

GENERAL ASSEMBLY OF NORTH CAROLINA  
1995 SESSION

CHAPTER 412  
HOUSE BILL 556

AN ACT TO ENABLE JOINT MUNICIPAL POWER AGENCIES TO EFFECT  
CORPORATE REORGANIZATION AND TO MAKE TECHNICAL CHANGES  
TO THE STATUTES GOVERNING JOINT MUNICIPAL POWER AGENCIES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 159B-2 reads as rewritten:

**"§ 159B-2. Legislative findings and purposes.**

The General Assembly hereby finds and determines that:

A critical situation exists with respect to the present and future supply of electric power and energy in the State of North Carolina;

The public utilities operating in the State have sustained greatly increased capital and operating costs;

Such public utilities have found it necessary to postpone or curtail construction of planned generation and transmission facilities serving the consumers of electricity in the State, increasing the ultimate cost of such facilities to the public utilities, and that such postponements and curtailments will have an adverse effect on the provision of adequate and reliable electric service in the State;

The above conditions have occurred despite substantial increases in electric rates;

In the absence of further material increases in electric rates, additional postponements and curtailments in the construction of additional generation and transmission facilities may occur, thereby impairing those utilities' ability to continue to provide an adequate and reliable source of electric power and energy in the State;

Seventy-two municipalities in the State have for many years owned and operated systems for the distribution of electric power and energy to customers in their respective service areas and are empowered severally to engage in the generation and transmission of electric power and energy;

Such municipalities owning electric distribution systems have an obligation to provide their inhabitants and customers an adequate, reliable and economical source of electric power and energy in the future;

In order to achieve the economies and efficiencies made possible by the proper planning, financing, sizing and location of facilities for the generation and transmission of electric power and energy which are not practical for any municipality acting alone, and to insure an adequate, reliable and economical supply of electric power and energy to the people of the State, it is desirable for the State of North Carolina to authorize municipal electric systems to jointly plan, finance, develop, own and operate electric generation and transmission facilities appropriate to their needs in order to provide for

their present and future power requirements for all uses without supplanting or displacing the service at retail of other electric suppliers operating in the State; and

The joint planning, financing, development, ownership and operation of electric generation and transmission facilities by municipalities which own electric distribution systems and the issuance of revenue bonds for such purposes as provided in this Chapter is for a public use and for public and municipal purposes and is a means of achieving economies, adequacy and reliability in the generation of electric power and energy and in the meeting of future needs of the State and its inhabitants.

In addition to the authority granted municipalities to jointly plan, finance, develop, own and operate electric generation and transmission facilities by Article 2 of this Chapter and the other powers granted in said Article 2, and in addition and supplemental to powers otherwise conferred on municipalities by the laws of this State for interlocal cooperation, it is desirable for the State of North Carolina to authorize municipalities and joint agencies to form joint municipal assistance agencies which shall be empowered to provide aid and assistance to municipalities in the construction, ownership, maintenance, expansion and operation of their electric systems, and to empower joint agencies authorized herein to provide aid and assistance to municipalities or joint municipal assistance agencies in the development and implementation of integrated resource planning, including, but not limited to, the evaluation of resources, generating facilities, alternative energy resources, conservation and load management programs, transmission and distribution facilities, and purchase power options, and in the development, construction and operation of supply-side and demand-side resources, in addition to exercising such other powers as hereinafter provided to joint municipal assistance agencies and joint agencies. In order to provide maximum economies and efficiencies to municipalities and the consuming public in the generation and transmission of electric power and energy contemplated by Article 2 of this Chapter, it is also desirable that the joint municipal assistance agencies authorized herein be empowered to act as provided in Article 3 of this Chapter and that such agency or agencies be empowered to act for and on behalf of any one or more ~~municipalities,~~ municipalities or joint agencies, as requested, with respect to the construction, ownership, maintenance, expansion and operation of their electric systems; and that the joint agencies authorized herein be empowered to act as provided in Article 2 of this Chapter and that such ~~agency or joint~~ agencies be empowered to act for and on behalf of any one or more municipalities or joint municipal assistance agencies, in each case as requested, with respect to the integrated resource planning and development, construction, and operation of supply-side and demand-side options described above."

Sec. 2. G.S. 159B-3 reads as rewritten:

Sec. 3. G.S. 159B-4 reads as rewritten:

**"§ 159B-4. Authority of municipalities to jointly cooperate.**

In addition and supplemental to the powers otherwise conferred on municipalities by the laws of the State, and in order to accomplish the purposes of this Chapter and to obtain a supply of electric power and energy for the present and future needs of its inhabitants and customers, a municipality may jointly or severally plan, finance, develop, construct, reconstruct, acquire, improve, enlarge, better, own, operate and maintain a project situated within or without the State with one or more other municipalities ~~in this State owning electric distribution facilities or any political subdivisions, agencies or instrumentalities of any state contiguous to this State~~ or joint agencies created pursuant to this Chapter ~~or Chapter~~ or, in the case of projects for the generation and transmission of electric power and energy, jointly with any persons, firms, associations or corporations, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale within the this State or any state contiguous to the State, and may make such plans and enter into such contracts in connection therewith, not inconsistent with the provisions of this Chapter, as are necessary or appropriate.

Prior to acquiring any ~~such~~ generation project the governing board shall determine the needs of the municipality for power and energy based upon engineering studies and reports, and shall not acquire a project in excess of that amount of capacity and the energy associated therewith required to provide for its projected needs for power and energy from and after the date the project is estimated to be placed in normal continuous operation and for such reasonable period of time thereafter as shall be determined by the governing board and approved by the North Carolina Utilities Commission in a proceeding instituted pursuant to G.S. 159B-24. In determining the future power requirements of a municipality, there shall be taken into account the following:

- (1) The economies and efficiencies to be achieved in constructing on a large scale facilities for the generation ~~and transmission~~ of electric power and energy;
- (2) The municipality's needs for reserve and peaking capacity and to meet obligations under pooling and reserve sharing agreements reasonably related to its needs for power and energy to which it is or may become a party;
- (3) The estimated useful life of such project;
- (4) The estimated time necessary for the planning, development, acquisition or construction of such project and the length of time required in advance to obtain, acquire or construct additional power supply; and
- (5) The reliability and availability of existing or alternative power supply sources and the cost of such existing or alternative power supply sources.

A determination by such governing board approved by the North Carolina Utilities Commission based upon appropriate findings of the foregoing matters shall be conclusive as to the quantity of the interest which a municipality may acquire in a generation project unless a party to the proceeding aggrieved by the determination of said Commission shall file notice of appeal pursuant to Article 5 of Chapter 62 of the General Statutes of North Carolina.

Nothing herein contained shall prevent a municipality or municipalities from undertaking studies to determine whether there is a need for a project or whether such project is feasible."

Sec. 4. G.S. 159B-8 is repealed.

Sec. 5. G.S. 159B-9 reads as rewritten:

**"§ 159B-9. Creation of a joint agency; board of commissioners.**

(a) The governing boards of two or more municipalities may by resolution or ordinance determine that it is in the best interests of the municipalities in accomplishing the purposes of this Chapter to create a joint agency as prescribed herein for the purpose of undertaking the planning, financing, development, acquisition, construction, reconstruction, improvement, enlargement, betterment, operation and maintenance of a project or projects as an alternative or supplemental method of obtaining the benefits and assuming the responsibilities of ownership in a project.

In determining whether or not creation of a joint agency for such purpose is in the best interests of the municipalities, the governing boards shall take into consideration, but shall not be limited to, the following:

- (1) Whether or not a separate entity may be able to finance the cost of projects in a more efficient and economical manner;
- (2) Whether or not better financial market acceptance may result if one entity is responsible for issuing all of the bonds required for a project or projects in a timely and orderly manner and with a uniform credit rating instead of multiple entities issuing separate issues of bonds;
- (3) Whether or not savings and other advantages may be obtained by providing a separate entity responsible for the acquisition, construction, ownership and operation of a project or projects; and
- (4) Whether or not the existence of such a separate entity will foster the continuation of joint planning and undertaking of projects, and the resulting economies and efficiencies to be derived from such joint planning and undertaking.

If each governing board shall determine that it is in the best interest of the municipality to create a joint agency to provide power and energy to the municipality as provided in this Chapter, each shall adopt a resolution or ordinance so finding (which need not prescribe in detail the basis for the determination), and which shall set forth the names of the municipalities which are proposed to be initial members of the joint agency. The governing board of the municipality shall thereupon by ordinance or resolution appoint one commissioner of the joint agency who may, at the discretion of the governing board, be an officer or employee of the municipality.

Any two or more commissioners so named may file with the Secretary of State an application signed by them setting forth (i) the names of all the proposed member municipalities; (ii) the name and official residence of each of the commissioners so far as known to them; (iii) a certified copy of the appointment evidencing their right to office; (iv) a statement that each governing board of each respective municipality appointing a commissioner has made the aforesaid determination; (v) the desire that a joint agency be organized as a public body and a body corporate and politic under this Chapter; and (vi) the name which is proposed for the joint agency.

The application shall be subscribed and sworn to by such commissioners before an officer or officers authorized by the laws of the State to administer and certify oaths.

The Secretary of State shall examine the application and, if he finds that the name proposed for the joint agency is not identical with that of any other corporation of this State or of any agency or instrumentality thereof, or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded as herein provided, the joint agency shall constitute a public body and a body corporate and politic under the name proposed in the application. The Secretary of State shall make and issue to the commissioners executing the application a certificate of incorporation pursuant to this Chapter under the seal of the State, and shall record the same with the application. The certificate shall set forth the names of the member municipalities.

In any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract of the joint agency, the joint agency, in the absence of establishing fraud in the premises, shall be conclusively deemed to have been established in accordance with the provisions of this Chapter upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate, duly certified by the Secretary of State, shall be admissible in evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof.

Notice of the issuance of such certificate shall be given to all of the proposed member municipalities by the Secretary of State. If a commissioner of any such municipality has not signed the application to the Secretary of State and such municipality does not notify the Secretary of State of the appointment of a commissioner within 40 days after receipt of such notice, such municipality shall be deemed to have elected not to be a member of the joint agency. As soon as practicable after the expiration of such 40-day period, the Secretary of State shall issue a new certificate of incorporation, if necessary, setting forth the names of those municipalities which have elected to become members of the joint agency. The failure of any proposed member to become a member shall not affect the validity of the corporate existence of the joint agency.

(b) After the creation of a joint agency, any other municipality may become a member thereof upon application to such joint agency after the adoption of a resolution or ordinance by the governing board of the municipality setting forth the determination and finding prescribed in paragraph (a) of this G.S. 159B-9, and authorizing said municipality to participate, and with the unanimous consent of the members of the joint

agency evidenced by the resolutions of their respective governing bodies. Any municipality may withdraw from a joint agency, provided, however, that all contractual rights acquired and obligations incurred while a municipality was a member shall remain in full force and effect.

(c) The powers of a joint agency shall consist of a board be exercised by or under the authority of, and the business and affairs of a joint agency shall be managed under the direction of, its board of commissioners. However, all or a portion of those powers and the management of all or any part of the business and affairs of a joint agency may be exercised by an executive committee created pursuant to G.S. 159B-10. The board of commissioners shall consist of commissioners appointed by the respective governing boards of the municipalities which are members of the joint agency. Each commissioner shall have not less than one vote and may have in addition thereto such additional votes as the governing boards of a majority of the municipalities which are members of the agency shall determine. Each commissioner shall serve at the pleasure of the governing board by which ~~he~~ the commissioner was appointed. Each appointed commissioner before entering upon his duties shall take and subscribe to an oath before some person authorized by law to administer oaths to execute the duties of his office faithfully and impartially, and a record of each such oath shall be filed with the governing board of the appointing municipality and spread upon its minutes. The governing board of each of the municipalities may appoint up to two alternate commissioners to act in lieu of its appointed commissioner when the appointed commissioner is unable for any reason to attend meetings of the board of commissioners or any committee thereof, and the governing board shall designate them as first or second alternate commissioner. Each alternate commissioner shall serve at the pleasure of the governing body by which ~~he is~~ that commissioner was appointed and shall take, subscribe to and file an oath in the same manner as prescribed for regularly appointed commissioners. Such alternate commissioner when acting in lieu of the regularly appointed commissioner shall be deemed to be the commissioner of such municipality, and shall have the rights, powers and authority of the regularly appointed commissioner, including any committee function of said commissioner, other than such commissioner's position as an officer pursuant to paragraph (d) of this G.S. 159B-9. A certificate entered into the minutes of the board of commissioners of a joint agency by the clerk or other custodian of the minutes and records of the governing body of a municipality, appointing commissioners and alternate commissioners and reciting their appointments, shall constitute conclusive evidence of their appointment. The offices of commissioner, alternate commissioner, or officer of a joint agency are hereby declared to be offices which may be held by the holders of any office, place of trust or profit in addition to and concurrently with those offices permitted by G.S. 128-1.1 and other offices permitted by other General Statute.

(d) The board of commissioners of the joint agency shall annually elect one of the commissioners as chairman, another as vice-chairman, and another person or persons, who may but need not be commissioners, as treasurer, secretary, and, if desired, ~~assistant secretary, secretary and assistant treasurer.~~ The office of treasurer or assistant treasurer may be held by the secretary or assistant secretary. The board of

commissioners may also appoint such additional officers as it deems necessary. The secretary or any assistant secretary of the joint agency shall keep a record of the proceedings of the joint agency, and the secretary shall be the custodian of all records, books, documents and papers filed with the joint agency, the minute book or journal of the joint agency and its official seal. Either the secretary or the assistant secretary of the joint agency may cause copies to be made of all minutes and other records and documents of the joint agency and may give certificates under the official seal of the joint agency to the effect that such copies are true copies, and all persons dealing with the joint agency may rely upon such certificates.

(e) A majority of the commissioners of a joint agency then in office shall constitute a quorum. A vacancy in the board of commissioners of the joint agency shall not impair the right of a quorum to exercise all the rights and perform all the duties of the joint agency. Any action taken by the joint agency under the provisions of this Chapter may be authorized by resolution at any regular or special meeting, and each such resolution ~~shall~~ may take effect immediately and need not be published or posted. A majority of the votes which the commissioners present are entitled to cast shall be necessary and sufficient to take any action or to pass any resolution, provided that such commissioners present are entitled to cast a majority of the votes of all commissioners of the board.

(f) No commissioner of a joint agency shall receive any compensation for the performance of his duties hereunder, provided, however, that each commissioner may be paid his necessary expenses incurred while engaged in the performance of such duties."

Sec. 6. G.S. 159B-10 reads as rewritten:

**"§ 159B-10. Executive committee, composition; powers and duties; terms.**

~~The board of commissioners of the joint agency may create an executive committee of the board of commissioners. The board may provide for the composition of the executive committee so as to afford, in its judgment, fair representation of the member municipalities. The executive committee shall have and shall exercise such of the powers and authority of the board of commissioners during the intervals between the board's meetings as shall be prescribed in the board's rules, motions and resolutions. The terms of office of the members of the executive committee and the method of filling vacancies therein shall be fixed by the rules of the board of commissioners of the joint agency.~~

(a) The board of commissioners of a joint agency may create an executive committee by resolution. The board may provide for the composition and terms of office of, and the method of filling vacancies on, the executive committee. The executive committee may include representatives of the joint agency, representatives of any other joint agency, and any other persons. The executive committee of a joint agency may simultaneously act as the executive committee of any other joint agency or agencies, or joint municipal assistance agency or agencies, if so provided by all such entities, and also may simultaneously act as the sole governing board of any joint municipal assistance agency created by two or more joint agencies pursuant to G.S. 159B-45 if so provided by all such joint agencies. An executive committee acting as the

sole governing board of a joint municipal assistance agency shall not be subject to the limitations on the powers and authority of executive committees set forth in subsection (b) of this section.

(b) Except as limited by resolution of the board of commissioners creating an executive committee and except as otherwise provided in this subsection, an executive committee shall have and shall exercise all of the powers and authority of the board of commissioners creating the executive committee. However, the executive committee shall not have the power or authority to (i) amend any resolution of the board of commissioners of the joint agency relating to the creation of the executive committee or providing for its powers or authority; or (ii) adopt or amend a budget. Any rate for a joint agency adopted by an executive committee may be rejected, within 30 days following the adoption of the rate, by a vote of two-thirds in number of the commissioners representing the joint agency members affected by the rate. In the event that any rate is rejected in this manner, the executive committee shall, within 10 days following the action on the part of the commissioners, adopt a second rate for that joint agency, which may be the same rate as previously adopted. This second rate may be rejected, within 10 days following the adoption of the rate, by a vote of two-thirds in number of the commissioners representing the joint agency members affected by the rate. If a second rate adopted by the executive committee is rejected in this manner, the board of commissioners of the affected joint agency shall, acting by weighted vote, adopt a rate for the joint agency which is sufficient at least to comply with the requirements of G.S. 159B-17(b). No such rate adopted by the executive committee shall become effective so long as it is subject to rejection by commissioners of a joint agency as provided for in this subsection. However, if the executive committee determines that the establishment of a rate is required within 50 days to enable a joint agency to satisfy the requirements of G.S. 159B-17(b), the rate adopted by the executive committee shall be effective until changed by the executive committee or board of commissioners in accordance with this subsection.

(c) Each member of the executive committee shall have one vote and shall serve at the pleasure of the governing board by which the member was appointed. Before performing duties as a member, each member shall take and subscribe to an oath before some person authorized by law to administer oaths to execute the duties of the office faithfully and impartially, and a record of each oath shall be filed with the governing board appointing the member and spread upon its minutes. The office of a member of an executive committee may be held by the holders of any office, place of trust or profit in addition to and concurrently with those offices permitted by G.S. 128-1.1 and other offices permitted by law.

(d) The executive committee shall annually elect from its membership a chair and vice-chair, and shall elect another person or persons, who need not be members, to serve as secretary and, if desired, assistant secretary. The secretary or any assistant secretary of the executive committee shall keep a record of the proceedings of the executive committee, and the secretary shall be the custodian of all records, books, documents, and papers filed with the executive committee, as well as the minute book or journal of the executive committee. Either the secretary or the assistant secretary of

the executive committee may cause copies to be made of all minutes and other records and documents of the executive committee and may give certificates of the executive committee to the effect that the copies are true copies, and all persons dealing with the executive committee may rely upon those certificates.

(e) A majority of the members of an executive committee then serving shall constitute a quorum. A vacancy on the executive committee shall not impair the right of a quorum to exercise all the rights and perform all the duties of the executive committee. Any action taken by the executive committee under the provisions of this Chapter may be authorized by resolution at any regular or special meeting, and each such resolution may take effect immediately and need not be published or posted. A vote of the majority of the members present shall be necessary and sufficient to take any action or to pass any resolution, provided that those members present are entitled to cast a majority of the votes of all members of the executive committee.

(f) Members of the executive committee, and of any subcommittee created by the executive committee, may receive compensation and be paid expenses for the performance of their duties as determined by the board or boards of commissioners creating that executive committee. However, for any member of an executive committee who is an employee of a municipality, a payment in lieu of any compensation shall be made to the municipality for distribution to the executive committee member in the manner and amount, if any, it deems appropriate. An executive committee for more than one entity may be referred to as a board of directors of any or each of those entities."

**"§ 159B-24. Approval and sale of bonds.**

Prior to the acquisition or the commencement of construction of any project consisting of a system or facilities for the generation of power and energy which is to be financed by the issuance of bonds under the provisions of this Chapter, the participating municipalities or joint agency, as the case may be, shall first obtain a certificate of public convenience and necessity and, in the same proceeding, the approval required by G.S. 159B-4 hereof, in the case of the participating municipalities, or the approval required by G.S. 159B-11 hereof, in the case of a joint agency, from the North Carolina Utilities Commission under such rules, regulations and procedures as the Commission may prescribe.

No municipality or joint agency shall issue any bonds pursuant to this Chapter unless and until, and only to the extent that, the issuance of such bonds is approved by the Local Government Commission. A participating municipality or joint agency shall file with the secretary of the Local Government Commission an application for Commission approval of the issuance of the bonds upon such form as the said Commission may prescribe, which form shall provide for the submission of such information as the secretary may require concerning the proposed bond issue, the details thereof and the security therefor. Before he accepts the application, the secretary may require the governing board or its representatives to attend a preliminary conference at which time the secretary and his deputies may informally discuss the details of the proposed issue and the security therefor.

After an application in proper form has been filed, and after a preliminary conference if one is required, the secretary shall notify the municipality or joint agency in writing that the application has been filed and accepted for submission to the Commission. The secretary's statement shall be conclusive evidence that the municipality or joint agency, as the case may be, has complied with the requirements of this section with respect to the filing of an application for approval by the said Local Government Commission.

In determining whether a proposed bond issue shall be approved, the Commission may consider:

- (1) The municipality's or joint agency's debt management procedures and policies.
- (2) Whether the municipality or joint agency is in default with respect to any of its debt service obligations.
- (3) Whether, based upon feasibility reports submitted to it, the probable revenues of the project to be financed or the revenues of the

municipality's electric system, as the case may be, will be sufficient to service the proposed bonds.

The Commission may inquire into and give consideration to any other matters that it may believe to have a bearing on whether the issue should be approved except matters which are expressly required by the provisions of this Chapter to be determined by the North Carolina Utilities Commission.

The Commission shall approve the application if, upon the information and evidence it receives, it finds and determines:

- (1) That, based upon engineering studies and feasibility reports submitted to it, the principal amount of the proposed bonds will be adequate and not excessive for the proposed purpose of the issue.
- (2) That the municipality's or joint agency's debt management procedures and policies are good, or that reasonable assurances have been given that its debt will henceforth be managed in strict compliance with law.
- (3) That the requirements of this Chapter with respect to the issuance of the bonds and the details thereof and security therefor have been, or will be, satisfied.
- (4) That the issuance of the proposed bonds will effectuate the purposes and policies of this Chapter.

After considering an application, the Local Government Commission shall enter its order either approving or denying the application. An order approving an issue shall not be regarded as an approval of the legality of the bonds in any respect.

If the Commission enters an order denying the application, the proceedings under this section shall be at an end.

At any time after the Commission approves an application for the issuance of bonds, the governing board of the issuer may adopt a bond resolution or enter into a trust agreement in accordance with the provisions of this Chapter, and may thereafter at one time, or from time to time, issue the bonds as provided herein.

Upon the filing with the Local Government Commission of a resolution of the issuer requesting that its bonds be sold, such bonds may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interest of the issuer and effectuate best the purposes of this Chapter, provided that such sale shall be approved by the issuer.

Except as herein expressly provided, bonds may be issued and sold under the provisions of this Chapter without obtaining the approval or consent of any other department, division, commission, board, bureau or agency of the State, and without any other proceeding or the happening of any other condition or thing than those proceedings, conditions or things which are specifically required by this Chapter."

It shall also be the purpose of a joint municipal assistance agency to provide aid and assistance to any joint agency in the exercise of its respective powers and functions. The term 'provide aid and assistance' shall be liberally construed."

Sec. 22. G.S. 159B-43 reads as rewritten:

**"§ 159B-43. Joint municipal assistance agencies authorized.**

(a) Any two or more ~~municipalities~~ joint agencies, or any two or more municipalities, may organize a joint municipal assistance agency, which shall be a public body and body corporate and politic. Any joint agency or municipality is hereby authorized to become a member of any such joint municipal assistance agency upon a determination, by resolution or ordinance of its governing board, that economies, efficiencies and other benefits might be achieved from participation in such an agency.

The resolution or ordinance determining it desirable for a joint agency or municipality to become a member of a joint municipal assistance agency (which need not prescribe in detail the basis for the determination) shall set forth the names of the joint agencies or municipalities which are proposed to be initial members of the joint municipal assistance agency. The governing board of the joint agency or municipality shall thereupon by ordinance or resolution appoint one commissioner and up to two alternate commissioners of the joint municipal assistance agency who may, at the discretion of the governing board, be an officer or employee of the joint agency or municipality. If two alternate commissioners are appointed, the governing board shall designate them as first or second alternate commissioner.

Any two or more commissioners so named may file with the Secretary of State an application signed by them setting forth (i) the names of all the proposed member joint agencies or municipalities; (ii) the name and official residence of each of the commissioners so far as known to them; (iii) a certified copy of the appointment evidencing their right to office; (iv) a statement that each governing board of each respective joint agency or municipality appointing a commissioner has made the aforesaid determination; (v) the desire that a joint municipal assistance agency be organized as a public body and a body corporate and politic under this Chapter; and (vi) the name which is proposed for the joint municipal assistance agency.

The application shall be subscribed and sworn to by such commissioners before an officer or officers authorized by the laws of the State to administer and certify oaths.

The Secretary of State shall examine the application and, if he finds that the name proposed for the joint municipal assistance agency is not identical with that of any other corporation of this State or of any agency or instrumentality thereof, or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded as herein provided, the joint municipal assistance agency shall constitute a public body and a body corporate and politic under the name proposed in the application. The Secretary of State shall make and issue to the commissioners executing the application a certificate of incorporation pursuant to this Chapter under the seal of the State, and shall record the same with the application. The certificate shall set forth the names of the member municipalities.

In any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract of the joint municipal assistance agency, the joint municipal assistance agency, in the absence of establishing fraud in the premises, shall be conclusively deemed to have been established in accordance with the provisions of this Chapter upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate or of any new or supplemental certificate hereinafter provided for, duly certified by the Secretary of State, shall be admissible in evidence in any suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof.

Notice of the issuance of such certificate shall be given to all of the proposed member joint agencies or municipalities by the Secretary of State. If a commissioner of any such joint agency or municipality has not signed the application to the Secretary of State and such joint agency or municipality does not notify the Secretary of State of the appointment of a commissioner within 60 days after receipt of such notice, such joint agency or municipality shall be deemed to have elected not to be a member of the joint municipal assistance agency. As soon as practicable after the expiration of such 60-day period, the Secretary of State shall issue a new certificate of incorporation, if necessary, setting forth the names of those joint agencies or municipalities which have elected to become members of the joint municipal assistance agency. The failure of any proposed member to become a member shall not affect the validity of the corporate existence of the joint municipal assistance agency.

(b) After the creation of a joint municipal assistance agency, any other joint agency (if organized by joint agencies) or municipality (if organized by municipalities) may become a member thereof upon application to such joint municipal assistance agency after the adoption of a resolution or ordinance by the governing board of the joint agency or municipality setting forth the determination and finding prescribed above for the original members and authorizing said municipality to become a member and appointing ~~a~~one commissioner, and with the consent of a majority of the board of commissioners of the joint municipal assistance agency. Any joint agency or municipality may withdraw from a joint municipal assistance agency, provided, however, that all obligations incurred by a joint agency or municipality while it was a member shall remain in full force and effect. Notice that a joint agency or municipality has been added to or withdrawn from membership in the joint municipal assistance agency shall be filed with the Secretary of State, and the Secretary of State shall thereupon issue a new or supplemental certificate of incorporation setting forth the names of all members of the joint municipal assistance agency. Additions of new members or withdrawal of members shall not affect the validity of the corporate existence of the joint municipal assistance agency.

(c) The joint municipal assistance agency ~~shall~~may be governed by a board of commissioners appointed as provided in ~~subsection (a) above by the respective governing boards of the municipalities which are members of the joint municipal assistance agency.~~ subsections (a) and (b) of this section. by which he was appointed. Each appointed commissioner before entering upon his duties shall take and subscribe to an oath before some person authorized by law to administer oaths to execute the duties of his office faithfully and impartially, and a record of each such oath shall be filed with the governing board of the appointing joint agency or municipality and spread upon its minutes. The governing board of each of the joint agencies or municipalities may appoint up to two alternate commissioners to act in lieu of its appointed commissioner when the appointed commissioner is unable for any reason to attend meetings of the board of commissioners or any committee thereof, and the governing board shall designate them as first or second alternate commissioner. Each alternate commissioner shall serve at the pleasure of the governing board by which he is appointed and shall take, subscribe to and file an oath in the same manner as prescribed for regularly appointed commissioners. Such alternate commissioner when acting in lieu of the regularly appointed commissioner shall be deemed to be the commissioner representing such joint agency or municipality, and shall have the rights, powers and authority of the regularly appointed commissioner, other than such commissioner's position as an officer, director or member of the executive committee. A certificate entered into the minutes of the board of commissioners of a joint agency by the clerk or other custodian of the minutes and records of the governing body of a municipality, appointing commissioners and alternate commissioners and reciting their appointments, shall constitute conclusive evidence of their appointment. All powers, functions, rights and privileges of the joint municipal assistance agency shall be exercised or delegated by the board of commissioners.

(d) The board of commissioners of the joint municipal assistance agency shall annually elect one of the commissioners as president, another as vice president, and another person or persons, who may but need not be commissioners, as treasurer, secretary, and, if desired, assistant secretary or secretaries and assistant treasurer. The office of treasurer or assistant treasurer may be held by the secretary or any assistant secretary. The board of commissioners may also appoint and prescribe the duties of such additional officers as it deems necessary. The secretary or any assistant secretary of the joint municipal assistance agency shall keep a record of the proceedings of the joint municipal assistance agency, and the secretary shall be the custodian of all records, books, documents and papers filed with the joint municipal assistance agency, the minute book or journal of the joint municipal assistance agency and its official seal. Either the secretary or any assistant secretary of the joint municipal assistance agency may cause copies to be made of all minutes and other records and documents of the joint municipal assistance agency and may give certificates under the official seal of the joint municipal assistance agency to the effect that such copies are true copies, and all persons dealing with the joint municipal assistance agency may rely upon such certificates.

(e) Fifty-one percent (51%) of the commissioners of a joint municipal assistance agency then in office shall constitute a quorum, and the commissioners may by written consent executed before or after any meeting waive notice and all other formalities incident to the calling or conduct of the same. Meetings of the commissioners may be

held at any place within the State or any state contiguous to the State. A vacancy in the board of commissioners of the joint municipal assistance agency shall not impair the right of a quorum to exercise all the rights and perform all the duties of the joint municipal assistance agency. Any action taken by the joint municipal assistance agency under the provisions of this Chapter may be authorized by resolution at any regular or special meeting, and each such resolution ~~shall~~may take effect immediately and need not be published or posted. Except as specifically provided by the bylaws, a majority of the votes of the commissioners present shall be necessary and sufficient to take any action or to pass any resolution.

(f) The board of commissioners of the joint municipal assistance agency may, in its bylaws, provide for a board of directors of the joint municipal assistance agency to be selected from the commissioners and alternate commissioners. The board of directors shall have and exercise such of the powers and authority of the board of commissioners during the intervals between the board of commissioners' meetings as shall be prescribed in the bylaws, rules, motions and resolutions of the board of commissioners. The terms of office of the members of the board of directors and the method of filling vacancies therein shall be fixed by the bylaws of the board of commissioners of the joint municipal assistance agency. The bylaws of the joint municipal assistance agency shall provide that the officers of the board of commissioners elected pursuant to subsection (d) of this section must also serve on the board of directors and hold the same offices thereon.

(g) The board of commissioners may also provide, in its bylaws or otherwise, that the board of directors shall create an executive committee of the board of directors composed of the officers of the board of directors, together with such other members of the board of directors as may be prescribed and that such executive committee shall have and shall exercise such of the powers and authority of the board of directors during the intervals between that board's meetings as shall be prescribed in the bylaws of the joint municipal assistance agency or in the rules or resolutions of the board of directors.

(h) The board of commissioners, board of directors and executive committee may provide or adopt methods and procedures consistent with other applicable laws for the calling or conducting of meetings or the taking of any action.

(i) No commissioner or director of a joint municipal assistance agency shall receive any compensation for the performance of his or her duties hereunder, provided, however, that each commissioner and director may be paid his or her necessary expenses incurred while engaged in the performance of such duties."
