10 Whereas, many of these people, who require specialized care, are being
11 placed in nursing homes and rest homes where there is no specialized care for

13 Whereas, there are no State standards governing the care of Alzheimer's and
14 related dementia patients in nursing homes and rest homes; Now, therefore,
15 The General Assembly of North Carolina enacts:

19 Alzheimer's disease and related dementia.

20 Sec. 2. The North Carolina Medical Care Commission shall develop rules
21 containing State standards for special care units in nursing homes for patients with
22 Alzheimer's disease and related dementia. These standards shall include guidelines

2 be served on the unit, the ratio of residents to staff members, and the requirements for
3 the training of staff members. The Commission shall make a report, which shall include
