowance payment, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees; or

Option 2. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement, provided that if the person selected is other than his spouse the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to him; or

Option 3. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option 4. Adjustment of Retirement Allowance for Social Security Benefits. – Until the first payment on account of any benefit becomes normally due, any member may elect to convert his benefit otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value of such amount that with his benefit under Title II of the Federal Social Security Act, he will receive, so far as possible, approximately the same amount per year before and after the earliest age at which he becomes eligible, effective as of the first of the month following the month of initial entitlement, upon application therefor, to receive a social security benefit.

Option 5. For Members Retiring Prior to July 1, 1993. – The member may elect to receive a reduced retirement allowance under the conditions of Option 2 or Option 3, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less $\frac{1}{120}$ thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option 6. A member may elect either Option 2 or Option 3 with the added provision that in the event the designated beneficiary predeceases the member, the retirement allowance payable to the member after the designated beneficiary's death shall be equal to the retirement allowance which would have been payable had the member not elected the option.

Upon the death of a member after the effective date of a retirement for which the member has been approved and following receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E) but prior to when the first payment on account of any benefit becomes normally due and the first benefit payment has occurred, the retirement benefit shall be payable as provided by the member's election of benefits under this subsection.

Upon the death of a member after the effective date of a retirement for which the member has been approved but prior to the receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E), properly acknowledged and filed by the member, the member's designated beneficiary for a return of accumulated contributions may elect to receive the benefit, if only one beneficiary is eligible to receive the return of accumulated contributions. If more than one beneficiary is eligible to receive the return of accumulated contributions, or if no beneficiary has

been designated, the administrator or executor of the member's estate will select an option and name the beneficiary or beneficiaries.

(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. In the event that a retiree is receiving a Special Retirement Allowance under subsection (m1) of this section, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the employee's voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System over the total of the Special Retirement Allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" excludes any amount transferred under subsection (m2) of this section.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. In the event that a retirement allowance becomes payable to the contingent beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the contingent beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 135-4, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's legal representative.

(h) Computation of Benefits Payable Prior or Subsequent to July 1, 1947. – Prior to July 1, 1947, all benefits payable as of February 22, 1945, shall be computed on the basis of the provisions of Chapter 135 as they existed at the time of the retirement of such beneficiaries. On and after July 1, 1947, all benefits payable to, or on account of, such beneficiaries shall be adjusted to take into account, under such rule as the Board of Trustees may adopt, the provisions of this Article as if they had been in effect at the date of retirement, and no further contributions on account of such adjustment shall be required of such beneficiaries. The Board of Trustees may authorize such transfers of reserve between the funds of the Retirement System as may be required by the provisions of this subsection.

(i) Restoration to Service of Certain Former Members. – If a former member who ceased to be a member prior to July 1, 1949, for any reason other than retirement, again becomes a member and prior to July 1, 1951, redeposits in the annuity savings fund by a single payment the amount, if any, he previously withdrew therefrom, he shall, anything in this Chapter to the contrary, be entitled to any membership service credits he had when his membership ceased, and any prior service certificate which became void at the time his membership ceased shall be restored to full force and effect: Provided, that, for the purpose of computing the amount of any retirement allowance which may become payable to or on account of such member under the Retirement System, any amount redeposited as provided herein shall be deemed to represent contributions made by the member after July 1, 1947.

(j) Notwithstanding anything herein to the contrary, effective July 1, 1959, the following provisions shall apply with respect to any retirement allowance payments due after such date to any retired member who was retired prior to July 1, 1959, on a service or disability retirement allowance:

- (1) If such retired member has not made an election of an optional allowance in accordance with G.S. 135-5(g), the monthly retirement allowance payable to him from and after July 1, 1959, shall be equal to the allowance previously payable, increased by fifteen percent (15%) thereof, or by fifteen dollars (\$15.00), whichever is the lesser; provided that, if such member had rendered not less than 20 years of creditable service, the retirement allowance payable

to him from and after July 1, 1959, shall be not less than seventy dollars (\$70.00) per month.

- (2) If such retired member has made an effective election of an optional allowance, the allowance payable to him from and after July 1, 1959, shall be equal to the allowance previously payable under such election plus an increase which shall be computed in accordance with (1) above as if he had not made such an election; provided that such increase shall be payable only during the retired member's remaining life and no portion of such increase shall become payable to the beneficiary designated under the election.

(k) Increase in Benefits to Those Persons Who Were in Receipt of Benefits prior to July 1, 1967. – From and after July 1, 1967, the monthly benefits to or on account of persons who commenced receiving benefits from the System prior to July 1, 1967, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

Period in Which Benefits Commenced	Percentage
January 1, 1966, to June 30, 1967	5%
Year 1965	6%
Year 1964	7%
Year 1963	8%
and so on concluding with	
Year 1942	29%

The minimum increase pursuant to this subsection (k) shall be ten dollars (\$10.00) per month; provided that, if an optional benefit has been elected, said minimum shall be reduced actuarially as determined by the Board and shall be applicable to the retired member, if surviving, otherwise to his designated beneficiary under the option elected.

(l) Death Benefit Plan. – There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. The Plan shall be part of the North Carolina Teachers' and State Employees' Benefit Trust, as established under G.S. 135-7(g). All receipts, transfers, appropriations, contributions, investment earnings, and other income belonging to the Plan shall be deposited in the Benefit Trust. All benefits and expenses against the Plan shall be disbursed from the Benefit Trust. Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to participants, beneficiaries, and the members' estates in accordance with the Plan's benefit terms. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and are not subject to the claims of creditors of members and beneficiaries. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as the member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if

such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

- (1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or
- (2) The greatest compensation on which contributions were made by the member during a 12-month period of service within the 24-month period of service ending on the last day of the month preceding the month in which his last day of actual service occurs;

(3), (4) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1049, s. 2.

subject to a minimum of twenty-five thousand dollars (\$25,000) and to a maximum of fifty thousand dollars (\$50,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection (l) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

- (1) After December 31, 1968 and after he has attained age 70; or
- (2) After December 31, 1969 and after he has attained age 69; or
- (3) After December 31, 1970 and after he has attained age 68; or
- (4) After December 31, 1971 and after he has attained age 67; or
- (5) After December 31, 1972 and after he has attained age 66; or
- (6) After December 31, 1973 and after he has attained age 65; or
- (7) After December 31, 1978, but before January 1, 1987, and after he has attained age 70.

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

- (1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of 12 consecutive months or, if less, the period covered by an annual contract of employment. For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.
- (2) Last day of actual service shall be:

- a. When the employee has been terminated, the last day the member actually worked.
 - b. When the employee has not been terminated, the date on which an absent member's sick and annual leave expire, unless the member is on approved leave of absence and is in service under the provisions of G.S. 135-4(h).
 - c. When the member's service is interrupted by reason of service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, and the participant does not return immediately after that service to employment with a covered employer in this System, the date on which the participant was first eligible to be separated or released from his or her involuntary military service.
- (3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 135-4(h).
 - (4) A member on leave of absence from his position as a teacher or State employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a teacher or State employee during the 12-month period immediately prior to the month in which death occurred, not to be less than twenty-five thousand dollars (\$25,000) nor to exceed fifty thousand dollars (\$50,000).

The provisions of the Retirement System pertaining to Administration, G.S. 135-6, and management of funds, G.S. 135-7, are hereby made applicable to the Plan.

A member who is a beneficiary of the Disability Income Plan provided for in Article 6 of this Chapter, or a member who is in receipt of Workers' Compensation during the period for which he or she would have otherwise been eligible to receive short-term benefits or extended short-term benefits as provided in G.S. 135-105 and dies on or after 181 days from the last day of his or her actual service but prior to the date the benefits as provided in G.S. 135-105 would have ended, shall be eligible for group life insurance benefits as provided in this subsection, notwithstanding that the member is no longer an employee or teacher or that the member's death occurs after the eligibility period after active service. The basis of the death benefit payable hereunder shall be the higher of the death benefit computed as above or a death benefit based on compensation used in computing the benefit payable under G.S. 135-105 and G.S. 135-106, as may be adjusted for percentage post-disability increases, all subject to the maximum dollar limitation as provided above. A member in receipt of benefits from the Disability Income Plan under the provisions of G.S. 135-112 whose right to a benefit accrued under the former Disability Salary Continuation Plan shall not be covered under the provisions of this paragraph.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 1988, but before January 1, 1999, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of five

thousand dollars (\$5,000) upon the completion of twenty-four months of contributions required under this subsection. Should death occur before the completion of twenty-four months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after January 1, 1999, but before July 1, 2004, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of six thousand dollars (\$6,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 2004, but before July 1, 2007, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of nine thousand dollars (\$9,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 2007, but before January 1, 2015, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of ten thousand dollars (\$10,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after January 1, 2015, there shall be paid a death benefit to the person or persons designated by the member or, if not survived by a designated beneficiary, to the deceased retired member's legal representative; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of the member's death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund, the North Carolina Teachers' and State Employees' Benefit Trust, administered by the Board of Trustees Fund and Pension Accumulation Fund. Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to participants, beneficiaries, and the members' estates in accordance with the Plan's benefit terms. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and are not subject to the claims of creditors of members and beneficiaries. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees. This death benefit shall be a lump-sum payment in the amount of ten thousand dollars (\$10,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's designated beneficiary or beneficiaries, or legal representative if not survived by a designated beneficiary, shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

(l) Reciprocity of Death Benefit Plan. – Only for the purpose of determining eligibility for the death benefit provided for in subsection (l) of this section, membership service standing to the credit of a member of the Legislative Retirement System or the Consolidated Judicial Retirement System shall be added to the membership service standing to the credit of a member of the Teachers' and State Employees' Retirement System. However, in the event that a participant or beneficiary is a retired member of the Legislative Retirement System or the Consolidated Judicial Retirement System whose retirement benefit was suspended upon entrance into membership in the Teachers' and State Employees' Retirement System, such membership service standing to the credit of the retired member prior to retirement shall be likewise counted. Membership service under this section shall not be counted twice for the same period of time. In no event shall a death benefit provided for in G.S. 135-5(l) be paid if a death benefit is paid under G.S. 135-63.

(m) Survivor's Alternate Benefit. – Upon the death of a member in service, the beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option 2 of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of the member's death, provided that all four of the following conditions apply:

- (1)a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance, or
- b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 135-5(b21)(1)c. or G.S. 135-5(b21)(2)c., notwithstanding the requirement of obtaining age 50, or
- b1. The member was a law enforcement officer who had obtained 15 years of service as a law enforcement officer and was killed in the line of duty, in which case the retirement allowance shall be computed in

accordance with G.S. 135-5(b21)(1)c., notwithstanding the requirement of obtaining age 50.

c. Repealed by Session Laws 2010-72, s. 2(a), effective July 1, 2010.

- (2) At the time of the member's death, one and only one beneficiary is eligible to receive a return of his accumulated contributions.
- (3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection to apply.
- (4) The member had not commenced to receive a retirement allowance as provided under this Chapter.

For the purpose of this benefit, a member is considered to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service. The last day of actual service shall be determined as provided in subsection (l) of this section. Upon the death of a member in service, the surviving spouse may make all purchases for creditable service as provided for under this Chapter for which the member had made application in writing prior to the date of death, provided that the date of death occurred prior to or within 60 days after notification of the cost to make the purchase. The term "in service" as used in this subsection includes a member in receipt of a benefit under the Disability Income Plan as provided in Article 6 of this Chapter.

Notwithstanding the foregoing, a member who is in receipt of Workers' Compensation during the period for which the member would have otherwise been eligible to receive short-term benefits, as provided in G.S. 135-105, and who dies on or after 181 days from the last day of the member's actual service but on or before the date the benefits as provided in G.S. 135-105 would have ended, shall be considered in service at the time of the member's death for the purpose of this benefit.

For the purpose of calculating this benefit any terminal payouts made after the date of death that meet the definition of compensation shall be credited to the month prior to the month of death. These terminal payouts do not include salary or wages paid for work performed during the month of death.

(m1) Special Retirement Allowance for Law Enforcement Officers. – Upon retirement, a member who is a law enforcement officer vested as of June 30, 2010, may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina to this Retirement System and receive, in addition to his basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon his eligible accumulated account balance at the date of the transfer of the assets to this System. For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of mortality tables, such other tables as may be necessary and the interest assumption rate recommended by the actuary based upon actual experience including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five year experience study as required by G.S. 135-6(n). Provided, however, a member, who transfers his eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina, shall be taxed for North Carolina State Income tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. The Teachers' and State Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly. For transfers made on or after July 1, 2022, if, subsequent to the member's election, the Board of Trustees determines that (i) the member was ineligible for the election or (ii) the

election was impermissible for any reason under federal or State law, then no special retirement allowance shall be paid to the member pursuant to this subsection; the member shall return to the Retirement System any amount already paid from the Retirement System as a special retirement allowance; and the Retirement System shall return the transfer amount to the source of the transfer, including any earnings adjustment that may be required under federal law or Internal Revenue Service guidance. If the Retirement System is unable to return the amount to the account from which it originated, the member may designate another eligible account under the transferor plan or receive a lump sum distribution paid directly to the member if the member would otherwise be eligible for a distribution under the transferor plan at such time.

(m2) Special Retirement Allowance. – At any time coincident with or following retirement, a member may make a one-time, irrevocable election to transfer any portion of the member's eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System and receive, in addition to the member's basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon the member's transferred balance. For transfers made on or after July 1, 2022, if, subsequent to the member's election, the Board of Trustees determines that (i) the member was ineligible for the election or (ii) the election was impermissible for any reason under federal or State law, then no special retirement allowance shall be paid to the member pursuant to this subsection; the member shall return to the Retirement System any amount already paid from the Retirement System as a special retirement allowance; and the Retirement System shall return the transfer amount to the source of the transfer, including any earnings adjustment that may be required under federal law or Internal Revenue Service guidance. If the Retirement System is unable to return the amount to the account from which it originated, the member may designate another eligible account under the transferor plan or receive a lump sum distribution paid directly to the member if the member would otherwise be eligible for a distribution under the transferor plan at such time.

A member who became a member of the Supplemental Retirement Income Plan prior to retirement and who remains a member of the Supplemental Retirement Income Plan may make a one-time, irrevocable election to transfer eligible balances, not including any Roth after-tax contributions and the earnings thereon, from any of the following plans to the Supplemental Retirement Income Plan, subject to the applicable requirements of the Supplemental Retirement Income Plan, and then through the Supplemental Retirement Income Plan to this Retirement System: (i) a plan participating in the North Carolina Public School Teachers' and Professional Educators' Investment Plan; (ii) a plan described in section 403(b) of the Internal Revenue Code; (iii) a plan described in section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state; (iv) an individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income; or (v) a tax-qualified plan described in section 401(a) or section 403(a) of the Internal Revenue Code. In addition, any transfer under this subsection may be paid in whole or in part with employer contributions paid directly to this Retirement System at the time of transfer.

Notwithstanding anything to the contrary, a member may not transfer such amounts as will cause the member's retirement allowance under the System to exceed the amount allowable under G.S. 135-18.7(b). The Board of Trustees may establish a minimum amount that must be transferred if a transfer is elected. The member may elect a special retirement allowance with no postretirement increases or a special retirement allowance with annual postretirement increases equal to the annual increase in the U.S. Consumer Price Index. Postretirement increases on any other allowance will not apply to the special retirement allowance. The Board of Trustees shall

provide educational materials to the members who apply for the transfer authorized by this section. Those materials shall describe the special retirement allowance and shall explain the relationship between the transferred balance and the monthly benefit and how the member's heirs may be impacted by the election to make this transfer and any costs and fees involved.

For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of yields on U.S. Treasury Bonds and mortality and such other tables as may be necessary based upon actual experience. A single set of mortality and such other tables will be used for all members, with factors differing only based on the age of the member and the election of postretirement increases. The Board of Trustees shall modify the mortality and such other tables every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 135-6(n). Provided, however, a member who transfers the member's eligible accumulated contributions from an eligible retirement plan pursuant to this subsection to this Retirement System shall be taxed for North Carolina State Income Tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the eligible plan or the plan through which the transfer was made, whichever is most favorable to the member. The Teachers' and State Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly.

The Supplemental Retirement Board of Trustees established under G.S. 135-96 may assess a one-time flat administrative fee not to exceed the actual cost of the administrative expenses relating to these transfers. An eligible plan shall not assess a fee specifically relating to a transfer of accumulated contributions authorized under this subsection. This provision shall not prohibit other fees that may be assessable under the plan. Each plan, contract, account, or annuity shall fully disclose to any member participating in a transfer under this subsection any surrender charges or other fees, and such disclosure shall be made contemporaneous with the initiation of the transfer by the member.

The special retirement allowance shall continue for the life of the member and the beneficiary designated to receive a monthly survivorship benefit under Option 2, 3 or 6 as provided in G.S. 135-5(g), if any. The Board of Trustees, however, shall establish two payment options that guarantee payments as follows:

- (1) A member may elect to receive the special retirement allowance for life but with payments guaranteed for a number of months to be specified by the Board of Trustees. Under this plan, if the member dies before the expiration of the specified number of months, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If the member's designated beneficiary under Option 2, 3 or 6 begins receiving monthly payments and dies before the specified number of monthly payments have been made in combination to the member and beneficiary, a one-time payment will be paid to the member's legal representatives equal to the initial monthly special retirement allowance, multiplied by the specified number of months, less the total of the monthly payments made to the member and beneficiary. If Option 2, 3 or 6 is not selected, and the member dies before the expiration of the specified number of months, the member's designated beneficiary will receive a one-time payment equal to the initial monthly special retirement allowance, multiplied by the specified number of months, less the total of the monthly payments made to the member.
- (2) A member may elect to receive the special retirement allowance for life but is guaranteed that the sum of the special allowance payments will equal the total of the transferred amount. Under this payment option, if the member dies

before receiving the total transferred amount, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If Option 2, 3 or 6 is not selected, the member's designated beneficiary or the member's estate shall be paid any remaining balance of the transferred amount.

The General Assembly reserves the right to repeal or amend this subsection, but such repeal or amendment shall not affect any person who has already made the one-time election provided in this subsection.

(m3) Repealed by Session Laws 2014-88, s. 3(g), effective July 30, 2014.

(m4) A member who has contributions in this System and is not eligible for a retirement benefit as set forth in G.S. 135-5(a) shall be paid his or her contributions in a lump sum as provided in G.S. 135-5(f) by April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be a teacher or State employee except by death. If the member fails, following reasonable notification, to complete a refund application by the required date, then the requirement that a refund application be completed shall be waived and the refund shall be paid without a refund application as a single lump-sum payment with applicable required North Carolina and federal income taxes withheld.

A member who has contributions in this System and is eligible for a retirement benefit as set forth in G.S. 135-5(a) shall begin to receive a monthly benefit no later than April 1 of the calendar year following the later of the calendar year in which the member (i) attains 72 years of age or (ii) has ceased to be a teacher or State employee except by death. If the member fails, following reasonable notification, to complete the retirement process as set forth under Chapter 135 of the General Statutes by such required beginning date, then the requirement that a retirement application and an election of payment plan form be completed shall be waived and the retirement allowance shall be paid as a single life annuity. The single life annuity shall be calculated and processed in accordance with this section.

For purposes of this subsection, a member shall not be considered to have ceased to be a teacher or State employee if the member is actively contributing to the Consolidated Judicial Retirement System, Local Governmental Employees' Retirement System, or Legislative Retirement System. A retirement benefit or lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Consolidated Judicial Retirement System, Local Governmental Employees' Retirement System, or Legislative Retirement System.

(n) No action shall be commenced against the State or the Retirement System by any retired member or beneficiary respecting any deficiency in the payment of benefits more than three years after such deficient payment was made, and no action shall be commenced by the State or the Retirement System against any retired member or former member or beneficiary respecting any overpayment of benefits or contributions more than three years after such overpayment was made. This subsection does not affect the right of the Retirement System to recoup overpaid benefits as provided in G.S. 135-9.

(o) Post-Retirement Increases in Allowances. – As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase of at least one per centum (1%), each beneficiary on the retirement rolls as of July 1, 1970, shall be entitled to have his allowance increased effective July 1, 1971 as follows:

Increase

Increase In

In Index	Allowance
1.00 to 1.49%	1%
1.50 to 2.49%	2%
2.50 to 3.49%	3%
3.50% or more	4%

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum, but not more than four per centum (4%); provided that any such increase in allowances shall become effective only if the additional liabilities on account of such increase do not require an increase in the total employer rate of contributions.

The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items – United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

Notwithstanding the above paragraphs, retired members and beneficiaries may receive cost-of-living increases in retirement allowances if active members of the system receive across-the-board cost-of-living salary increases. Such increases in post-retirement allowances shall be comparable to cost-of-living salary increases for active members in light of the differences between the statutory payroll deductions for State retirement contributions, Social Security taxes, State income withholding taxes, and federal income withholding taxes required of each group. The increases for retired members shall include the cost-of-living increases provided in this section. The cost-of-living increases allowed retired and active members of the system shall be comparable when each group receives an increase that has the same relative impact upon the net disposable income of each group.

(p) Increases in Benefits Paid in Respect to Members Retired prior to July 1, 1967. – From and after July 1, 1971, the monthly benefits to or on account of persons who commenced receiving benefits prior to July 1, 1963, shall be increased by twenty percent (20%) thereof; the monthly benefits to or on account of persons who commenced receiving benefits after June 30, 1963 and before July 1, 1967, shall be increased by five percent (5%) thereof. These increases shall be calculated after monthly retirement allowances as of July 1, 1971, have been increased to the extent provided for in the preceding subsection (o).

(q) Increases in Benefits to Those Persons Who Were Retired prior to January 1, 1970. – From and after July 1, 1973, the monthly benefits to or on account of persons who commenced receiving benefits from the System prior to January 1, 1970, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

Year(s) in Which Benefits Commenced	Percentage
1969	1
1968	4
1967	6

1965 through 1966	9
1964	12
1963	14
1959 through 1962	17
1942 through 1958	22

These increases shall be calculated after monthly retirement allowances as of July 1, 1973, have been increased to the extent provided for in the preceding subsection (o).

(r) Notwithstanding anything herein to the contrary, for persons who commenced receiving benefits from the System prior to January 1, 1970, effective July 1, 1973, any member who retired after attaining the age of 60 with 15 or more years of creditable service shall receive a monthly benefit of no less than seventy-five dollars (\$75.00) prior to the application of any optional benefit.

(s) Increases in Benefits to Those Persons on Disability Retirement Who Were Retired prior to July 1, 1971. – From and after July 1, 1974, the monthly benefits to members who commenced receiving disability benefits prior to July 1, 1963, shall be increased by one percent (1%) thereof for each year by which the member retired prior to the age of 65 years; the monthly benefits to members who commenced receiving disability benefits after June 30, 1963, and before July 1, 1971, shall be increased by five percent (5%) thereof. These increases shall be calculated before monthly retirement allowances as of June 30, 1974, have been increased to the extent provided for in the preceding subsection (o).

(t) Notwithstanding any of the foregoing provisions, the increase in allowance to each beneficiary on the retirement rolls as of July 1, 1973, which shall become effective on July 1, 1974, as otherwise provided in G.S. 135-5(o), shall be the current maximum four percent (4%) plus an additional two percent (2%) to a total of six percent (6%) for the year 1974 only. The provisions of this subsection shall apply also to the allowance of a surviving annuitant of a beneficiary.

(u) Repealed by Session Laws 1975, c. 875, s. 47.
