A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR FLEXIBILITY IN SCHOOL CONSTRUCTION AND  
REPAIR CONTRACTS FOR UNION COUNTY PUBLIC SCHOOLS.

The General Assembly of North Carolina enacts:

**SECTION 1.** Prequalified bidders; solicited bid list. – Notwithstanding G.S. 143-129, the Union County Public Schools Board of Education ("Board") may prequalify a limited number of contractors for a school facility construction, rebuilding, or renovation contract ("contract" and "project") and solicit bids from some or all of those prequalified contractors. The Board must attempt to prequalify and solicit sealed bids from at least five contractors and may not award a contract pursuant to this section unless it receives at least three bids from the group of prequalified contractors. The Board may prequalify only single prime contractors pursuant to this section.

The Board shall award the contract or contracts to the lowest responsible bidder or bidders, taking into consideration quality, performance, and the time specified in the bids for the performance of the project. Notwithstanding the first paragraph of this section, if the Board does not receive three or more proposals, it may again seek proposals for the project pursuant to this section and may award the contract to the lowest responsible bidder, even if only one proposal is received.

In prequalifying a contractor for purposes of this section, the Board may consider the contractor's relevant experience on the type of project to be bid, ability to meet the project schedule, financial strength, and the contractor's failure to perform satisfactorily on past projects or a current project. The Board's consideration of these factors shall be based upon objective information provided in the public record of the prequalification process. The Board must notify a disqualified bidder at least seven days prior to the opening of bids.

This section applies only to renovation, repair, and rebuilding projects.

1           **SECTION 2.** Construction management. – Notwithstanding G.S. 143-128,  
2 143-129, and 143-132, the Board may contract with a construction manager to manage  
3 and assume liability for the completion of a project. The construction manager shall be  
4 selected in the same manner that architects and engineers are selected pursuant to  
5 Article 3D of Chapter 143 of the General Statutes. If the Board receives bids under the  
6 separate-prime system and contracts with a construction manager who will be liable for  
7 the completion of the project, the Board may combine the lowest responsible bids in  
8 each subdivision of work into a single contract to be administered by the construction  
9 manager.

10           **SECTION 3.** Design-build. – Notwithstanding G.S. 143-128, 143-129, and  
11 143-132, the Board may use the design-build method of construction as follows:

12           (1) The Board must seek to prequalify and solicit at least five design-build  
13 teams to bid on the project and must receive sealed proposals from at  
14 least three of those teams. The request for proposals must contain a  
15 design criteria package that defines the project scope, including  
16 preliminary design and performance specifications, in a manner  
17 sufficient to allow the bidders to respond. This package should be  
18 developed by an architect.

19           (2) The Board shall interview at least three of the design-build teams that  
20 submit proposals. The Board shall award the contract to the best  
21 qualified team, taking into account the time of completion of the  
22 project and the cost of the project as the major factors.

23           **SECTION 4.** Other methods. – Nothing in this act limits the Board's use of  
24 any method of contracting already authorized by law under Articles 3D and 8 of  
25 Chapter 143 of the General Statutes.

26           **SECTION 5.** Project bundling. – The Board may award a single contract  
27 pursuant to this act covering multiple facilities and sites, except that all facilities for  
28 which such contract is awarded under this act for new construction must be in the same  
29 grade level (elementary school, middle school, or high school) unless the facilities are  
30 part of a single campus.

31           **SECTION 6.** This act applies to the Union County Public Schools Board of  
32 Education only.

33           **SECTION 7.** This act is effective when it becomes law and expires July 1,  
34 2011.
