ASSUMPTIONS AND METHODOLOGY: This bill codifies the legislative intent that fiscal analysts in the General Assembly’s Fiscal Research Division have access to the State’s retirement databases. A negligible fiscal impact to the State Treasurer’s Retirement System Division includes the re-establishment of accounts, usernames, and network maintenance. These tasks do not require the creation of new positions, as both of these can be accomplished with existing resources. Therefore, no substantive fiscal impact is associated with this legislation.
