- c. For purposes of this subdivision, 'substantial completion' means that degree of completion of a project, improvement or specified area or portion thereof (in accordance with the contract, as modified by any change orders agreed to by the parties) upon attainment of which the owner can use the same for the purpose for which it was intended. The date of substantial completion may be established by written agreement.
 - d. The limitation prescribed by this subdivision shall not be asserted as a defense by any person in actual possession or control, as owner, tenant or otherwise, of the improvement at the time the defective or unsafe condition constitutes the proximate cause of the injury or death for which it is proposed to bring an action, in the event such person in actual possession or control either knew, or ought reasonably to have known, of the defective or unsafe condition.
 - e. The limitation prescribed by this subdivision shall not be asserted as a defense by any person who shall have been guilty of fraud, or willful or wanton negligence in furnishing materials, in developing real property, in performing or furnishing the design, plans, specifications, surveying, supervision, testing or observation of construction, or construction of an improvement to real property, or a repair to an improvement to real property, or to a surety or guarantor of any of the foregoing persons, or to any person who shall wrongfully conceal any such fraud, or willful or wanton negligence.
 - f. This subdivision prescribes an outside limitation of six years from the later of the specific last act or omission or substantial completion, within which the limitations prescribed by G.S. 1-52 and 1-53 continue to run. For purposes of the three-year limitation prescribed by G.S. 1-52, a cause of action based upon or arising out of the defective or unsafe condition of an improvement to real property shall not accrue until the injury, loss, defect or damage becomes apparent or ought reasonably to have become apparent to the claimant. However, as provided in this subdivision, no action may be brought more than six years from the later of the specific last act or omission or substantial completion.
