A BILL TO BE ENTITLED

1 AN ACT RELATING TO THE DEFINITION OF PYROTECHNICS UNDER
2 CHAPTER 14 OF THE NORTH CAROLINA GENERAL STATUTES.
3

4 Whereas, North Carolina citizens should have the right to celebrate the Fourth
5 of July and other holidays with safe and sane pyrotechnics, such as ground-based and
6 hand-held sparkling or smoke devices and trick noisemakers; and

7 Whereas, North Carolina generally prohibits the sale, use, or possession of all
8 pyrotechnics except for cap pistols; and

9 Whereas, states bordering North Carolina allow the sale of certain fireworks;
10 and

11 Whereas, North Carolina citizens are purchasing pyrotechnics in other states
12 for use in North Carolina; and

13 Whereas, North Carolina merchants are losing a valuable source of sales
14 income which would be available if they were permitted to sell safe and sane
15 pyrotechnics; and

16 Whereas, North Carolina is losing a valuable source of additional sales tax
17 revenue which would accrue to the State and local governments if safe and sane
18 pyrotechnics were available for sale; and

19 Whereas, the General Assembly finds that the citizens of the State should be
20 free to purchase and use safe and sane pyrotechnics; and that explosive or aerial
21 fireworks such as firecrackers, rockets, Roman candles, or similar devices should not

1 now or in the future be sold, used, or possessed in North Carolina except as permitted
2 by present law for public exhibitions; Now, therefore,
3 The General Assembly of North Carolina enacts:

4 Section 1. G.S. 14-414 reads as rewritten:

5 **"§ 14-414. Pyrotechnics defined; exceptions.**

6 For the proper construction of the provisions of this Article, 'pyrotechnics,' as is
7 herein used, shall be deemed to be and include any and all kinds of fireworks and
8 explosives, which are used for exhibitions or amusement purposes: provided, however,
9 that nothing herein contained shall prevent the manufacture, purchase, sale,
10 transportation, and use of explosives or signaling flares used in the course of ordinary
11 business or industry, or shells or cartridges used as ammunition in firearms. This Article
12 shall not apply to the sale, use, or possession of ~~explosive caps designed to be fired in toy~~
13 ~~cap pistols, provided that the explosive mixture of such explosive caps shall not exceed twenty-~~
14 ~~five hundredths (.25) of a gram for each cap.~~ the following:

- 15 (1) Explosive caps designed to be fired in toy pistols, provided that the
16 explosive mixture of the explosive caps shall not exceed twenty-five
17 hundredths (.25) of a gram for each cap.
- 18 (2) Snake and glow worms composed of pressed pellets of a pyrotechnic
19 mixture that produce a large, snake-like ash when burning.
- 20 (3) Smoke devices consisting of a tube or sphere containing a pyrotechnic
21 mixture that produces white or colored smoke.
- 22 (4) Trick noisemakers which produce a small report designed to surprise
23 the user and which include:
 - 24 a. A party popper, which is a small plastic or paper item
25 containing not in excess of 16 milligrams of explosive mixture.
26 A string protruding from the device is pulled to ignite the
27 device, expelling paper streamers and producing a small report.
 - 28 b. A string popper, which is a small tube containing not in excess
29 of 16 milligrams of explosive mixture with string protruding
30 from both ends. The strings are pulled to ignite the friction-
31 sensitive mixture, producing a small report.
 - 32 c. A snapper or drop pop, which is a small, paper-wrapped item
33 containing no more than 16 milligrams of explosive mixture
34 coated on small bits of sand. When dropped, the device
35 produces a small report.
- 36 (5) Wire sparklers consisting of wire or stick coated with nonexplosive
37 pyrotechnic mixture that produces a shower of sparks upon ignition.
38 These items must not exceed 100 grams of mixture per item.
- 39 (6) Other sparkling devices which emit showers of sparks and sometimes
40 a whistling or crackling effect when burning, do not detonate or
41 explode, do not spin, are hand-held or ground-based, cannot propel
42 themselves through the air, and contain not more than 75 grams of
43 chemical compound per tube, or not more than a total of 200 grams if
44 multiple tubes are used."

1 Sec. 2. This act becomes effective December 1, 1993. Prosecutions for
2 offenses committed before the effective date of this act are not abated or affected by this
3 act, and the statutes that would be applicable but for this act remain applicable to those
4 prosecutions.
