<b>Legislative Changes</b>				
<b>( 9.0) Division of Medical Assistance</b>				
<b>73 Personal Service Contracts (1101)</b>	(\$850,895)	R	(\$850,895)	R
Reduces funding for personal service contracts. This leaves over \$3 million dollars in the Medicaid budget for this and similar spending.				
<b>74 NCTRACKS Certification</b>	(\$8,940,545)	R	(\$8,566,737)	R
Increases federal receipts for the Medicaid program for claims adjudication and other functions contracted through Computer Sciences Corporation (CSC) effective 7/1/15 due to federal certification of the system. The NCTRACKS system was certified in April 2015, allowing the Federal Medical Assistance Percentage to increase from 50% to 75% on a recurring basis. This item represents the impact of recovering the difference in Federal Medical Assistance Percentage (FMAP) paid from 7/1/13 for NCTRACKS prior to system certification by Centers for Medicare and Medicaid Services (CMS).				
<b>75 Mobile Dental Screenings and Assessments (1310)</b>	(\$511,800)	R	(\$511,800)	R
Eliminates gaps in services created by mobile dental screenings and assessments in both public schools and long term care settings where no referral for subsequent treatment by a qualified Medicaid provider follows service. This represents a .4% reduction in provider payments and will leave over \$350 million in budgeted payments for dental providers.				
<b>76 Pharmacy Dispensing Fees (1310)</b>	(\$4,052,375)	R	(\$9,005,279)	R
Implements average acquisition cost as a basis for Medicaid payment that will result in lower product cost for drugs for the Medicaid program. The Department will use a survey of pharmacies to determine the average cost of dispensing Medicaid prescriptions and increase the weighted average dispensing fee to no more than \$12.00 effective 1/1/16 to ensure pharmacies cover the cost of filling Medicaid prescriptions based on the survey. The Department will maintain a higher dispensing fee for generic and preferred drugs and for brand and non-preferred drugs. This represents a 1.4% reduction in provider payments and leaves over \$1.5 billion for payment of prescription drugs.				

	FY 15-16		FY 16-17	
<b>77 340B Pricing for Specialty Prescription Drugs (1102, 1310)</b>	(\$67,413)	R	(\$483,139)	R
Implements enhanced Medicaid payments to 340B specialty pharmacies to incentivize them to fill prescriptions using their lower cost 340B inventory. The lower cost for the product/drug will be passed on to Medicaid through the claims payment. This is a 0.09% reduction in provider payments and leaves over \$1.5 billion for payment of prescription drugs. The first year savings are reduced by the programming cost in NCTRACKS to implement this change.				
<b>78 340B Pharmacy Network Creation (1310)</b>	(\$255,900)	R	(\$341,200)	R
Creates a network of 340B specialty pharmacies and requires those pharmacies to invoice product cost (any medication with a cost of \$1,500 per month) at 340B pricing rather than the retail pharmacy rate. This represents a 0.06% reduction in payments to providers and leaves over \$1.5 billion for payment of prescription drugs.				
<b>79 Local Management Entity/Managed Care Organization 2% Risk Reserve (1310)</b>	(\$8,444,580)	R	(\$17,236,985)	R
Requires the LME/MCO's to transfer operating cash to the risk reserve to meet the 15% risk reserve requirement. This item discontinues funding for the 2% add on to Local Management Entity/Managed Care Organization (LME/MCO) capitation payments for all LME/MCO's meeting reserve requirement after the transfer. The change will be effective 1/1/16. This will leave over \$2.5 billion for payments to the LME/MCO's for behavioral health services and administration.				
<b>80 Hospital Inpatient Base Rates - GME (1310, 1320, 1337)</b>	(\$12,748,795)	R	(\$31,127,204)	R
Discontinues the Graduate Medical Education (GME) add-on to inpatient hospital base rates effective 10/15/15. The GME cost will continue to be included in all calculations under the Medicaid Reimbursement Initiative (MRI) and Hospital GAP equity and upper payment limit (UPL) supplemental plans for determining payments and related intergovernmental transfers and provider assessments. This will leave over \$850 million in Medicaid claims for inpatient hospital services and increases the budget for supplemental payment to over \$900 million for inpatient hospitals.				
<b>81 Community Care of North Carolina (CCNC) Contract (1311)</b>	(\$32,475,000)	R	(\$64,950,000)	R
Discontinues contracts and payments to North Carolina Community Care Networks (NCCCN) effective 1/1/16. Contract payments for care management and pregnancy home will be discontinued, along with pass-through payments to NCCCN for the Health Departments. Health Department pass through payments to NCCCN will be changed to direct payment to Health Departments for services. Per Member Per Month (PMPM) payments that will be discontinued include the Carolina Access payments to physician providers.				
<b>82 Health Department Care Coordination for Children Payments (1310)</b>	\$6,475,000	R	\$12,950,000	R
Reinstates the Health Department pass through payments included in the NCCCN contract care coordination for children services to a direct payment to Health Departments for services.
