Provided, the interest rate for all revolving loans authorized by this Chapter shall be fixed at the same percent per annum as the interest rate fixed under the Federal Water Pollution Control Act for loans from the Water Pollution Control Revolving Fund established by G.S. 159G-5(c), not to exceed the lesser of four percent (4%) or one half (1/2) the prevailing national market rate for tax exempt general obligation debt of similar maturities derived from a published indicator.
