For the proper management of the public utilities of the City of Greenville, both within the corporate limits of the City and outside the said corporate limits, a commission to be designated and known as the "Greenville Utilities Commission," is hereby created and established; the Commission shall consist of seven members who shall be bona fide residents of the City, and who shall hold office for a term of three years and may be reappointed to a single additional term of two years expiring the first Thursday in March at the end of the designated term. The Commissioners otherwise than as herein provided shall be appointed by the City Council at their regular monthly meeting in March of each year. No person shall be eligible to appointment to said Commission who is an officer or employee of the City except that the City Manager of the City of Greenville shall at all times be a full member of the Utilities Commission. No person other than the City Manager shall be eligible to appointment to the Commission who is an officer or employee of the City. In the event a Commissioner resigns, dies or otherwise becomes incapable of performing his duties, the City Council shall appoint a Commissioner to fill the unexpired term at any regular or special meeting of the Council. The City Manager shall receive no pay as a member of the Commission in addition to his salary as City Manager.

Sec. 2. The Commissioners shall organize by electing one of their members Chairman, whose term of office as Chairman shall be for one year unless his term shall expire earlier, in which event his term as Chairman shall expire with his term. The

1 Chairman shall not be entitled to vote on any proposition before the Commission except
2 in case of a tie vote and only for the purpose of breaking the tie. The members of the
3 Utilities Commission are authorized to fix their own salaries, but not to exceed fifty
4 dollars (\$50.00) per month for the members and one hundred fifty dollars (\$150.00) per
5 month for the Chairman. The Commission shall meet at least once each month at as
6 designated time and place unless the Chairman designates some other meeting time and
7 so notifies the other members of the Commission.

8 Sec. 3. The Commission shall have entire supervision and control of the
9 management, operation, maintenance, improvement and extension of the public utilities
10 of the city, and shall fix uniform rates for all services rendered; provided, however, that
11 any person affected by said rates may appeal from the decision of the Commission as to
12 rates to the City Council. The said Commission shall have the authority to operate and
13 maintain a community antenna radio and television service within the area serviced by
14 the electric system of the Commission, provided such franchise is granted to the
15 Commission by the City of Greenville. Any contract in excess of five hundred thousand
16 dollars (\$500,000) must be approved by the City Council. In providing utility services
17 the Utilities Commission shall cooperate to the greatest extent possible with the City of
18 Greenville in establishing and maintaining joint operations to the end that efficiency and
19 cost savings may be realized.

20 Sec. 4. The Commission shall employ a competent and qualified General
21 Manager whose duties shall be to supervise and manage the said public utilities, subject
22 to the approval of the Commission. The General Manager, under the direction of and

40 thereof to the City Council. The Commission shall at the end of each month make a
41 report to the City Council of its receipts and disbursements; the Commission shall pay
42 out of its receipts the cost and expense incurred in managing, operating, improving,
43 maintaining, and extending said utilities; provided, however, that should the funds
44 arising from the charges and rentals of said utilities be insufficient at any time to pay the

1 necessary expenses for managing, operating, improving, and extending said utilities,
2 then and in that event only, the City Council of the City of Greenville shall provide and
3 pay into its treasury for the account of the Commission a sum sufficient, when added to
4 the funds that have accrued from the rents and charges, to pay the costs and expenses of
5 managing, operating, improving, maintaining, and extending said utilities; the
6 Commission shall pay the principal on all such funds provided by the City Council with
7 interest thereon; provided, further, that the Utilities Commission shall annually transfer
8 to the City two and fifty-two one hundredths percent (2.52%) of gross sales on

14 offered to such employees shall be the same as those for the City of Greenville. The
15 Commission may require bond in such sum as it may deem necessary, which shall be
16 approved by the City Council, of all officers, agents, and employees having authority to
17 receive money for the Commission. The Commission shall have the authority to name
18 and designate some competent person in its employment to act as secretary of said
19 Commission.

20 Sec. 7. The Commission shall have authority at all times to discharge and
