

§ 35A-1268. Guardian to exhibit investments and bank statements.

At the time the accounts required by this Article and other provisions of law are filed, the clerk shall require the guardian to exhibit to the court all investments and bank statements showing cash balance, and the clerk shall certify on the original account that an examination was made of all investments and the cash balance, and that the same are correctly stated in the account: Provided, such examination may be made by the clerk in the county in which such guardian resides or the county in which such securities are located and, when the guardian is a duly authorized bank or trust company, such examination may be made by the clerk in the county in which such bank or trust company has its principal office or in which such securities are located; the certificate of the clerk of such county shall be accepted by the clerk of any county in which such guardian is required to file an account; provided that banks organized under the laws of North Carolina or the acts of Congress, engaged in doing a trust and fiduciary business in this State, when acting as guardian or in other fiduciary capacity, shall be exempt from the requirements of this section, when a certificate executed by a trust examiner employed by a governmental unit, by a bank's internal auditors who are responsible only to the bank's board of directors or by an independent certified public accountant who is responsible only to the bank's board of directors is exhibited to the clerk and when said certificate shows that the securities have been examined within one year and that the securities were held at the time of the examination by the fiduciary or by a clearing corporation for the fiduciary and that the person making such certification has no reason to believe said securities are not still so held. Nothing herein contained shall be construed to abridge the inherent right of the clerk to require the production of securities, should he desire to do so. (1987, c. 550, s. 1.)
