5 The General Assembly of North Carolina enacts:

6 Section 1. The Legislative Research Commission shall study the feasibility
7 of constructing, maintaining, repairing, and operating toll roads in the State. The study
8 shall include an analysis of the projected costs of toll roads, including costs associated
9 with the acquisition of land, the construction of buildings and structures, the machinery
10 and equipment that would be needed, the engineering and technical support needed, the
11 financing of the construction and operation, and other expenses necessary or incident to
12 toll roads. The study shall examine the findings and recommendations of the
13 Department of Transportation in its report, "Preliminary Identification of Potential Toll
14 Highways and Bridges in North Carolina," to the Joint Legislative Highway Oversight
15 Committee relating to toll roads and consult with that Committee as to desirability and
16 practicality of implementing toll roads in the State. The Legislative Research
17 Commission shall file a report on its findings and recommendations with the General
18 Assembly on or before the convening of the 1993 Session.

19 Sec. 2. This act is effective upon ratification.
