**"§ 90A-35. (Effective until September 1, 1991) Purpose.**

It is the purpose of this Article to protect the public health and to conserve and protect the quality of the water resources of the State and maintain the quality of receiving streams-waters as assigned by the North Carolina Environmental Management Commission; to protect the public investment in wastewater treatment facilities; water pollution control systems; to provide for the classifying of wastewater treatment plants; classification of water pollution control systems; to require the examination of wastewater treatment plant-water pollution control system operators and the certification

1 of their competency to supervise the operation of such ~~facilities; systems;~~ and to  
2 establish procedures for such classification and certification."

3 Sec. 4. G.S. 90A-37 reads as rewritten:

4 "**§ 90A-37. (Effective until September 1, 1991) Classification of wastewater**  
5 **treatment facilities; water pollution control systems.**

6 The ~~Wastewater Treatment Plant Operators Certification~~ Commission, with the advice  
7 and assistance of the Secretary of Environment, Health, and Natural Resources, shall  
8 classify all ~~wastewater treatment facilities under the jurisdiction of the North Carolina~~  
9 ~~Environmental Management Commission, as provided in G.S. 143-215.1, and those operated~~  
10 ~~by institutions and agencies of the State of North Carolina.~~ water pollution control systems.  
11 In making the classification, the ~~Wastewater Treatment Plant Operators Certification~~  
12 Commission shall give due regard, among other factors, to the size of the ~~facility,~~  
13 system, the nature of the wastes to be treated or removed from the wastewater, the  
14 treatment process to be employed, and the degrees of skill, knowledge and experience  
15 that the operator of the ~~wastewater treatment facility~~ water pollution control system must  
16 have to supervise the operation of the ~~facility~~ system so as to adequately protect the  
17 public health and maintain the water quality standards ~~in~~ of the receiving waters as  
18 assigned by the North Carolina Environmental Management Commission."

19 Sec. 5. G.S. 90A-38 reads as rewritten:

20 "**§ 90A-38. (Effective until September 1, 1991) Grades of certificates.**

21 (a) The ~~Wastewater Treatment Plant Operators Certification~~ Commission, with the  
22 advice and assistance of the Secretary of Environment, Health, and Natural Resources,  
23 shall establish grades and types of certification for ~~wastewater treatment plant~~ water  
24 pollution control system operators corresponding to the classification of ~~wastewater~~  
25 ~~treatment facilities; water pollution control systems.~~ The grades of certification shall be  
26 ranked so that a person holding a certification in the highest grade is thereby affirmed  
27 competent to operate ~~wastewater treatment facilities~~ water pollution control systems of  
28 that type in the highest classification and any ~~treatment facility~~ water pollution control  
29 system of that type in a lower classification; a person holding a certification in the next  
30 highest grade is affirmed as competent to operate ~~wastewater treatment facilities~~ water  
31 pollution control systems in the next-to-the-highest classification of that type and any  
32 lower ~~classification;~~ classification of that type; and in a like manner through the range  
33 of grades of certification and classification of ~~wastewater treatment facilities;~~ water  
34 pollution control systems.

35 (b) No certificate shall be required under this Article to operate a conventional  
36 septic tank system. For purposes of this section, 'conventional septic tank system'  
37 means a subsurface sanitary sewage system consisting of a settling tank and a  
38 subsurface disposal field without a pump or other appurtenances."
