Η

<b>H.B. 832</b>
Apr 10, 2013
HOUSE PRINCIPAL CLERK

D

## HOUSE DRH10268-MN-11B\* (03/13)

Short Tit	tle: E	xpand Pharmacists' Immunizing Authority.	(Public)		
Sponsors	s: R	epresentatives Avila, Lewis, Foushee, and Glazier (Primary Spon	sors).		
Referred	to:				
		A BILL TO BE ENTITLED			
AN AC	т то	PROTECT THE PUBLIC'S HEALTH BY INCREASING A	ACCESS TO		
		ATIONS AND VACCINES THROUGH THE EXPANDED			
		NG PHARMACISTS.			
		sembly of North Carolina enacts:			
		<b>TION 1.</b> G.S. 90-85.3 is amended by adding the following new	subsection to		
read:					
"(i1)	"Imn	nunizing pharmacist" means a licensed pharmacist who mee	ts all of the		
followin					
	(1)	Holds a current provider level cardiopulmonary resuscitation	n certification		
		issued by the American Heart Association or the American Re			
		equivalent certification.			
	<u>(2)</u>	Has successfully completed a certificate program in vaccine a	<u>administration</u>		
		accredited by the Centers for Disease Control and Pro-	evention, the		
		Accreditation Council for Pharmacy Education, or a similar he	alth authority		
		or professional body approved by the Board.			
	(3)	Maintains documentation of three hours of continuing education	on every two		
		years, designed to maintain competency in the disease state	s, drugs, and		
		vaccine administration.			
	<u>(4)</u>	Has successfully completed training approved by the Division	ion of Public		
		Health's Immunization Branch for participation in the Ne	orth Carolina		
		Immunization Registry.			
	<u>(5)</u>	Has notified the North Carolina Board of Pharmacy and the N	orth Carolina		
		Medical Board of immunizing pharmacist status.			
	<u>(6)</u>	Administers vaccines or immunizations in accordance with G.S	<u>. 90-18.15B.</u> "		
		TION 2. G.S. 90-85.3(r) reads as rewritten:			
· · ·	"(r) "Practice of pharmacy" means the responsibility for: interpreting and evaluating				
		luding prescription orders; compounding, dispensing and labelin			
drugs an	d devic	es; properly and safely storing drugs and devices; maintaining p	roper records;		
		pharmacy goods and services. A pharmacist may advise and ed			
	and health care providers concerning therapeutic values, content, uses and significant problems				
	of drugs and devices; assess, record and report adverse drug and device reactions; take and				
record patient histories relating to drug and device therapy; monitor, record and report drug					
therapy and device usage; perform drug utilization reviews; and participate in drug and drug source selection and device and device source selection as provided in G.S. 90-85.27 through					
	G.S. 90-85.31. A pharmacist who has received special training may be authorized and				
<del>U.S. 90-</del>	<del>03.31.</del>	A pharmacist who has received special training may be at	morized and		

## 1 permitted to administer drugs pursuant to a specific prescription order in accordance with rules 2 adopted by each of the Boards of Pharmacy, the Board of Nursing, and the North Carolina 3 Medical Board. The rules shall be designed to ensure the safety and health of the patients for 4 whom such drugs are administered. An approved clinical pharmacist practitioner may 5 collaborate with physicians in determining the appropriate health care for a patient, subject to 6 the provisions of G.S. 90-18.4. is as specified in G.S. 90-85.3A." **SECTION 3.** Article 4A of Chapter 90 of the General Statutes is amended by 7 8 adding a new section to read: 9 "§ 90-85.3A. Practice of pharmacy. 10 A pharmacist is responsible for interpreting and evaluating drug orders, including (a) 11 prescription orders; compounding, dispensing, and labeling prescription drugs and devices; properly and safely storing drugs and devices; maintaining proper records; and controlling 12 13 pharmacy goods and services. A pharmacist may advise and educate patients and health care providers concerning 14 (b) therapeutic values, content, uses, and significant problems of drugs and devices; assess, record, 15 16 and report adverse drug and device reactions; take and record patient histories relating to drug 17 and device therapy; monitor, record, and report drug therapy and device usage; perform drug 18 utilization reviews; and participate in drug and drug source selection and device and device source selection as provided in G.S. 90-85.27 through G.S. 90-85.31. 19 20 An immunizing pharmacist is authorized and permitted to administer drugs as (c) 21 provided in G.S. 90-85.15B. An approved clinical pharmacist practitioner may collaborate with physicians in 22 (d) 23 determining the appropriate health care for a patient, subject to the provisions of G.S. 90-18.4." 24 SECTION 4. Article 4A of Chapter 90 of the General Statutes is amended by 25 adding a new section to read: 26 "§ 90-85.15B. Immunizing pharmacists. Except as provided in subsection (b) of this section, an immunizing pharmacist shall 27 (a) only administer vaccines or immunizations recommended or required by the Centers for 28 29 Disease Control and Prevention to persons at least 18 years of age pursuant to a specific 30 prescription order. 31 An immunizing pharmacist may administer the following vaccinations or (b) 32 immunizations pursuant to a standing order or protocols developed with and overseen by a 33 physician licensed in and whose practice is physically located in North Carolina: 34 (1) Pneumococcal polysaccharide or pneumococcal conjugate vaccines. 35 Herpes zoster vaccine. (2)36 (3) Hepatitis B vaccine. 37 Meningococcal polysaccharide or meningococcal conjugate vaccines. (4) 38 Tetanus-diphtheria, tetanus and diphtheria toxoids and pertussis, tetanus and (5) 39 diphtheria toxoids and acellular pertussis, or tetanus toxoid vaccines. 40 Influenza vaccine pursuant to 21 NCAC 46 .2507 and 21 NCAC 32U .101, (6) which may be administered to patients aged 14 years and older. 41 42 An immunizing pharmacist who administers a vaccine or immunization to any (c) patient pursuant to this section shall do all of the following: 43 44 Maintain a record of any vaccine or immunization administered to the (1)45 patient in a patient profile. Notify within 72 hours after administration the patient's primary care (2)

**General Assembly of North Carolina** 

46(2)Notify within 72 hours after administration the patient's primary care4747provider, if the patient has identified a primary care provider, and either the48prescribing physician or the physician who issued the standing order or49protocol. If the patient does not have a primary care provider, the50immunizing pharmacist shall direct the patient to information describing the51benefits to a patient of having a primary care physician, prepared by any of
