11 The General Assembly of North Carolina enacts:

12 **SECTION 1.** G.S. 160A-426 reads as rewritten:

13 **"§ 160A-426. Unsafe buildings condemned.**

14 (a) Residential Building and Nonresidential Building or Structure. – Every
15 building that shall appear to the inspector to be especially dangerous to life because of
16 its liability to fire or because of bad condition of walls, overloaded floors, defective
17 construction, decay, unsafe wiring or heating system, inadequate means of egress, or
18 other causes, shall be held to be unsafe, and the inspector shall affix a notice of the
19 dangerous character of the structure to a conspicuous place on the exterior wall of the
20 building.

21 (b) Residential Building and Nonresidential Building or Structure. – In addition
22 to the authority granted in subsection (a) of this section, an inspector may declare a
23 residential building or nonresidential building or structure within a community
24 development target area to be unsafe if it meets both of the following conditions:

25 (1) It appears to the inspector to be vacant or abandoned.

26 (2) It appears to the inspector to be in such dilapidated condition as to
27 cause or contribute to blight, disease, vagrancy, fire or safety hazard,

1 to be a danger to children, or to tend to attract persons intent on
2 criminal activities or other activities that would constitute a public
3 nuisance.

4 (c) If an inspector declares a residential building or nonresidential building or
5 structure to be unsafe under subsection (b) of this section, the inspector must affix a
6 notice of the unsafe character of the structure to a conspicuous place on the exterior wall
7 of the building. For the purposes of this section, the term "community development
8 target area" means an area that has characteristics of a development zone under G.S.
9 105-129.3A, a "nonresidential redevelopment area" under G.S. 160A-503(10), or an
10 area with similar characteristics designated by the city council as being in special need
11 of revitalization for the benefit and welfare of its citizens."

12 **SECTION 2.** G.S. 160A-432(b) reads as rewritten:

13 "(b) In the case of a residential building or nonresidential building or structure
14 declared unsafe under G.S. 160A-426, a city may, in lieu of taking action under
15 subsection (a), cause the building or structure to be removed or demolished. The
16 amounts incurred by the city in connection with the removal or demolition shall be a
17 lien against the real property upon which the cost was incurred. The lien shall be filed,
18 have the same priority, and be collected in the same manner as liens for special
19 assessments provided in Article 10 of this Chapter. If the building or structure is
20 removed or demolished by the city, the city shall sell the usable materials of the
21 building and any personal property, fixtures, or appurtenances found in or attached to
22 the building. The city shall credit the proceeds of the sale against the cost of the removal
23 or demolition. Any balance remaining from the sale shall be deposited with the clerk of
24 superior court of the county where the property is located and shall be disbursed by the
25 court to the person found to be entitled thereto by final order or decree of the court."
