The fee for performing an inspection of a vehicle applies when an inspection is performed, regardless of whether the vehicle passes the inspection. The fee for an inspection sticker applies when an inspection sticker is put on a vehicle. The fee for performing an inspection of a vehicle with a tinted window applies only to an inspection performed with a light meter after a safety inspection mechanic determined that the window had after-factory tint.

A vehicle that is inspected at an inspection station and fails the inspection is entitled to be reinspected at the same station at any time within 30 days of the failed inspection without paying another inspection fee.

The fee for after-factory tinting inspection shall be waived by five dollars (\$5.00) for any vehicle owner with a documented medical condition that requires after-factory tinted windows."
